SAMUEL B. HAINES' NEW AND IMPROVED

Now being manufactured at the shop of the undersigned in East King Street, Lancaster This cheap and simply constructed Horse Power excels any others now in use—and more easily operated, and cannot be put out of gear.

It is a single conical Wheel Horse Power with four Levers, to be operated by four or eight horses. The bed frame is solid and firmly prevents the gearing from getting out of order, and no danger

breakage.
The master wheel is cone shaped, having the teeth or cogs on the underside, and the lever loops cast solid with the wheel. The levers are firmly set into boxes in the hub of the wheel, and secured by rods extending to each lever, and regulate the easy motion of the master wheel, so that the power of each horse is regularly divided, and the wheel is prevented from jarring by the sudden starting of the horse. The bed frame is composed of two suid plank forming right angles by being halved together at their contres. The bud plate is formed of a solid iron casting, having a cone shape pivot resting upon the centre of the bed frame and firmly latest theorets. holted through. The cone shaped pivot has a shoulder upon which the master wheel revolves. Journals or boxes are firmly serewed to the hed plate and secure the regular horizontal motion the main shaft.

Farmers are invited to call and examine the Machines, which are warranted to purchasers. The undersigned having spent much time and trouble in perfecting this valuable invention, and the machine having been fully tested, and application having been made in March last to secure Letters Patent for said Improved Horse Power: All persons are hereby duly notified and cautioned not to manufacture the same for sale or use, as they will assuredly be dealt with according to law. Cure of Consumption,

LIVER COMPLAINT, COLDS, COUGHS, ASTHMA, BRON CHITS, AND ALL THROAT AND LUNG COMPLAINTS. I have published a brief work on Consumption, which contains an invaluable recipe for the cure of these prevalent diseases, even in their worst stages, when friends and physicians have given up all holes. The hints on diet, dress, exercise, &c., &c., ard very valuable. The LUNG BALSAM prescribed in this work cures without the expensive aid of physicians or injurious use of patent medicines. In adopting this system of cure the patient: knows what he is using—knows that he is not shortening his days by the use of anodynes or mercurials, which may seem to relieve but never cure. He knows when using this Life-saving Balsam, that he is taking mild, pleasant, efficacious remedies, such as Nature prescribes for the ills her children suffer. The ingredients composing the Lung Balsam are stages, when friends and physicians have given up The ingredients composing the Lung Balsam are obtainable, (cheaply too.) wherever consumption obtainable, (cheaply too,) wherever consumption exists, proving that every ill has its antidote. Conscription patients may rely on this recipe—(all Lang complaints are removed by its use)—I would not attach my name to it, had I doubt of its efficacy. The directions for preparing and using the Balsam, are perfectly plain. I prefer selling the Recipe to making the Balsam, as it enables people to making the results at a trifling cost. I will invast their own medicine at a trifling cost. I will impart the secret of making the Balsam, and the Family Right to use it, for \$1; but in no case will I sell it for speculative purposes.
