To other Medicine has ever been introduced to the public that has met with such unparalelled success, as Dr. Soule's ORIENTAL BALM PILLS.—Having been but six years before the public, and the advertising small when compared with most other medicines, yet they have worked their way into every State in the Union and Canadas. They have absolutely become the standard Medicine of the day. They are purely vegetable and so admirably compounded that when taken in large deses they speedily cure acute diseases, and when taken in small doses they operate like a charm, upon the most delicate, nervous female, and have raised numbers from their beds when all other remedies had failed. We here refer to buta few of the many miraculous cures effected by the use of said Pills. SPINAL AFFECTION.—Anna Wood, of Rutland, Jefferson county, N. Y., was cured, after she had been confined to bed 5 years, with Spinal disease and Abscess of the Lungs. The bill of her regular Physician (Dr. Johnson, of Clay,) had amounted to \$600. A STROLOGY,—The celebrated Dr. C. W. Roz.

Pack, Professor of Astrology, Astronomy,
Phrenology and Geomanoy, combined with Conjuration, from Sweden office No 71 Locust Street. ration, from Sweden office No 71 Locust Street.

\$25,000 having been won by my numerous friends on the late Presidential Election; should convince those skeptical persons who talk of failure, that no such word as fail is or has been known by the eminent and distinguished Astrologer, C. W. ROBACK, who, during his experience of over a quarter of a century, during which time he has given advice, and employed the wonderful powers which he only is the possessor of in this country, having been born with this wonderful, most powerful science. Who can doubt that we are not under the influence of destiny, and governed by the reciprocal influence can doubt that we are destiny, and governed by the reciprocal influence of the celestial, terrestrial, and the astronomical systems, whose mutual relation to each other once disturb, and will it not destroy the unison of actions. disturb, and will it not destroy the unison of action?
Do you doubt predestination? then why not every
man gain the celebrity of General Taylor, Daniel
Webster, or a Henry Clay? and yet there are some
who are foolish enough to doubt that a man may be
born with the power to see into future events. Such
should not condemn till they have called to see the
seventh son of the seventh son, whose advantages
from travelling have given him more experience
than all the other astrologers, male or temale, in
the United Sates.

How can it be possible that the destiny of man

How can it be possible that the destiny of man How can it be possible that the destiny of man should be governed by the mere shuffling of a pack of cardst and yet there are thousands who allow themselves, with open mouths, to swallow the greasy words of some old woman, whose true skill consists in filling them with wonders that are more for the digestion of others, who credulous, yet more scientific. It is such that bring discredit on a profession that has been acknowledged to be a science of the highest order, from time immemorial; and it is the only profession that has holy authority to sustain it. The high respect which General Taylor and the following gentlemen had for Astrology, is and the following gentlemen had for Astrology, is shown by his letter for his nativity, of the 10th of February, 1846, to the subscriber, in which he pre-dicted all his victories, and named the places of the late war with Mexico; he also predicted that he would be elected President of the United States, and also foretold that he would not live but a short time after his election, which prediction has been filled to the very letter.

In addition to his power to foresee future events, he has the power to give such information as will effectually redeem such as are given to the free use of the bottle. He is also capable of curing diseases heretofore considered incurable in this country by the ordinary medicines, and wishes all to give him the ordinary medicines, and wishes all to give him a call who have been given up by their physicians and wish to be cured. He will warrant a cure in all cases, and will make no charge, except for the conjurations he shall make use of in his office. He is often asked what a nativity is: he answers, according to Geomancy, one of the seven points in the science of Autrology, that it is a Horoscope of the future events of a persons's life, carefully calculated and transcribed on paper, containing an account of all the lucky and unlucky days in the months and years of the person's life for whom it is cast; by which means thousands in this country and elsewhere have been prevented from misfortunes cast; by which means thousands in this country and elsewhere have been prevented from misfortunes that had been hidden in the womb of futurity, by referring to their Nativity before entering on any speculation of business or pleasure. It should be in the hands of every one as their Almanac of life. A Nativity of an individual can only forwarn the A Nativity of an individual can only low at the possessor of troubles that are in future for him; those who are involved in present difficulties of any kind must wait on the subscriber in person or by letter, who is pregared to exert his influence for their immediate benefit. He is ready to use his influence to forctell the result of lawsuits, and all undertakings in which there is a risk involved; he also makes use of his power for the restoration of stolen or lost property, which he has used for the advantage of thousands in this city and elsewhere.
