Burning of Barnum's Museum.

Wilder's Patent Safe again the Victor!

PHILADELPHIA, Jan. 1st, 1852.—The Salamander Safe which I purchased a few years since, and which was in use by Messrs. C. G. Henderson & Co., at the destruction of their store in the building known as "Barnum's Museum," on the 30th ult., has this morning been got at, and the interior wood-work, with some Stereotype plates which were in the safe during the fire (the books having been removed,) are found to be UNHARMED. I have this day purchased from Mr. John Farrel, another "Patent Salamander," and would confidently recommend these well known Safes to all who wish security against accidental fires.

GEO. S. APPLETON.

We fully concur in the above, and would also add that the large Wall-Fire-Proof, near which the above Safe stood, has also since been opened, and although the outside appearance is good, and the walls of the same still standing, the whole interior is *charred to a cinder*.

C. G. HENDERSON & Co.,
Late Seventh and Chesnut Streets.

The genuine "*HERRING'S* (Wilder's Patent,) *SALAMANDER SAFES,*" which received the *Prize Medal* at the great World's Fair, and are universally acknowledged to be the most perfect security against fire now known, can be obtained of the only authorized Agent in this State.

JOHN FARREL,
34 Walnut street, Philadelphia.

☞Safes of all other kinds, having been taken in part pay for "Herring's," will be sold at very low prices. [jan 27-1-3m

The German Washing Fluid,

IS considered by thousands who have tested it, as being the greatest SCIENTIFIC WONDER OF THE WORLD! entirely doing away with that laborious and injurious practice of rubbing the Clothes upon the wash board, and a great saving of Time, Labor and Expense.

N. B.—To prevent fraud and imposition, (for many are trying to palm off an article put up like mine,) the proprietor, I. P. HOYT, will put his WRITTEN SIGNATURE over the cork of every bottle. And he only asks an enlightened public not to confound the GERMAN WASHING FLUID with others that are in the market.

It is put up in large pint bottles, and sold at the nominal price of 12½ cents.

☞PRINTERS will find it greatly to their advantage to purchase this Fluid by the gallon, to cleanse their Type and Rollers, being a very superior article for that purpose. Manufactured only by

Important to Farmers & Threshing Machine Makers.

THE subscriber respectfully informs the public that he has lately completed a TRIPLE POWER INTERNAL GEARED HORSE POWER, which outrivals any other in use. It is made entirely of Iron, both Frame and Gearing. The Journals are Cast-Steel—its weight is 600 lbs. On trial it has proved itself capable of performing from 50 to 100 per cent. more work than other Powers with the same labor of the team. It is warranted to hold 8 horses.

I have also completed a combined THRESHER AND CLEANER, which is capable of Threshing and Cleaning from 300 to 500 bushels of wheat per day, with from 6 to 8 Horses, and an equal number of hands. 4 horses can thresh with it from 100 to 200 bushels per day of wheat, and 400 to 500 of oats. It is very convenient for those who follow Threshing, and for two or more farmers to own in company; it is more convenient to move than any machine in use. The Machine stands on the wagon while threshing—the Power is loaded on the same wagon in moving—two horses are sufficient to move it; it will save enough labor in threshing 2000 bushels to pay its extra cost. It will thresh in the field or by a stack as conveniently as in a barn. The cylinder and concave can readily be adjusted so as to thresh with equal facility both tough and dry grain. It is free from the complication and liability to get out of order of other machines of the kind, and of less cost—price $100,00.
