NOTICES FROM THE PRESS. From the New York Tribune.—KNAPP'S HEALTH RESTORATIVE BITTERS.—We are far from believing RESTORATIVE BITTERS.—We are far from believing in the propriety of endorsing medical preparations merely on the authority of their inventors; but when we have ourselves tested an article, or seen it tested, and know it to be excellent, we consider tonly common justice to say so. That justice we reely and cheerfully render to KNAFP's Health Restorative Bitters. They are decidedly the best tonic we have ever tried; and all who suffer from dyspepsia, nervous attacks, low spirits, feebleness or lassitude, are hereby advised to resort to them at once. Sands? Sabsaparilla.—It seems almost unnecessary to direct attention to an article so well known, and so deservedly popular, as this preparation, but patients often who wish to use the extract of Sarsaparilla are induced to try worthless compounds bearing the name, but containing little or none of the virtue of this valuable root; and we think we cannot confer a greater benefit on our readers than in directing their attention to the advertisement of the Messrs. Sands in another column. The bottle has recently been enlarged to

Va., January 10, 1850, said—

A GREAT MEDICINE.

We have uniformly retrained from recommending to the public any of the various Patent Medicines of the day, unless thoroughly convinced of their value. Among those we consider worthy of notice is the German Bitters, invehted by Doctor Hoofland, and prepared by Dr. Jackson, in Philadelphia. One instance in particular, in which the superior virtues of this medicine have been tested, has fallen under our observation. Dufing the last summer, a son of Mr. Abm. Crabill, of this county, was very seriously afflicted with Liver Complaint, and after trying in vain various remedies, he purchased a bottle of the Bitters, and after using it, was so much relieved of his distressing malady, that he procured another bottle, and is restored entirely to health.

READ FURTHER A FEW FACTS.

From the Weldon Herald, published at Weldon, N. C., January 24, 1850, which said—

PATENT MEDICINES.

It is very seldom that we make any allusion to Patent Medicines, where never proving a very service.

N. C., January 24, 1850, which said—
PATENT MEDICINES.

It is very seldom that we make any allusion to Patent Medicines, either approving or otherwise. Unfortunately for the country, and for honest and conscientious inventors and venders of these medicines, the land is becoming flooded with quack preparations, that are made alone for profit and are fit not even for the dogs. In this state of things it is hard to tell which are, and which are not worth having. If a person gets an indifferent medicine the first time he purchases; he is very apt to condemn the whole of them and buy no more, and inventors must only blame those of their number, [who ignorantly combine plain medicines together for the purpose of making money.] for the ill success which attends, he efforts of the deserving.

We believe Dr. C. M. Jackson's Hoofland's German Bitters to be a most excellent medicine, and one that should be highly popular in these days of Temperauce; for they are altogether Vegetable in their composition, without one drop of Alcohalic Spirits in them. This medicine is innocent, but strengthening in its leffects, and richly deserving of an unbounded to such the such and the such contents of the deserving of an unbounded such contents on the such contents of the cent, but strengthening in its effects, and richly deserving of an unbounded popularity, which, when it becomes known, it will, no doubt, fully

arising from an injudicious use of Mercury, Ascites or Dropsy, Exposure or Imprudence in Life. Also, Chronic Constitutional Disorders.

In this preparation are strongly connected all the Medicinal properties of Sarsaparalla. Combined with the most effectual aids, the most salutary productions, the most suppose of the vegetable kingdom; and it has been so fully tested, not only by patients themselves, but also by Physicians, that it has received their unqualified recommendations and the approbation of the public; and has established on its own merits a reputation for value and efficacy far superior to the various compounds bearing the name of Sarsaparilla. Diseases have been cured, such as are not furnished in the records of time past; and what it has already done for the thousands who have used it, it is capable of doing for the millions still suffering and struggling with diseases. It purifies, cleanses, and strengthens the fountain springs of life, and infuses new vigor throughout the whole animal fraine.

ANOTHER CURE OF SCROPULA.

The following striking and, as will be seen, permanent cure of an investment case of Sarsabarilla. the liver and the intestines. Nine Philadelphia papers express their conviction of its excellence, and severat of the editors speak of its effects from their own individual experience. Under these circumstances, we feel warranted, not only in calling the attention of our readers to the present proprietor's [Dr. C. M. Jackson's] preparation, but in recommending the article to the afflicted.

MORE EVIDENCE.

commends itself to all similarly afflicted:

Southfort, Cond., Jan. 1, 1848.

Messrs. Sands: Gentlemen—Sympathy for the afflicted induces me to inform you of the remarkable cure effected by your Sarsaparilla in the case of my wife. She was severely afflicted with the scrofula on different parts of the body; the glands of the neck were greatly enlarged and her limbs much swollen. After suffering over a year and finding no relief from the remedies used, the disease attacked one leg, and below the knee suppurated. Her physician advised it should be laid open, which was done, but without any permaner. on our readers; and therefore, when we recommend Dr. Hoofland's German Bitters, we wish it to be distinctly understood that we are not speaking of the nostrums of the day, that are noised about for a brief period and then forgotten after it has done its guilty race of mischief, but of a medicine long estabshed, universally prized, and which has met the approbation of the faculty itself.

Evidence upon evidence has been received (like the foregoing) from all sections of the Union the last three years, andthe strongest testimony in its avor, is, that there is more of it used in the practice of the regular Physicians of Philadelphia than all other nostrums combined, a fact that can easily be established, and fully proving that a scientific preparation wil meet with their quiet approval when presented ween in this form presented even in this form.

That this medicine will cure Liver Complaint and Dyspepsia, no one can doubt after using it as directed. It acts specifically upon the stomach and liver; it is preferable to caldmel in all billious discass—the effect is immediate. They can be administered to results or uters with section and

ninistered to FEMALE or INFANT with safety and BEWARE OF COUNTERFEITS. BEWARE OF COUNTERFEITS.
This medicine has attained that high character which is necessary for all medicines to attain to induce counterfeiters to put forth a spurious article at the risk of the lives of those who are innocently deceived.

Look well to the marks of the genuine.
