\$25,000 having been won by my numerous friends on the late Presidential Election; should conviace those skeptical persons who talk of fallure, that no such word as fail is or has been known by the eminent and distinguished Astrologer, C. W. ROBACK, who, during his experience of over a quarter of a century, during which time he has given advice, and employed the wonderful powers which he only is the possessor of in this country, having been born with this wonderful, most powerful science. Who can doubt that we are not under the influence of destiny, and governed by the reciprocal influence of the celestial, terrestrial, and the astronomical systems, whose mutual relation to each other once disturb, and will it not destroy the unison of action! Do you doubt predestination? then why not every man gain the celebrity of General Taylor, Daniel Webster, or a Henry Clayl and yet there are some who are foolish enough to doubt that a man may be born with the power to see into future svents. Such should not condemn till they have called to see the seventh son of the seventh son, whose advantages from travelling have given him more experience than all the other astrologers, male or female, in the United Sates.

TO other Medicine has ever been introduced to the public that has met with such unparalelled cess, as Dr. Soule's ORIENTAL BALM PILLS.— Having been but six years before the public, and the advertising small when compared with most other medicines, yet they have worked their way into every State in the Union and Canadas. They have absolutely become the standard Medicine of the day. They are purely vegetable and so admirably compounded that when taken in large does they speedily cure acute diseases, and when taken in small doses they operate like a charm, upon the most delicate, nervous female, and have raised numbers from their beds when all other remedies had failed. We here refer to but a few of the many miraculous cures effected by the use of said Fills.

SFINAL AFFECTION.—Anna Wood, of Rutland, Jefferson county, N. Y., was cured, after she had been confined to bed 5 years, with Spinal disease and Abscess of the Lungs. The bill of her regular Physician (Dr. Johnson, of Clay,) had amounted to \$600. See circular. 600. See circular.

COUGH AND CONSUMPTION CURED.—Wm. Bently, of Pickering, C: W., was cured of a severe cough after he had been confined to his bed for a long time, and was given up by the Physicians. He had used most of the cough medicines of the day, and was supposed by his friends and physicians to be in the last stage of Consumption.

Also, Chronic Constitutional Disorders. In this preparation are strongly connected all the Medicinal properties of Sarsaparalla, combined with the most effectual aids, the most salutary productions, the most potent simples of the vegetable kingdom; and it has been so fully tested, not only by patients themselves, but also by Physicians, that it has received their unqualified recommendations and the approbation of the public; and has established on its own merits a reputation for value and efficacy far superior to the various compounds bearing the name of Sarsaparilla. Diseases have been cured, such as are not furnished in the records of time past; and what it has already done for the thousands who have used it, it is capable of doing for the millions still suffering and struggling with diseases. It purifies, cleanses, and strengthens the fountain springs of life, and infuses new vigor throughout the whôle animal frame.

SOUTHFORT, Conn., Jan. 1, 1848.

Messrs. Sands: Gentlemen—Sympathy for the afflicted induces me to intorm you of the remarkable cure effected by your Sarsaparilla in the case of my wife. She was severely sfflicted with the scrofula on different parts of the body; the glands of the neck were greatly enlarged and her limbs much swollen. After suffering over a year and finding no relief from the remedies used, the disease attacked one leg, and below the knee suppurated. Her physician advised it should be laid open, which was done, but without any permanent benefit. In this situation we heard of, and where induced to use Sands? Sarsaparilla. The first bottle produced a decided and tavorable effect, relieving her more than any perscription she had ever taken, and before she had used six bottles, to the astonishment and delight of her friends, she found health quite restored. It is now over a year since the cure was effected, and her health remains good, showing the disease was thoroughly eradicated for the extent. Our neighbors are all knowfound health quite restored. "Gentlemen—I have cured a negro boy of mine with your Sarsaparilla, who was attacked with Scrofula, and of a scrofulous family."
Yours truly,
Fredericks Hall, Va., July 17, 1848.

SANDS' SARSAFARILLA.—It seems almost unne-cessary to direct attention to an article so well known, and so deservedly popular, as this prepa-ration, but patients often who wish to use the exration, but patents often who wish to use the extract of Sarsaparilla are induced to try worthless compounds bearing the name, but containing little or none of the virtue of this valuable root; and we think we cannot confer a greater benefit on our readers than in directing their attention to the advertisement of the Messrs. Sands in another colvertisement of the Messrs. Sands in another column. The bottle has recently been enlarged to hold a quart, and those who wish a really good article will find concentrated in this all the medicinal value of the root. The experience of thousands has proved its efficacy in curing the various diseases for which it is recommended; and at the present time more than any other, perhaps, is thi medicine useful, in preparing the system for a change of season.—Home Journal, Sept. 1848.
