The Christiana Trassety. The exponention of the persons charges with being concerned in that serrible affair, commerced at 11 o'clock, on Tuesday, September 23, in our Court House, before Alderman REIGNET.

The testimony is voluminous and the further facts elicited were that Castner Hanway and Elijah Lewis, two white men, refused to assist Deputy Marshal Kline before the firing commenced on the morning of Thursday, September 11th. They re fused to give him their names, or tell him their places of residence denied his authority or any act of Congress although he read the warrants t them, and they also read them for themselves.-They declared that the negroes had a right to defend themselves, and when this occurred the marshal and his five friends were surrounded by 75 or 100 negroes, the most of whom were armed with guns, scythes and clubs. Dr. Thomas T. G. Pearce, of Maryland, corroborated the Marshal's testimony. Miller Knoff, a neighboring farmer, who came to the scene of action after the firing, also saw the armed gang of 75 or 100 negroes. George Washington Harvey Scott, a colored man, also testified to the facts that he saw Henry Sims shoot at Mr. Gorsuch, and that John Morgan afterwards cut him on the head with a corn cutter.

Lewis Cooper affirmed-He went to the ground about half past eleven o'clock; saw Joseph Scarlet witness lives about 11 miles from Parker's house Heard of the murder about 15 minutes before he got there; heard the shooting and hallooing before that. A colored man (by the name of John Long) was on his premises giving notice the day before this occurrence took place; in the afternoon. Long was with Lewis and Henry Reynolds; Cyrus Hartley and Danial Smith were there at work ploughing Long had for perhaps a year been working on a steam boat near New York; Long is a dark mulatto about 51 feet high, slender make, about 20 or 25 years of age; witness did not speak to Long; Long formerly worked for him. Witness was on coroner's jury that day. There were no witnesses examined before them that day. The inquest was selected by Joseph G. Pownall, Esq. Between 10 and 12 o'clock the body was taken to Christiana where the inquest was held. The post mortem examination was the ground of that verdict and to which witness subscribed. Joseph Pownell, Esq. wrote the verdict of inquest; he read it to the jury and they signed it. John Bodily, a witness for the defence, stated that

early on Thursday morning he saw Elijah Lewis, and as he passed where he (Bodily) was working, he (Lewis) said that he was going down to Parker's house, and that there were kidnappers about .-Lewis had a colored boy with him. This colored boy, (Jake Woods,) was afterwards sworn, and his evidence was that Mr. Lewis came to him where he was works tearly that morning, at Mr. James Cooper's; he was just putting a chain to the harrow; he (Lewis) said, "William Parker's house was surrounded by kidnappers, and it was no time to take up potaloes." He went along, and at Pownall's place he saw the miller (Mr. Hanway,) and the marshal talking together. He went on in the lane, and as he got opposite Parker's house saw a man come running out of the house, and they commenced shooting. There was a great deal of smoke. Mr. Lewis was the cause of his going there. This witness saw the slave Ellick Pinckney come out of the house, and gave the names of several other negroes he saw there.

These are the material facts of the case, which were not contradicted to any great extent by the testimony for the defence. The examination of witnesses having concluded

on Wednesday evening, the matter was continued until the next morning, (Thursday.) at 9 o'clock at which time Alderman Reigart gave his decision as follows:

"After a careful examination into the facts of this melancholy tragedy, which occurred on the morn-ing of September 11th, in the county of Lancaster, and from the solemn oaths and affirmations of good and respectable citizens-their testimony before us -we are satisfied that Edward Gorsuch, of Maryland, whilst in pursuit of his own property, in the township of Sadsbury, was cruelly murdered by an armed band of blacks, aided and abetted by whites. That others were severely wounded, and the office of the U. S. Government was resisted by force an arms, whilst in the performance of his duty under the authority of the acts of Congress, is also testified to. Without commenting upon that which will ever be lamented by the good citizens of this county, who are ever ready to respect and obey those laws made by the people themselves, we feel it to be our solemn duty to commit Castner Han-Elijah Lewis, John Morgan. Henry Sims, yacyb Moore, Lewis Clarkson, Charles Hunter, Lewis Gales, George Williams, Alson Pernsley, George Wells, Nelson Cartner and Jacob Woods, as charged with the crime of Treason against the United States and aid ingand abetting in the murde of Edward Gorsuch, a worthy citizen of the State of Maryland—and we have accordingly drawn up the following commitment: STATE OF PENNSYLVANIA.

THESE Pills are composed entirely of Vegeta-ble Substances, and in ninety-nine cases out of every hundred, will perform a perfect and permaevery hundred, will perform a perfect and permanent cure in three days. No instance has ever been known, where more than six days have been required to perform a complete cure, even in the very worst cases, and on the strongest constitutions. We would earnestly say to all who are afflicted with this distressing disease, to get one box and try them, and in all cases, two boxes are warranted to cure, if taken according to the directions, or the money returned. rections, of the money tentheter vectors, or the money tentheter that the very worst forms. Thousands of cases have been completely carred by it within the last year, which have been entirely despaired of by the regular family physicians. We do not recommend it of cure everything—we recommend it to cure Dyspepsia, and the diseases originating from it, and that it will cure in almost every case, and it is recommended for nothing else. In many instances, even the worst of cases have been completely cured in two and three months, but it depends somewhat upon the constitution of the patient. We would say to all who are afflicted with Dyspepsia, give this medicine a fair trial, and if it fails to do good, your money will be returned. ALSO, MY VEGETABLE WORM POWDERS.

This is the most wonderful Worm Destroyer ever known, and at the same time, so pleasant to take, that almost every child will be fond of it, and many instances have been known of children crying for more after once taking it.

This medicine is in the form of a powder, the only medicine ever used in that form, and it opertuse upon a principle entirely different from any other medicine ever administered by any other physician. It is the only medicine which has no Worm-seed Oil or Turpentine combined with it, which is believed by all other physicians, to be the only two things which will destroy worms, and these two things combined, together with castor oil, are the active principles of all other warm medicines, which every person who has ever tasted or smelled, knows to be the most nauseous of all nauseous medicines, and on account of which, there is generally something added to destroy this nauseous taste, and in order to do this, it is something stronger than the medicine itself, and therefore it must necessarily destroy some of its medicinal properties. These powders are simple and so harmless, that a child may cat a whole box at once, and it will not be hurt, while at the same time the principle upon which it acts being different from anything else ever used, it will destroy all kinds of Worms with a certainty never equalled. It will not only destroy the scat worms, or Ascarides, and long, round worms, or Teres, but is the most effectual medicine for the destruction of the Tape Worm. ever known. Ten doses have brought as many as FIVE Tape Worms from one person. It your children have any symptoms of worms, try these Powders, and in nine cases out of ten, you will never use any other. These are also warranted.

These medicines are all separate, and one for each disease, and each for only one disease. They are not recommended, as many other medicines are, to cura some fifteen or twenty diseases, and all of different natures, but they are each to cure but one disease, and that they will do in minety-nine cases out of every hundred, and where they have a fair trial and fail in all cases, the money will be returned.
