No other Medicine has ever been introduced to the public that has met with such unparalelled success, as Dr. Soule's ORIENTAL BALM PILLS.— Having been but six years before the public, and the advertising small when compared with most other medicines, yet they have worked their way into every State in the Union and Canadas. They have absolutely become the standard Medicine of the day. They are purely regetable and so admirably compounded that when taken in large doses they speedily cure acute diseases, and when taken in small doses they speedily cure acute diseases, and when taken in small doses they speed they achieve the control of the I doses they operate like a charm, upon the most delicate, nervous female, and have raise numbers from their beds when all other remedie numbers from their beds when all other remedies had failed. Among bose we consider worthy of notice is the German Bitters, invented by Doctor Hoofland, and prepared by Dr. Jackson, in Philadelphia. One instance in particular, in which the superior virtues of this meancine have been tested, has tallen under our observation. During the last summer, a son of Mr. Abm. Crabill, of this county, was very seriously afflicted with Liver Complaint, and after trying in vain various remedies, he purchased a bottle of the Bitters, and after using it, was so much relieved of his distressing malady, than he procured another bottle, and is restored entirely to health.

From the Weldon Herald, published at Weldon, N. C., January 24, 1850, which said—
PATENT MEDICINES.

It is very seldom that we make any allusion to Patent Medicines, either approving or otherwise. Unfortunately for the country, and for honest and conscientious inventors and venders of these medicines, the land is becoming flooded with quack preparations, that are made alone for profit and are fit not even for the dogs. In this state of things it is hard to tell which are, and which are and

it not even for the dogs. In this state of things it is hard to tell which are, and which are not worth having. If a person gets an indifferent medicine the first time he purchases, he is very apt to condemn the whole of them and buy no more, and inventors must only blame those of their numbers [who ignorantly combine plain medicines together, for the purpose of making money.] for the ill suc-[who ignorantly combine plain medicines together for the purpose of making money.] for the ill success which attends he efforts of the deserving. We believe Dr. C. M. Jackson's Hoofland's German Bitters to be a most excellent medicine, and one that should be highly popular in these days of Temperance; for they are altogether Vegetable in their composition, without one drop of Alcoholic Spirits in them. This medicine is innocent, but strengthening in its effects, and richly deserving of an unbounded popularity, which, when it becomes known, it will, no doubt, fully enjoy.

Judge M. M. Noah said, in his Weekly Messenger, January 6, 1850

MORE EVIDENCE.

The Philadelphia Saturday Gazette, the best family newspaper published in the United States.

The editor says of BR. HOOFLAND'S GERMAN BITTERS: It is seldom that we recommend what are termed Patent Medicines to the confidence and patronage readers; and therefore, when we recommend Dr. Hoofland's German Buters, we wish it to be distinctly understood that we are not speaking of the nostrum's of the day, that are noised about for a brief period and then forgotten after it has done its guilty race of mischiel, but of a medicine long testabshed, universally prized, and which has met the approbation of the faculty Dr. Leidy's Sarsaparilla Blood Pills; beware of all such that are manufactured to be sold on the reputation of of Dr. Leidy's only genuice and first Sarsaparilla Blood Pills; beware of all such that are manufactured to be sold on the reputation of of Dr. Leidy's only genuice.
