Great Cure for Dyspepsia! ANOTHER SCIENTIFIC WONDER DR. J. S. HOUGHTON'S PEPSIN!

The True Digestive Fluid or Gastric Juice!

PERSIN is the chief element, or Great Digesting Principle of the Gastric Juice—the solvent of the food, the purifying, preserving and stimulating agent of the stomach and intestines. It is extracted from the digestive stomach of the Ox, thus forming an Arrificial Digestive Fluid, precisely like the natural Gastric Juice in its chemical powers, and all of different natures; but they are each to cure all of different natures; but they are each to cure but one disease, and that they will do in minety-nine cases out of every hundred, and where they nine cases out of every hundred, and where they By the aid of this preparation, the pains and evils by the aid of this preparation, the pains and evision and Dyspepsia are removed, just as they would be by a healthy stomach. It is doing wonders for dyspeptics, curing cases of Debility, Emadation, Nervous Decline, and Dyspeptic Consumption, supposed to be on the verge of the grave. The scientific evidence upon which it is based, is used to be a supposed to the property of the pr

in the highest degree curious and remarkable.

SCIENTIFIC EVIDENCE! Baron Liebig in his celebrated work on Animal Chemistry, says: "An artificial Digestive Fluid, analogous to the Gastric Juice, may be readily prepared from the nuccous membrane of the stomach of the calf, in which various articles of food, as meat and eggs, will be softened, changed, and directed in the same manager as they would

as meat and eggs, will be soltened, changed, and digested, just in the same manner as they would be in the human stomach."

Dr. Pereira, in his famous treatise on "Food and Diet," published by Fowler & Wells, New York, page 35, states the same great fact, and describes the method of preparation. There are few higher authorities than Dr. Pereira.

Dr. Combe, in his valuable writings on the "Physiology of Digestion," observes that "a diminution of the due quantity of the Gastric Juice is a prominent and all-prevailing cause of Dyspepsia;"

inution of the due quantity of the Gastric Juice is a prominent and all-prevailing cause of Dyspepsia; and he states that "a distinguished proteasor of medicine in London, who was severely afflicted with this complaint, finding everything else to fail, had recourse to the Gastric Juice, obtained from the stomach of living animals, which proved completely successfull."

11. Cream anihor of the farence makes

pletely successfull."
Dr. Graham, author of the famous works on "Vegetable Diet," says: "It is a remarkable fact in phesiology, that the stomachs of animals, macerated in water, impart to the fluid the property of dissolving various articles of food, and of effecting a kind of artificial digestion of them in nowise different from the natural digestive process."

THESE Pills are composed entirely of Vegetable Substances, and in timety-nine cases out of every hundred, will perform a perfect and permanent cure in three days. No instance has ever been known, where more than six days have been been known, where more than six days have been required to perform a complete cure, even in the very worst cases, and on the strongest constitutions. We would earnestly say to all who are afflicted with this distressit g discose, to get one box and try them, and in all cases, two boxes are warranted to cure, if taken according to the directions, or the money returned. ALSO, MY VEGETABLE ANTI-DYSPEPSIA BITTERS.

This medicine is a certain cure for Dyspepsia in its very worst forms. Thousands of cases have been completely cured by it within the last year, which have been entirely despuired of by the reg-ular family physicians. We do not recommend it our course overything—we recommend it to cure Dyspepsia, and the diseases originating from it, and that it will cure in almost every case, and it is recommended for nothing else. These powders are simple and so harmless, that a child may cat a whole box at once, and it will not be hurt, while at the same time the principle upon which it acts being different from anything else ever used, it will destroy all kinds of Worms with a certainty never equalled. It will not only destroy the scat worms, or Ascarides, and long, round worms, or Teres, but is the most effectual medicine for the destruction of the Tape Worm ever known. The hints on diet, dress, exercise, &c., &c., are very valuable. The LUNG BALSAM prescribed in this work curate without the expensive aid of physicians or injurious use of patent medicines. In adopting this system of cure the patient knows what he is using—knows that he is not shortening his days bythe use of anodynes or mercurials, cines. In adopting this system of cure the pattent knows what he is using—knows that he is not shortening his days by the use of anodynes or mercurials, which may seem to relieve but never cure. He knows when using this Life-saving Balsam, that he is taking mild, pleasant, efficacious remedies, such as Nature prescribes for the ills her children suffer. The ingredients composing the Lung Balsam are obtainable, (cheaply too.) wherever consumption exists, proving that every ill has its antidotd. Con semption patients may rely on this recipe—(all Lung complaints are removed by its use)—I would not attach my name to it, had I doubt of its efficacy. The directions for preparing and using the Balsam are perfectly plain. I prefer selling the Recipe to making the Balsam, as it enables people to make their own medicine at a trifling cost. I will impart the secret of making the Balsam, and the Family Right to use it, for \$1; but in no case will I sell it for speculative purposes.
