A STROLOGY.—The celebrated Dr. C. W. RoBACK, Professor of Astrology, Astronomy,

\$25,000 having been-won by my numerous friends
on the late Presidential Election, should convince
those skeptical persons who talk of failure, that no
such word as fall is or has been known by the eminent and distinguished Astrologer, C. W. ROBACK,
who, during his experience of over a quarter of a
century, during which time he has given advice,
and employed the wonderful powers which he only
is the possessor of in this country, having been born
with this wonderful, most powerful science. Who
can doubt that we are not under the influence of
destiny, and governed by the reciprocal influence
of the celestial, terrestrial, and the astronomical
systems, whose mutual relation to each other once
disturb, and will it not destroy the unison of action?
Do you doubt predestination? then why not every

Such should not condemn till they have called to see the seventh son of the seventh son, whose advantages from travelling have given him more experience than all the other astrologers, male or female, in

to their patrons and the citizens of Lancaster city and county in general, for the liberal patronage they have hitherto bestowed upon them, and hope to merit, by perseverence and diligence, a continuation of their custom.

YOUNG & O'ROURK, that all the Onter astrologies, male or feining, in the United Sates.

How can it be possible that the destiny of man should be governed by the mere shuffling of a pack of cards? and yet there are thousands who allow themselves, with open mouths, to swallow the greasy words of some old woman, whose true skill consists in filling them with wonders that are more for the digestion of others, who credulous, yet more scientific. It is such that bring discredit on a pro-Shop.

THE undersigned take this method of informing their friends and the public of Lancaster county, that they have just erected a new FOUNDRY AND MACHINE SHOP, fession that has been acknowledged to be a science of the highest order, from time immemorial; and it is the only profession that has holy authority to sustain it. The high respect which General Taylor and the following gentlemen had for Astrology is, shown by his letter for his nativity, of the 10th of Echward 1846. n the borough of Strasburg, where they are pre-pared to attend to all kind of work in their line, and February, 1846, to the subscriber, in which he predicted all his victories, and named the places of the late war with 'Mexico; he also predicted that he would be elected President of the United States, and also foretold that he would not live but a short time after his election, which prediction has been filled to the very letter.

In addition to his power to foresee future events, he has the power to give such information as will effectually redeem such as are given to the free use of the bottle. He is also capable of curing diseases filteretofore considered incurable in this country by the ordinary medicines, and wishes all to give him February, 1846, to the subscriber, in which he pre espectfully solicit the support of the public.

They take pleasure in calling attention to the manufacturing of STEAM ENGINES, SHAFTING, GEARINGS, Threshing Machines and Corn Shellers made and epaired. Machines for turning Broom and Fork Landles, &c. Slide and Hand Lathes for turning

He will warrant a cure in all cases, and will make no charge, except for the conjurations he shall make use of in his office. He at the shortest notice.

They have secured the services of skilful and experienced workmen, and feel warranted in saying, that all work which may be entrusted to their hands will be executed with neatness and despatch. conjurations he shall make use of in his office. He is often asked what a nativity is: he answers, according to Geomancy, one of the seven points in the science of Astrology, that it is a Horoscope of the future events of a persons's life, carefully calculated and transcribed on paper, containing an account of all the lucky and unlucky days in the months aud years of the person's life for whom it is cast; by which means thousands in this country and claswhere have been prevented from misfortunes that had been hidden in the womb of futurity, by referring to their Nativity before entering on any speculation of business or pleasure. It should be in the hands of every one as their Almanac of life. CURE OF HEAVES.

By SIR JAMES LYNDONTON, Principal Farrier to his Royal Highness Prince Albert.

THE great discovery contained in this little work procured Sir James his Baronetoy. It is really its weight in gold to all who own or use Horses. It prescribes a Certain and Positive Cure for the Heaves, which any person can prepare. The remedy is better and cheaper than any advertised Heave to toretell the result of lawsuits, and all undertak-ings in which there is a risk involved; he also makes Powder, and is perfectly safe, as any can know who tries it. Horse owners know that many a valuable horse losses half his price by this prevalent disease. The remedy prescribed in this work will cure him and increase his market value, besides relieving

use of his power for the restoration of stolen or lost property, which he has used for the advantage of thousands in this city and elsewhere.

The can be consulted with at his Office, or by letter, if prepaid, and he is prepared to make use of his power on any of the following topics; business of all descriptions, travelling by dand or sea; courtships; advice given for their successful accountships; advice given for their successful accountships; advice given for their successful accountships; this work: it is no catchpenny humbug. The articles prescribed by Sir James are all cheap and can be had at any store. To prevent imposition the work will be sent in scaled envelopes. He also has had the honor of receiving a certificate from the Hon. C. John Bernadotte, formerly King of Sweden, which it will give him great pleas-ure in showing to those who favor him with a call; he also offers his services, respecting Health, Wealth, and Marriage, Love Affairs, Journtys, Lawsuits, difficulty in Business, Fraud, Sickness and Death, Past, Present, and Future Events, and

I have published a brief work on Consumption

which contains an invaluable recipe for the cure of these prevalent diseases, even in their worst stages, when friends and physicians have given up all hopes. The hints on diet, dress, exercise, &c., are very valuable. The LUNG BALSAM prescribed in this work cures without the expensive aid of physicians or injurious use of patent medi-cines. In adopting this system of cure the patient knows what he is using—knows that he is not shortening his days by the use of anodynes or mercurials, which may seem to relieve but never cure. He which may seem to reneve but hever cure. He knows when using this Life-saving Balsam, that he is taking mild, pleasant, efficacious remedies, such as Nature prescribes for the ills her children suffer. The ingredients composing the Lung Balsam are obtainable, (cheaply too.) wherever consumption exists, proving that every ill has its antidote. Con semption patients may rely on this recipe—(all Lung complaints are removed by its use,—I would not attach my name to it, had I doubt of its efficacy. The directions for preparing and using the Balsam are perfectly plain. I prefer selling the Recipe to making the Balsam, as it enables people to make their own medicine at a trifling cost. I will impart the secret of making the Balsam, and the Family Right to use it, for \$1; but in no case will I sell it
