TRIUMPHANT SUCCESS.

NUTTALL'S SYRIAC UM. The cure for Coughs, Colds, Sore Throat, Hoarseness, Ticking in the Throat, Spitting Blood, Difficult Breathing, Bronchitis, Incipient, Confirmed, and Tubercular Consumption. In three bottles. Each one particularly adapted to each one of three stages of Consumpton. To the afflicted the appearance in three bottles of Nuttall's Syriacum is a new era in Medicine, from its novelty and direct opposition to the old, absurd and inconsistent one bottle system; while its success, prepared in this manner, (each bottle containing a different preparation,) in curing the different stages which characterize Consumption, has established the welcome truth of the curability of every stage of pulmonary Consumption.

three stages of Consumption.

37 The suffering, disappointed, and discouraged invalid approves of it, because its principles hold out a reasonable hope, and when he uses Nuttall's Syriacum, his hopes are realized.

If he is in the first stage of Consumption and uses the first bottle, his expectoration, difficult and painful, becomes free and easy, his cough soon gets well, the soreness, tickling in his throat, inliammation, pain in his breast, side, head, back, joints, and limbs are removed.

If he is in the second stage and uses the second

If he is in the third stage, and uses the third bottle, his Diarrhœa gradually ceases, his weak bowels become strong, his cough and other bad symptoms disappear, (and if the patient is a female, her monthly periods return,) his feeble digestion becomes strong and vigorous, his stomach recovers its power and tone, and creates new, rich, and nourishing blood, his strength returns, his wasted body is clothed with flesh, his life is saved, and he is restored to health.

Each bottle of Nuttail's Syriacum has the symptoms of the stage for which it is intended printed in front of the wrapper, whereby every invalid knowing his own symptoms, can judge for himself which bottle he requires, consequently no mistake can occur in selecting the proper medicine.
