## Judge Long.

This gentleman took his seat on the Bench for the first time on Tuesday morning last, having received a commission from the Governor to fill the unexpired term of Judge Lewis. His regular term will commence on the first Monday of December, the period at which all the Judges elect will enter upon the discharge of their duties.

Judge Long, during the week he has now presi. ded over our Courts, has made a decidedly favorable friends Col. FRAZER and Judge CHAMPHETS, both impression. More recently a close union was formed between the Native Americans and Whigs, and Catholics were hunted and persecuted in every possible way, and an effort was made to prejudice the whole Protestant community against them ; and even at the last election Governor John ston and his organ, the American, made every effort to unite the whole Native vote upon the Whigh candidate, and take from Judge Campbell all the votes possible These worthies even united with

the disorganizing scoundrels, who pretended to be Democrats, in circulating forged Democratic tickets with Judge Coulter's name substituted for Judge Campbell's, and in this way he was defeated. It is scarcely necessary to attempt to relut

The alien and sedition laws were the work of the Federal leaders, and their repeal was the test question in the election of Thomas Jefferson ; and from that day to this the Whig party has been constantly endeavoring to place restrictions upon foreigners and their emigration to this country, and even at this moment a villain, who is an, attache to the American Legation in the Mediterranean is busily

Terrible Calamity in New York. Fifty Children killed at a public school houseenty or eighty more probably maimed for life-Frightful scenes.

NEW YORK, Nov. 20, P. M .- A most terrible accident occurred about 2 o'clock this atternoon.---

An alarm of fire was raised among the children in the new Public School House, in Greenwich Avenue, which alarmed the inmates to such an extent that a general rush was made from the build While a large number were pressing against the banisters of the second and third floors, the sam gave way, precipitating the children to the first floor below, a distance of some forty feet. Already twenty dead bodies have been removed from th place, and it is reported that at least forty boys have been killed.

The scene is truly heart-rending. Mothers ap-pear frantic, in search of their children, and the cries of the mangled and dying, have attracted thousands to the scene of the sad occurrence.

[SECOND DESPATCH] The melancholy occurrence of this afternoon, has cast a solemn gloom over our city. Many homes that but a few hours since were all sunshin now present a heart-rending spectacle. The details of this painful calamity, as far as we have been able to gather them, are as follows; About 2 o'clock, Miss Harrison, a teacher in the

Primary School, No. 26, was observed, probably from the closeness of the room, to faint, which startled a number of children by her side, while others raised the cry of fire. This caused the greatest alarm, when a general rush was made for the windows and stairs.
