THE wonder of the age, nature's own produc-tions. These Paints differ from all others in Lions. These Paints differ from all others in the market; they are not clays; they require little Oil, flow easily, and cover with a heavier body than white lead. They neither crack nor peel, and dry readily, making an EMAMEL OF STONE. of color.

BODY.—These Paints are superior in body (or covering property) to any yet discovered, and pound for pound will cover double the surface of white lead, zinc, or other metalic Paints.

IRON.—To Iron they furnish a perfect protection against rust, for they contain metal, which like lead acts destructively on the iron; in fact this Paint makes iron doubly valuable for building purposes.

Paint makes iron doubly valuable for building purposes.

BRICK WORK.—They give to house walls a much heavier coating than other paints, and if sanding is required, nothing holds so firmly or finishes so well with it.

OLD ROOFS.—Give us a roof, ever so old and leaky, and Silver's Mineral Paints will make it cheaply new and more enduring than it ever was. SHIPS using this extraordinary Mineral as we prepare it for them, will be proof against the action of hot suns, worms and salt water.

CAPITALISTS and BUILDERS are invited to make strict scrutiny into the merits of these Paints or They will find a very great reduction might be made in the cost of Painting. These Paints are purely mineral; all clays and other impurities are washed out in preparing them for the market.—They cost but half the price of white lead, and the same quantity will cover twice the surface, and last six times as long which in fact reduces the price to one-twelfth. I have also completed a combined THRESHER AND CLEANER, which is capable of Threshing and Cleaning from 300 to 500 bushels of wheat per day, with from 6 to 8 Horses, and an equal number of hands. 4 horses can thresh with it from 100 to 200 bushels per day of wheat, and 400 to 500 of oats. It is very convenient for those who follow Threshing, and for two or more farmers to own in company; it is more convenient to move than any machine in use. The Machine stands on the wag-on while threshing—the Power is loaded on the same wagon in moving—two horses are sufficient to move it; it will save enough labor in threshing 2000 bushels to pay its extra cost. It will thresh to move it; it will save enough labor in threshing 2000 bushels to pay its extra cost. It will thresh in the field or by a stack as conveniently as in a barn. The cylinder and concave can readily be adjusted so as to thresh with equal facility both tough and dry grain. It is free from the complication and liability to get out of order of other machines of the kind, and of less cost—price \$100,00. \$75,00

GREAT SCIENTIFIC DISCOVERIES, BY DR. J. W. COOPER. FEVER AND AGUE OMPLETELY CURED IN THREE DAYS BY DR. J. W. COOPER'S VEGETABLE COMPOUND FEVER AND AGUE PILLS.

THESE Pills are composed entirely of Vegeta-ble Substances, and in ninety-nine cases out of every hundred, will perform a perfect and perma-nent cure in three days. No instance has ever been known, where more than six days have been been known, where more than six days have been required to perform a complete cure, even in the very worst cases, and on the strongest constitutions. We would earnestly say to all who are afflucted with this distressing disease, to get one box and try them, and in all cases, two boxes are warranted to cure, if taken according to the distributions, or the money returned. ALSO, MY VEGETABLE ANTI-DYSPEPSIA BITTERS.

VEGETABLE ANTI-DYSPEPSIA BITTERS. This medicine is a certain cure for Dyspepsia in its very worst forms. Thousands of cases have been completely cured by it within the last year, which have been entirely despaired of by the regular family physicians. We do not recommend it to cure everything—we recommend it to cure Dyspepsia, and the diseases originating from it, and that it will cure in almost every case, and it is recommended for nothing else. In many instances, even the worst of cases have been completely cured in two and three months, but it, depends somewhat upon the constitution of the patient We would say to all who are afflicted with Dyspepsia, give this medicine a fair trial, and if it fails to do good, your money will be returned. ALSO

MY VEGETABLE WORM POWDERS. This is the most wonderful Worm Destroyer ever known, and at the same time, so pleasant te take, that almost every child will be tond of it and many instances have been known of children

and many instances have been known of children crying for more after once taking it.

This medicine is in the form of a powder, the only medicine ever used in that form, and it operates upon a principle entirely different from any other medicine ever administered by any other physician. It is the only medicine which has no Worm seed Oil or Turpentine combined with it, which is believed by all other physicians, to be the only two things which will destroy worms, and these two things combined, together with castor oil, are the active principles of all other worm medicines, which overy person who has ever tasted or smelled, knows to be the most nauseous of all nauseous medicines, and on account of which, there is generally something added to destroy this nauseous faste, and in order to do this, it is someis generally something added to destroy this nau-seous taste, and in order to do this, it is some-thing stronger than the medicine itself, and therefore it must necessarily destroy some of its medicinal properties. These powders are simple and so harmless, that a child may cat a whole but at once, and it will not be hurt, while at the same time the principle upon which it acts being different from anything else ever used, it will destroy all kinds of Worms with a certainty never equalled. kinds of Worms with a certainty never equalled. It will not only destroy the scat worms, or Ascarides, and long, round worms, or Teres, but is the

most effectual medicine for the destruction of the Tape Worm, ever known. Ten doses have brought as many as FIVE Tape Worms from one person.

Il your children have any symptoms of worms, try these Powders, and in nine cases out of ten, you will never use any other These are also warranted.

These medicines are all separate, and one for each disease, and each for only one disease. They are not recommended, as many other medicines are, to cure some fifteen or twenty diseases, and all of different natures, but they are each to cure but one disease, and that they will do in ninety-nine cases out of every hundred, and where they have a fair trial and fail in all cases, the money will be returned.
