These Paints differ from all others in the market; they are not clays; they require little' Oil, flow easily, and cover with a heavier body than white lead. They neither crack nor peel, and dry readily, making an ENAMEL or STONE. COLORS.-We have seen different colors, viz: three Browns, two Chocolates, Black and Yellow, and by combination make every variety and shade of color.

of color. BODY.—These Paints are superior in body (or covering property) to any yet discovered, and pound for pound will cover double the surface of white lead, zinc, or other metalic Paints. IRON.—To Iron they furnish a perfect protection against rust, for they contain metal, which like lead acts destructively on the iron; in fact this

makes iron doubly valuable for building pur-

poses. BRICK WORK.—They give to house walls a much heavier coating than other paints, and if sending is required, nothing holds so firmly or fin-

sanding is required, nothing holds so hrmly of na-ishes so well with it. OLD ROOFS.—Give us a roof, ever so old and leaky, and Silver's Mineral Paints will make it cheaply new and more enduring than it ever was. SHIPS using this extraordinary Mineral as we prepare it for them, will be proof against the ac-tion of hot suns, worms and salt water. CAPITALISTS and BUILDERS are invited to make strict scrutiny into the merits of these Paints. They will find a yevy great reduction might be

make strict scrutiny into the merits of these Paints. They will find a very great reduction might be made in the cost of Painting. These Painta are purely mineral; all clays and other impurities are washed out in preparing them for the market.— They cost but half the price of white lead, and the same quantity will cover twice the surface, and last six times as long which in fact reduces the price to one-twellth. Climate has no effect on this Paint, and is equally valuable in the cold Canadas or our sunny Florida. DIRECTIONS.—Use Linseed Oil, mix as thick

as you can, and use as other paints. These paints need but little dryer, and for priming and second coating in all house work they will be found far cheaper and more durable than lead.

Another Scientific Wonder! GREAT CURE FOR

DYSPEPSIA

DR. J. S. HOUCHTON'S

The True Digestive Fluid or fastrie Juice! The True Digestive Fluid or fastrie Juice! Pach of the Ox, after directions of Banox Lissuo; the great Physiological Chemist, by J. S. Hough-ton, M. D., Philadelphia, Pa. This is a truly wonderful remedy for Indigestion, Dyspepsia, Jaundice, Liver Compleint, Constipa-tion, and Debility, curing after Nature's own method, by Nature's own Agent, the Gastric Juice. Haif a teaspooiful of Pepsin, infused in water, will digest or dissolve, Five Pounds of Roast Beet in about two hours, out of the stomach. Presars is the chief element, or Great Digesting Principle of the Gastric Juice—the solvent of the food, the purifying, preserving and stimulating agent of the stomach and intestines. It is oxfracted from the digestive stomach of the Ox, thus form-ing an Artificial Digestive Fluid, precisely like the natural Gastric Juice in its chemical powers, and fornishing a complete and perfect substitute for it. By the aid of this preparation, the pains and evits of Indigestion and Dyspepsis are removed, just as they would be by a healthy stomach. It is doing wonders for dyspeptics, curing cases of Debility, Emaciation, Nervous Decline, and Dyspeptie Con-sumption, supposed to be on the verge of the grave. The scientific evidence upon which it is based, is in the highest degree curious and remarkable.

in the highest degree curious and remarkable. SCIENTIFIC EVIDENCE !

Baron Liebig in his celebrated work on Anima Chemistry, eags: "An artificial Digestive Fluid, analogous to the Gastric Juice, may be readily prepared from the muccus membrane of the stom-ach of the calf, in which various articles of food,

ach of the call, in which various articles of lood, as meat and eggs, will be solicened, changed, and digested, just in the same manner as they would be in the human stomach." Dr. Pereira, in his famous treatise on "Food and Diet," published by Fowler & Wells, Now York, page 35, states the same great fact, and describes the method of preparation. There are few higher subcritice then Dr. Pereira.

Diei, published by Zower & Weiger Monis from the state of the series of the method of preparation. There are few higher authorities than Dr. Pereira. Dr. Combe, in his valuable writings on the "Physiology of Digestion," observes that "a dimination of the due quantity of the Gastric Juice is a prominent and all-prevailing cause of Dyspepsia," and he states that "a dismiguished professor of medicine in London, who was severely afflicted with this complaint, finding overything cles to fail, had recourse to the Gastric Juice, obtained from the stomach of living animals, which proved completely successfull." Dr. Graham, author of the famous works on "Vegetable Diet," says: "It is a remarkable fact in physiology, that the stomachs of animals, macorrated in water, impart to the fluid the property of discolving various articles of food, and of effecting a kind of artificial digestion of them in nowise different from the natural digestive process." Dr. HOUGHTON'S PEPSIN has produced the

different from the natural digestive process." AS A DYSPEPSIA CURER, Dr. HOUGHTON'S PEPSIN has produced the most marvellous effects, in curing cases of Debility, Emaciation, Nervons Decline, and Dyspeptic Consumption. It is impossible to give the details of cases in the limits of this advertisement; but authenticated certificates have been given of mors than Two Hundred Remarkable Cures, in Phila-delphia, New York and Boston alone. These were nearly all desperate cases, and the cures were not only rapid and wonderful, but permanent. It is a great Nervous Antidote, and particularly useful for tendency to Billious disorder, Liver Complaint, Fever and Ague, or badly treatud Fever and Ague, and the evil effects of Quinine, Mer-cury and other drugs upon the Digestive Organs, after a lorg sickness. Also, for excess in cating, and the too free use of andent spirits. It almost reconciles health with intemprance. OLD STOMACH COMPLAINTS. There is no form of Old Stomach Complaints which it does not seem to reach and remove at once. No matter how bad they may be, it gives inetant relief! Of this, additional proof will be found in the pamphlet, to which the attention of Ladies and Practioners is respectfully invited. This medicine has never been introduced by empty puffs and misrepresentations, nor is it in-tended that its present popularity shall be sustained by any medium but its merits and the approbation of the public. The Catholicon is not a "cure-all," but is intended expressly for those complaints inci-dental to the respectable female whether married or single—Prolapsus Uteri, or Falling of the Womb; Fluor Albus, or Whites; Chronic Inflammation and Ulceration, &c., with all their accompanying evils, (Cancer excepted,) no matter how severe, or af how long standing.

or Flooding; rainin, Scipiezzed and Integrate Menstruation, &c., with all their accompanying evils, (Cancer excepted,) no matter how severe, or of how long standing. Pamphlets can be had gratis at my store. JAMES SMITH, Agent, Druggist, East King street, Lancastor. REFERENCES: Prof. Dunbar, M. D., Bellumore, Md. John C. Orrick, M. D., Goneord, N. H.
