Died, on Thursday morning at his residence is this City, after a lingering complaint, Dr. George B. Kenroor, aged 43 years.

In the decease of Dr. K., his family have lost a devoted husband and father, and this community a skillful and accomplished physician. As an anatomist and physiologist he had no superior and but few equals anywhere and his loss in that particular department will be seriously felt by the profession generally. He was calm and resigned during the whole period of his long and painful illness, and died in the full hope of a blissful immortality.

His remains were attended to their final resting place, on Saturday afternoon by several of the Clergy, the Lancaster Medical Society, the Ma sonic Fraternity and Odd Fellows, in both of which orders he held high station, and by an immense concourse of citizens, who thus testified their high regard for the deceased by paying the last sad rites of fraternity and humanity to his remains. The funeral service was performed by Rev. Dr. Bowman, of the Protestant Episcopal Church, to which the deceased was attached Requiescat in pace.

### ROBINSON & ELDRED'S GRAND SOUTHERN CIRCUS

The Most Numerous and Talentel Troupe of Equestrians in the World!

WILL perform in Lancaster on WEDNESDAY, October 1st; 1851; afternoon and evening.

This company comprises Ninety of the most superb Horses in the country, and upwards of Fifty dersons, amongst whom are some of the first performers in the profession—both male and female.

Master James, better known in the circle as "Robinson's Boy," is acknowledged to be superior to the famous Hornandey, (also taught by Mr. John Robinson,) both in execution and style. The performances of this lad are truly wonderful; his feats are rapid and of the most novel and daring character. His horse runs with double the ordinary speed of ring-horses, and all his achievements are accomplished on the bare back of the animal during his most rapid flight.

THE CLOWN, SAM LONG, possesses the rare quality of being funny and amusing without being offensive to any. His Back Woods stories and Stump Orations are inimitably droll.

MADAME ROBINSON, in the act of Lady Equestrianism in the saddle; will illustrate, with fearless grace, the variousevolutions of that elegant and healthful exercise.

MLIE. HENRIETTA, the young and beautiful Creole Rider, from New Orleans, will give an elegant display of single horsemanship in a Parisian performance.

MR. J. R. ROBINSON, in his unapproachable four horse act.

The Troupe of Ponies, ten in number, in all their curious feats and exercises.

Mr. G. N. Elder, ten in income.

THE BAND of this troupe, led by Mr. Neave, is acknowledged to be the best in this country.

The MUSIC CHARIOT, drawn by 20 superb horses raised in the South, will enter the town in procession, driven by Mr. D. Benham. The Most Numerous and Talentel Troupe of Equestrians in the World!

The MUSIC COLLECTION OF Mr. D. Benham.

Great Cure for Dyspepsia! ANOTHER SCIENTIFIC WONDER! DR. J. S. HOUGHTON'S

PEPSIN! The True Digestive Fluid or Gastric Juice!

DREPARED from Rennet, or the fourth Stom-

REPARED from Rennet, or the fourth Stomach of the Ox, after directions of Baron Liebic, the great Physiological Chemist, by J. S. Houghton, M. D., Philadelphia, Pa.

This is a truly wonderful remedy for Indigestion, Dyspepsia, Jaundice, Liver Complaint, Constipation, and Debility, curing after Nature's own method, by Nature's own Agent, the Gastric Juice.

Half a teaspoonful of Pepsin, infused in water, will digest or dissolve, Five Pounds of Roast Beef in about two hours, out of the stomach.

Pepsin is the chief element, or Great Digesting Principle of the Gastric Juice—the solvent of the food, the purifying, preserving, and stimulating food, the purifying, preserving and stimulating agent of the stomach and intestines. It is extracted agent of the stomach and intestines. It is extracted from the digestive stomach of the Ox, thus forming an Artificial Digestive Fluid, precisely like the natural Gastric Juice in its chemical powers, and furnishing a complete and perfect substitute for it. By the aid of this preparation, the pains and evils of Indigestion and Dyspepsia are removed, just as they would be by a healthy stomach. It is doing the properties but in the pains and evils of Debility. wonders for dyspeptics, curing cases of Debility Emaciation, Nervous Decline, and Dyspeptic Consumption, supposed to be on the verge of the grave The scientific evidence upon which it is based, in

in the highest degree curious and remarkable.

\*\*ESCIENTIFIC EVIDENCE! Baron Liebig in his celebrated work on Animal Chemistry, says: "An artificial Digestive Fluid, analogous to the Gastric Juice, may be readily prepared from the nuccus membrane of the stomach of the calf, in which various articles of food, as meat and eggs, will be softened, changed, and directed, inst in the same manner as they would ligested, just in the same mannêr as they would be in the human stomach."

be in the human stomach."

Dr. Pereira, in his famous treatise on "Food and Diet," published by Fowler & Wells, New York, page 35, states the same great fact, and describes the method of preparation. There are few higher authorities than Dr. Pereira.

Dr. Combe, in his valuable writings on the "Physiology of Digestion," observes that "a diminution of the due quantity of the Gastric Juice is a prominent and all-prevailing cause of Dyspepsia," and he states that "a distinguished professor of medicine in London, who was severely afflicted with this complaint, finding everything else to fail, had recourse to the Gastric Juice, obtained from the stomach of living animals, which proved completely successfull."

Dr. Graham, author of the famous works on

the stomach of living animals, which proved completely successfull."

Dr. Graham, author of the famous works on "Vegetable Diet," says: "It is a remarkable fact in physiology, that the stomachs of animals, macerated in water, impart to the fluid the property of dissolving various articles of food, and of effecting a kind of 'artificial digestion of them in nowise different from the natural digestive process."

AS A DYSPEPSIA CURER,
Dr. HOUGHTON'S PEPSIN has produced the most marvellous effects, in curing cases of Debility, Emaciation, Nervons Decline, and Dyspeptic Consumption. It is impossible to give the details of cases in the limits of this advertisement; but authenticated certificates have been given of more than Two Hundred Remarkable Cures, in Philadelphia, New York and Boston alone. These were nearly all desperate cases, and the cures were not only rapid and wonderful, but permanent.

It is a great Nervous Antidote, and particularly

were nearly all desperate cases, and the cures were not only rapid and wonderful, but permanent. It is a great Nervous Antidote, and particularly useful for tendency to Billious disorder, Liver Complaint, Fever and Ague, or badly treated Fever and Ague, and the evil effects of Quinine, Mercury and other drugs upon the Digestive Organs, after a long sickness. Also, for excess in eating, and the too free use of ardent spirits. It almost reconciles health with intemprance.

OLD STOMACH COMPLAINTS.

There is no form of Old Stomach Complaints which it does not seem to reach and remove at once. No matter how bad they may be, it gives instant relief! A single dose removes all the unpleasant symptoms; and it only needs to be repeated short for a time to make these good effects permanent. Purity of Blood and Vigor of Body follow at once. It is particularly excellent in cases of Nausca, Vomiting, Cramps, Soreness of the pit of the Stomach, distress after eating, low, cold state of the Blood. Heaviness, Lowness of Spirits, Despondency. Emaciation, Weakness, tendency to Insanity, Suicide. &c.
