FEVER AND AGUE OMPLETELY CURED IN THREE DAYS BY DR. J. W. COOPER'S VEGETABLE COMPOUND FEVER AND AGUE PILLS. THESE Pills are composed entirely of Vegeta-ble Substances, and in minety-nine cases out of every hundred, will perform a perfect and perma-nent cure in three days. No instance has ever been known, where more than six days have been been known, where more than six days have been required to perform a complete cure, even in the very worst cases, and on the strongest constitutions. We would earnestly say to all who are afflicted with this discressing disease, to get one box and try them, and in all cases, two boxes are warranted to cure, if taken according to the directions, or the money returned. A LSO, MY VEGETABLE ANTI-DYSEPSIA BITTERS.

VEGETABLE ANTI-DYSPEPSIA BITTERS.

This medicine is a certain cure for Dyspepsia in its very worst forms. Thousands of cases have been completely cured by it within the last year, which have been entirely despaired of by the regular family physicians. We do not recommend it to cure leverything—we recommend it to cure Dyspepsia, and the diseases originating from it, and that it will cure in almost every case, and it is recommended for nothing-else. In many instances, even the worst of cases have been completely cured in two and three months, but it depends somewhat upon the constitution of the patient. We would say to all who are afflicted with Dyspepsia, give this medicine a fair trial, and if it fails to do good, your money will be returned. ALSO,

MY VEGETABLE WORM POWDERS.

This is the most wonderful Worm Destroyer ever known, and at the same time, so pleasant to take, that almost every child will be fond of it, and many instances have been known of children crying for more after once taking it.

This medicine is in the form of a powder, the only medicine ever used in that form, and it opertues upon a principle entirely different from any other medicine ever administered by any other physician. It is the only medicine which has not Worm-seed Oil or Turpentine combined with it, which is believed by all other physicians, to be the only two things which will destroy worms, and these two things combined, together with castorial, are the active principles of all other worm medicines, which every person who has ever tasted or smelled, knows to be the most nauseous of all nauseous medicines, and on account of which, there is executive smelling and the destrey this remediance. or smelled, knows to be the most nauseous of all nauseous medicines, and on account of which, there is generally something added to destroy this nauseous taste, and in order to do this, it is something stronger thatfolder medicine itself, and therefore it must necessarily destroy some of its medicinal properties. These powders are simple and so harmless, that a child may eat a whole box according and with the light while at the same at once, and it will not be hurt, while at the same time the principle upon which it acts being different from anything else ever used, it will destroy all kinds of Worms with a certainty never equalled. It will not only destroy the sent worms, or Ascarides, and long, round worms, or Teres, but is the most effectual medicine for the destruction of the Tape Worm. ever known. These medicines are all separate, and one for each disease, and each for only one disease. They are not recommended, as many other medicines are, to cure some fifteen or twenty diseases, and all of different natures, but they are each to cure but one disease, and that they will do in ninetynine cases out of every hundred, and where they have a fair trial and fail in all cases, the money will be returned. have a fair trial and latin and cases, the money with be returned, Also, my VEGETABLE ANTI-DYSPEPSIA Also, my VEGETABLE and Indigestion, Debility, Sickness or Burning in the Stomach, Pain in the Sickness or Burning in the Stomach, Pain in the Side and Stomach, Costiveness, Sensation of Weight in the Stomach after eating, Difficulty of Breathing, Restlessness, Want of Appetite, Palitation of the Heart, and all other Discases which arise from Indigestion.
