To Carriage Manufacturers.

THE subscriber being desirous to close this branch of his business, offers for sale, at a VERY LOW PRICE, and on the most accommodating terms, his large and convenient

CARRIAGE MANUFACTORY,

in the town of Massillon, Ohio. The premises consist of a large, new

FINISHISHING SHOP & WARE ROOM, two stories high, and 34 feet by 82, a large Wood Shop, Blacksmith Shop and Lumber Shed.

The buildings are all new, and are located in the centre of the town, and are well adapted to the business for which they were erected.

Massillon is justly called the *Wheat city*, and does a larger business than any other town of equal population (3300) in Ohio.

To a mechanic desirous of establishing himself where he can do a first-rate business, and at a point where he can extend it, to as large an amount as he may wish, this is a desirable location.

The Ohio Canal passes through the town from North to South, and the Ohio and Pennsylvania Railroad from East to West; thus affording easy access to the place, and every convenience for the reception of materials and shipment of work.

For further particulars enquire by letter (post-paid) or personally, of M. D. WELLMAN.

Opposed to all Monopolies!

THE subscribers have placed on the State Road, an entire new line of passenger Cars, called

"OUR LINE."

These Cars have no superior in point of style, comfort and convenience. They have all the modern improvements, and are No. 1 in every sense of the word. This Line leaves

NO. 272, MARKET ST., PHILADELPHIA, every day at 11½ o'clock, A. M. (except the Sabbath) for Lancaster, Columbia, York and Harrisburg, and on its return leaves Herr's hotel, Columbia, at 12; Lancaster at 12½, and Downingtown at 2 o'clock, P. M., and arrives at Philadelphia at 4 o'clock, in time to take the eastern line at 5 o'clock for New York.

The cars are attached to the Way Train, and run in the rear, which gives them a decided preference over any other cars in case of a collision or a run off, which under the best of management will sometimes occur. Our passengers and cars must, from their position in the train, be comparatively free from danger.

The subscribers are aware of the monstrous monopoly against which they have to contend, but they are determined to encounter it, and relying upon the encouragement of all who are opposed to monopolies and in favor of low rates of fare, they will run this line at the following rates, viz:

THREE CENTS PER MILE,

no more nor no less, under any circumstances. These are the lowest rates at which passengers can be carried over the road under the present rates of toll charged by the State, which are two cents per mile on each passenger, and $4,92 on each car.

In order that our friends may not mistake "OUR LINE," we give the color of the cars, which is TRUE BLUE, and ask the patronage of a generous public to sustain us in our undertaking.
