[CASH SYSTEM.]

THE constant, unsolicited applications for Life Insurance, furnish the most abundant and gratifying proof, that the public mind is deeply impressed with the vast importance of this subject.—The great object however of Insurance should be SAFETY, otherwise the whole motive of Insurance may be disappointed. Too much care cannot be practised in the selection of an Office, with which to effect the contract. The choice should be regulated, not by present and constant large inducements as this is certainly incompatible with FUTURE BENEFIES. The premiums on life are calculated for the FUTURE; if present and perspective benefits, therefore, are given, the result ultimately must terminate in litigation, disappointment and ruin.—The objects simed at by this Company are stability and perpetuity. The rates of premium have been carefully prepared with reference to fluctuations. The Cash System of payments has also been adopted—unpaid premium notes constitute no part of the assets of this company—and every contingency, being fortified with an ample capital, SECURITY stamps the whole system; this feature, paramount to all ether considerations, commends this company to public favor.

ANOTHER CURE OF SCROFULA.

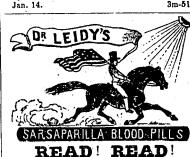

The following striking and, as will be seen, permanent cure of an inveterate case of Scrotula, commends itself to all similarly afflicted:

Southfort, Conn., Jan. 1, 1848. Messrs. SANDS: Gentlemen—Sympathy for the afflicted induces me to inform you of the remarkable cure effected by your Sarsaparilla in the case of my wife. She was severely afflicted with the scrotula on different parts of the body; the glands of the neck were greatly enlarged and her limbs much swollen. After suffering over a year and finding no relief from the remedies used, the disease attacked one leg, and below the knee suppurated. Her physician advised it should be laid open, which was done, but without any permanent benefit. In this situation we heard of, and where induced to use SANDS' Sarsaparilla. The first bottle produced a decided and tavorable effect, relieving her more than any perscription she had ever taken, and before she had used six bottles, to the astonishment and delight of her friends, she found health quite restored. It is now over a year since the cure was effected, and her health remains good, showing the disease was thoroughly eradicated. Messra. Sands: Gentlemen-Sympathy for the good, showing the disease, was thoroughly eradica-ted from the system. Our neighbors are all know-ing to these facts, and think very highly of Sands'

Sarsaparilla.
Yours with respect, JULIUS PIKE. Extract from a letter received from Mr. N. W. Harris, & gentleman well known in Louisa county, "Gentlemen—I have cured a negro boy of mine

with your Sareaparilla, who was attacked with Scrofula, and of a scrofulous family."
Yours truly, N. W. HARRIS.
Fredericks Hall, Va., July 17, 1848. SANDS' SARSAPARILLA .-- It seems almost unnecessary to direct attention to an article so well known, and so deservedly popular, as this preparation, but patients often who wish to use the extract of Sarsaparilla are induced to try worthless compounds bearing the name, but containing little or none of the virtue of this valuable root; and we think we appear confer a rester basely and we think we cannot confer a greater benefit on our readers than in directing their attention to the advertisement of the Messrs. Sands in another column. The bottle has recently been enlarged to hold a quart, and those who wish a really good article will find concentrated in this all the medicial which is the rest. The appreciance of thous. arners will find concentrated in this an the medi-cinal value of the root. The experience of thous-ands has proved its efficacy in curing the various diseases for which it is recommended; and at the present time more than any other, perhaps, is thi medicine useful, in preparing the system for a change of season.—Home Journal, Sept. 1848.
