swellings, abuses; syphilitic disorders, constutional debility, and for all mercurial and hereditary
predispositions, &c.

Disease like death is the common destiny of mankind. Till the hour of sickness comes how few
ever think of a subject which interest all. Every
atom of the material world is constantly undergoing
a change—man continually—" he is every thing by
time and nothing long." The phenomena of discase presents us with numerous lights and shades,
alternating with the numerous agencies by which
we are afflicted. Presuming that life is a unity
whatever material agent possesses the power of atresting the motions of the body is capable of deranging their action. What is disease in its simplest form but an interruption of the electrical motions of the body by agents not compatible with
them. These motione may to a certain extent be
either increased or decreased without positively
injuring the vital actions of the whole—like the
wheels of a time piece, stop one and you influence
all—so with disease in all chronic maladies whether
affecting one or more organs of the body, we inaffecting one or more organs of the body, we in-variably discover them to be effects rather than variantly discover them to be entertisting acres of ill-health. Change the electrical motions which occasion them, and health consequently follows; for this pulpose art furnishes no remedy equal to Dr. Keeler's Sarsaparilla. Its virtue has peen tested in all chronic, glandular and constitu-ional diseases. Afflicted: "be wise in time, 'tis folly to defer" Philadelphia, Nov. 22, 1848 Philadelphia, Nov. 22, 1848.

Philadelphia, Nov. 22, 1848.

Dr. Kceler—Dear Sir: I take great pleasure in bearing testimony in behalf of your valuable medicine, Sareaparilla. I have been using it for a pain in the side of long standing, which was occasioned by a severe attack of Pleurisy and fever several years since in the West. For several months past my health has been failing, and the pain in the side so severe at times as to disable me from attending to my business. I have used many remedies with scarce any benefit until I commenced using your Sarsaparilla, since which time my health has gradually improved, so much so that at the present time Sarsaparilia, since which time my health has gam-ually improved, so much so that at the present time I enjoy much better health than for yoars past. I have used the medicine in my family, and consider it infinitely superior to any remedy within my know-ledge in chronic affections of the chest and organs ion. I am yours very respectfully HENRY THOMAS, 142 South Second st. SCROFULA CURED.

SCROFULA CURED.

Philadelphia, Nov. 14, 1848.

Dr. Keelen. Dear Sir: I feel it my duty to state to you the good effects your Sarsaparilla has produced on a son of mine, who has been for several years afflicted with what physicians have termed Scrofula. He has been somewhat hard of hearing for several years, accompanied with a constant discharge from the ears, and a dull heavy pain across the forehead; his general health quite feeble, appetite precarious, and bowels irregular. The owere swellings of the neck and at the angle of the jaws, the complexion of an ashy paleness, and all the characteristics of wasting health. At your request, I commenced giving him your Sarsaparilla, and I am rejoiced to state that after using three bottlea, there has been a remarkable change for the better. His appetite is now good, the pain across the forehead entirely gone, the swellings have disappeared, the color of the skin is now like one enjoying good health, indeed he now says he feels well, appetite good, sleeps well, and is really changed, which I attribute solely to your medicine. I feel fully satisfied from what I have witnessed in well, appetite good, sleeps well, and is really changed, which I attribute solely to your medicine.
