\$25,000 having been won by my numerous friends
on the late Presidential Election, should convince
those skeptical persons who talk of failure, that no
such word as fail is or has been known by the emisuch word as fail is or has been known by the eminent and distinguished Astrologer, C. W. ROBACK, who, during his experience of over a quarter of a century, during which time he has given advice, and employed the wonderful powers which he only is the possessor of in this country, having been born with this wonderful, most powerful science. Who can doubt that we are not under the influence of destiny, and governed by the reciprocal influence of the celestial, terrestrial, and the astronomical systems, whose mutual relation to each other once systems, whose mutual relation to each other once disturb, and will it not destroy the unison of action? Do you doubt predestination? then why not every man gain the celebrity of General Taylor, Daniel Webster, or a Henry Clayl and yet there are some who are foolish enough to doubt that a man may be born with the power to see into future events. Such should not condemn till they have called to see the seventh son of the seventh son, whose advantages from travelling have given him more experience from travelling have given him more experience than all the other astrologers, male or temale, in the United Sates.

tne United Sates.

How can it be possible that the destiny of man should be governed by the mere shuffling of a pack of cardet and yet there are thousands who allow themselves, with open mouths, to swallow the greasy words of some old woman, whose true skill consists in filling them with wonders that are more for the digestion of others, who credulous, yet more scientific. It is such that bring discredit on a profession that has been acknowledged to be a science fession that has been acknowledged to be a science of the highest order, from time immemorial; and it is the only profession that has holy authority to sustain it. The high respect which General Taylor and the following gentlemen had for Astrology is, shown by his letter for his nativity, of the 10th of February, 1846, to the subscriber, in which he predicted all his victories, and named the places of the late war with Mexico: he also predicted that he late war with Mexico; he also predicted that he would be elected President of the United States, and also foretold that he would not live but a short time after his election, which prediction has been filled to the very letter.

In addition to his power to foresee future events, In addition to his power to foresee nature events, he has the power to give such information as will effectually redeem such as are given to the free use of the bottle. He is also capable of curing diseases herecofore considered incurable in this country by the ordinary medicines, and wishes all to give him a call who have been given up by their physicians and wish to be cured. He will warrant a cure in and wish to be cured. He will warrant a cure in all cases, and will make no charge, except for the conjurations he shall make use of in his office. He is often asked what a nativity is: he answers, according to Geomancy, one of the seven points in the science of Astrology, that it is a Horoscope of the future events of a persons's life, carefully calculated and transcribed on paper, containing an account of all the lucky and unlucky days in the months and years of the person's life for whom it is cast; by which means thousands in this country and elsewhere have been prevented from misfortunes cast; by which means thousands in this country and elsewhere have been prevented from misfortunes that had been hidden in the womb of futurity, by referring to their Nativity before entering on any speculation of business or pleasure. It should be in the hands of every one as their Almanac of life.

A Nativity of an individual can only forwarn the possessor of troubles that are in future for him; those who are involved in present difficulties of any kind must wait on the subscriber in person or by letter, who is prepared to exert his influence for their immediate benefit. He is ready to use his influence to forstell the result of lawsuits, and all undertak-

He also has had the honor of receiving a certificate from the Hon. C. John Bernadotte, formerly King of Sweden, which it will give him great pleasure in showing to those who favor him with a call; he also offers his services, respecting Health, Wealth, and Marriage, Love Affairs, Journtys, Lawsuits, difficulty in Business, Fraud, Sickness and Death, Past, Present, and Future Events, and all the coucerns of life, and invites all to call who are affilicted; corporally or mentally.
