ALSO, MY VEGETABLE ANTI-DYSPEPSIA BITTERS.

This medicine is a certain cure for Dyspepsia in its very worst forms. Thousands of cases have been completely cured by it within the last year, which have been cettirely desputed of by the regular family physicians. We do not recommend it to cure everything—we recommend it to cure Dyspepsia, and the diseases originating from it, and that it will cure in almost every case, and it is recommended for nothing else. In many instances, even the worst of cases have been completely cured in two and three months, but it depends somewhat upon the constitution of the patients somewhat upon the constitution of the patient. We would say to all who are afficied with Dyspepsia, give this medicine a fair trial, and if it fails to do good, your money will be returned. ALSO, MY VEGETABLE WORM POWDERS.

It is the only medicine which has no Worm seed Oil or Turpenine combined with it, which is believed by all other physicians, to be the only two things which will destroy worms, and these two things combined, together with castor oil, are the active principles of all other worm medicines, which every person who has evertasted or smelled, knows to be the most nauseous of all nauseous medicines, and on account of which, there is generally something added to destroy this nauseous taste, and in order to do this, it is consecutively the stronger than the medicine itself, and therefore it must necessarily destroy some of its medicinal properties. These powders are simple and so harmless, that a child may eat a whole box at once, and it will not be hurt, while at the same other medicine ever administered by any other our children have any symptoms of worms, see Powders, and in nine cases out of ten, ill never use any other. A STROLOGY.—The celebrated Dr. C. W. Ro-Phrenology and Geomancy, combined with Conju-ration, from Sweden, office No. 6, White street,

\$25,000 having been won by my numerous friends on the late Presidential Election, should convince those skeptical persons who talk of failure, that no such word as fail is or has been known by the emisuch word as fail is or has been known by the emi-nent and distinguished Astrologer, C. W. ROBACK, who, during his experience of over a quarter of a century, during which time he has given advice, and employed the wonderful powers which he only is the possessor of in this country, having been born with this wonderful, most powerful science. Who can doubt that we are not under the influence of destiny, and governed by the reciprocal influence of the celestial, terrestrial, and the astronomical systems, whose mutual relation to each other once disturb, and will it not destroy the unison of action? disturb, and will it not destroy the unison of action? Do you doubt predestination? then why not every man gain the celebrity of General Taylor, Daniel Webster, or a Henry Clay? and yet there are some who are foolish enough to doubt that a man may be born with the power to see into future ovents. Such should not condemn till they have called to see the seventh son of the seventh son, whose advantages from travelling have given him more experience than all the other astrologers, male or female, in the United Sates. he Ilnited Sates.

How can it be possible that the destiny of man should be governed by the mere shuffling of a pack of cards? and yet there are thousands who allow of cards? and yet there are thousands who allow themselves, with open mouths, to swallow the greasy words of some old woman, whose true skill consists in filling them with wonders that are more for the digestion of others, who credulous, yet more scientific. It is such that bring discredit on a profession that has been acknowledged to be a science of the highest order, from time immemorial; and it is the only profession that has holy authority to sustain it. The high respect which General Taylor and the following gentlemen had for Astrology is, shown by his letter for his nativity, of the 10th of February, 1846, to the subscriber, in which he presnown by his letter for his naturity, or the 10th of February, 1846, to the subscriber, in which hepredicted all his victories, and named the places of the late war with Mexico; he also predicted that he would be elected President of the United States, and also foretold that he would not live but a short ime after his election, which prediction has been filled to the very letter.

the has the power to give such information as will effectually redeem such as are given to the free use of the bottle. He is also capable of curing diseases heretofore considered incurable in this country by the ordinary medicines, and wishes all to give him a call who have been given up by their physicians and wish to be cured. He will warrant a cure in all cases, and will make no charge, except for the conjurations he shall make use of in his office. He is often asked what a nativity is: he answers, according to Geomancy, one of the seven points in the science of Astrology, that it is a Horoscope of the future events of a persons's life, carefully calculated and transcribed on paper, containing an account of all the lucky and unlucky days in the months and years of the person's life for whom it is heretofore considered incurable in this country by account or all the lucky and unlucky days in the months and years of the person's life for whom it is cast; by which means thousands in this country and elsewhere have been prevented from misfortunes that had been hidden in the womb of futurity, by referring to their Nativity before entering on any speculation of business or pleasure. It should be in the hands of news cases. in the hands of every one as their Almanac of life.
