DESTINY DESTINY

MIDSET ON PAPER.

A STROLOGY.—The celebrated Dr. C. W. RoBACK, Professor of Astrology, Astronomy,
Phrenology and Geomancy, combined with Conjuration, from Sweden office No 71 Locust Street.
§25,000 having been won by my numerous friends
on the late Presidential Election, should convince
those skeptical persons who talk of failure, that no
such word as fail is or has been known by the eminent and distinguished Astrologer, C. W. ROBACK,
who, during his experience of over a quarter of a
century, during which time he has given advice,
and employed the wonderful powers which he only
is the possessor of in this country, having been born
with this wonderful, most powerful science. Who
can doubt that we are not under the influence of
destiny, and governed by the reciprocal influence
of the celestial, terrestrial, and the astronomical
systems, whose mutual relation to each other once
disturb, and will it not destroy the unison of action?
Do you doubt predestination? then why not every
man gain the celebrity of General Taylor, Daniel
Webster, or a Henry Clay's and yet there are some
who are foolish enough to doubt that a man may be
born with the nower's centured the street were the street were the surface of the control of the selection of the control of the selection of the selecti who are foolish enough to doubt that a man may be born with the power to see into future events. Such should not condemn till they have called to see the seventh son of the seventh son, whose advantages from travelling have given him more experience than all the other astrologers, male or female, in the United Sates.

than all the other astrologers, male or female, in the United Sates.

How can it be possible that the destiny of man should be governed by the mere shuffling of a pack of cardar and yet there are thousands who allow themselves, with open mouths, to swallow the greasy words of some old woman, whose true skill consists in filling them with wonders that are more for the digestion of others, who credulous, yet more scientific. It is such that bring discredit on a profession that has been acknowledged to be a science of the highest order, from time immemorial; and it is the only profession that has holy authority to sustain it. The high respect which General Taylor and the following gentlemen had for Astrology, is shown by his letter for his nativity, of the 10th of February, 1846, to the subscriber, in which hepredicted all his victories, and named the places of the late war with Mexico; he also predicted that he would be elected President of the United States, and also foretold that he would not live but a short time after his election, which prediction has been filled to the very letter. illed to the very letter.

filled to the very letter.

In addition to his power to foresee future events, he has the power to give such information as will effectually redeem such as are given to the free use of the bottle. He is also capable of curing diseases heretofore considered incurable in this country by theretofore considered incurable in this country by the ordinary medicines, and wishes all to give him a call who have been given up by their physicians and wish to be cured. He will warrant a cure in all cases, and will make no charge, except for the conjurations he shall make use of in his office. He is often asked what a nativity is: he answers, according to Geomancy, one of the seven points in the science of Astrology, that it is a Horoscope of the future events of a persons's life, carefully calculated and transcribed on paper, containing an account of all the lucky and unlocky days in the months aud years of the person's life for whom it is cast; by which means thousands in this country and elsewhere have been prevented from misfortunes that had been hidden in the womb of futurity, by relerring to their Nativity before entering on any speculation of business or pleasure. It should be in the hands of every one as their Almanac of life. A Nativity of an individual can only forwarn the possessor of troubles that are in future for him; those who are involved in present difficulties of any kind must wait on the subscriber in person or by letter, who is prepared to exert his influence for their immediate benefit. He is ready to use his influence to foretell the result of lawsuits, and all undertakings in which there is a risk involved; he also makes use of his power for the restoration of stolen or lost property, which he has used for the advantage of thousands in this city and elsewhere.

DR. KEELER'S ECELEBRATED FAMILY MEDICINES.

Onward they move, Disease and Death retire,
And morm'ring Demons hate them—but admire.

Dr. KEELER'S SARSAPARILLA, for the removal and permanent cure of disease arising from impurities of the blood, and habit of body, viz: Chronic diseases of the Chest, Pleurisy, Catarrh, etc., Cutaneous Eruptions of the head, face and extremities, Ulcers, Chronic affections of the stomach, liver and skin, chronic rheumatism, white swellings, abuses, syphilitic disorders, constitutional debility, and for all mercurial and hereditary predispositions, &c.

Disease like death is the common destiny of mankind. Till the hour of sickness comes how few ever, think of a subject which interest all. Every atom of the material world is constantly undergoing a change—man continually—"the is every thing by time and nothing long." The phenomena of disease presents us with numerous lights and shades, alternating with the numerous agencies by which we are afflicted. Presuming that life is a unity whatever material agent possesses the power of arresting the motions of the body is capable, of deranging their action. What is disease in its simplest form but an interruption of the electrical motions of the body by agents not compatible with them. These motions may to a certain extent be either increased or decreased without positively injuring the vital actions of the body, we invariably discover them to be effects rather than cures of ill-health. Change the electrical motions which occasion them, and health consequently follows; for this purpose art furnishes no remedy equal to Dr. Keeler's Sarsaparilla. Its virtue has been tested in all chronic, glandular and constitutional diseases. Afflicted: "the wise in time, 'tis folly to defer"

Philadelphia, Nov. 22, 1848.

Dr. Keeler—Dear Sir: I take great pleasure in bearing testimony in behalf of your valuable medicine, Sarsaparilla. I have been using it for a pain in the side of long standing, which was occasioned by a severe attack of Pleurisy and fever several years since in the West. For several months past my health has been failing, and the pain in the side so severe at times as to disable me from attending to my business. I have used many remedies with scarce any benefit until I commenced using your Sarsaparilla, since which time my health has gradually improved, so much so that at the present time I enjoy much better health than for years past. I have used the medicine in my family, and consider I enjoy much better health than for years past. I enjoy much better health than for years past. SCROFULA CURED. Philadelphia, Nov. 14, 1848.

Dr. Keeler—Dear Sir: I feel it my duty to state to you the good effects your Sareaparilla has produced on a son of mine, who has been for several years afflicted with what physicians have termed Scrofina. He has been somewhat hard of hearing for several years. accompanied with a constant disyears amicred with what physicians have termed Scrofuia. He has been somewhat hard of hearing for several years, accompsnied with a constant discharge from the ears, and a dull heavy pain across the forehead; his general health quite feeble, appetite precarious, and bowels' irregular. The owner swellings of the neck and at the angle of the jaws, the complexion of an ashy paleness, and all the characteristics of wasting health. At your request, I commenced giving him your Sarsaparilla, and I am rejoiced to state that after using three bottles, there has been a remarkable change for the better. His appetite is now good, the pain across the forehead entirely gone, the swellings have disappeared, the color of the skin is now like one enjoying good health, indeed he now says he feels well, appetite good, sleeps well, and is really changed, which I attribute solely to your medicine. I feel fully satisfied from what I have witnessed in my own child, that it Is a medicine of unsurpassed power in disease of a Scrofula character.
