W. ROBACK, who, during his experience of over a quarter of a century, during which tune he has given advice, and employed the wonderful powers which he only is the possessor of in this country, having been born with this wonderful, most powerful science. Who can doubt that we are not under the influence of destiny, and governed by the reciprocal influence of the celestial, terrestrial, and the astronomical systems, whose mutual relation to each other once disturb, and will it not destroy the unison of actionf Do you doubt predestination? then why not every man gain the celebrity of General Taylor, Daniel Webster, or a Henry Clayt and yet there are some who are fuolish enough to doubt that a man may be born with the power to see into future events. Such a should not condemn till they have called to see the seventh son of the seventh son, whose advantages from travelling have given him more experience than all the other astrologers, male or female, in the United Sates. How can it be possible that the destiny of man should be governed by the mere shuffling of a pack of eards! and yet there are thousands who allow themselves, with open mouths, to swallow the greasy words of some old woman, whose true skill consists in filling them with wonders that are more for the digestion of others, who credulous, yet more scientific. It is such that bring discredit on a pro-fession that has been acknowledged to be ascience of the highest order, from time immemorial; and it is the only profession that has holy authority to sus-tain it. The high respect which General Taylor and the following gentlemen had for Astrology is, shown by his letter for his nativity, of the 10th of February, 1846, to the subscriber, in which ho pre-dicted all his victories, and named the places of the late war with Mexico; he also predicted States, and also foretold that he would not live but a short time affer his clearing which working hes hear

He will warrant a cure in all cases, and will make no charge, except for the conjurations he shall make use of in his office. He is often asked what a nativity is: he answers, ac-cording to Geomancy, one of the seven points in the science of Astrology, that it is a Horoscope of the future events of a person's life for whom it is cast; by which means thousands in this country and elsewhere have been prevented from misfortunes that had been hidden in the womb of futurity, by referring to their Nativity before entering on any speculation of business or pleasure. It should be in the hands of every one as their Almanae of life. A Nativity of an individual can only forwarn the possessor of troubles that rare in future for him; thoose who are involved in present difficulties of any kind must wait on the subscriber in person or by letter, who is put ared to evert his influence for heir im-mediate benefit. Cure of Consumption,

LIVER COMPLAINT, COLDS, COUGHS, ASTHMA, BRON CHITS, AND ALL THROAT AND LUNG COMPLAINTS.

- ]

I have published a brief work on Consumption, which contains an invaluable recipe for the curp of these provalent discases, even in their worst stages, when friends and physicians have given up all hopes. The hints on diet, dress, exercise, &c., &c., are very valuable. The LUNG BALSAM pre-scribed in this work curze without the expensive will achieve injurious use of metate medi

aid of physicians or injurious use of patent medi-cines. In adopting this system of cure the patient *knows what he is using*—knows that he is not short-ening his days by the use of anodynes or mercurials,

coing his days by the use of anodynes or mercurials, which may seem to relieve but never cure. He knows when using this Life-axing Balsam, that he is taking mild, pleasant, efficacious remedies, such as Nature prescribes for the ills her children suffer. The ingredients composing the Lung Balsam are obtainable, (cheaply too,) wherever consumption exists, proving that every ill has its antidote. Con semption patients may rely on this recipe—(all Lung complaints are removed by its use)—I would not attach my name to it, had I doubt of its efficacy. The directions for preparing and using the Balsam are perfectly plain. I prefer selling the Recipe to making the Balsam, as it enables people to make their own medicine at a trifling cost. I will impart the secret of making the Balsam, and the Family Right to use it, for \$1; but in no case will I sell it for speculative purposes.

DROF OF ITS GOODNESS. JACESON, Mich., March 21; 1851. DR. S. TOUESC-SI: You wished me to let you know what effect your preparation of Medicine for Consumption and other diseases had in my family. It is a medicine much needed in Jackson-there is many cases im-ilar to my wife's. The Rev. Mr. Blanchard will write you for a receipe. Respectfully yours, O. F. POOL.
