SILVER'S MINERAL PAINTS.

THE wonder of the age, nature's own productions. These Paints differ from all others in the market; they are not clays; they require little Oil, flow easily, and cover with a heavier body than white lead. They neither crack nor peel, and dry readily, making an ENAMEL or STONE.

COLORS.—We have seen different colors, viz: three Browns, two Chocolates, Black and Yellow, and by combination make every variety and shade of color. SILVER'S MINERAL PAINTS. BODY.—These Paints are superior in body (c

BODY.—These Paints are superfor in body of covering property) to any yet discovered, and pound for pound will cover double the surface of white lead, zine, or other metalic Paints.

IRON.—To Iron they furnish a perfect protection against rust, for they contain metal, which like lead acts destructively on the iron; in fact this Paint makes iron doubly valuable for building purposes.

Paint makes iron doubly valuable for outling purposes.

BRICK WORK.—They give to house walls a much heavier coating than other paints, and if sanding is required, nothing holds so firmly or finishes so well with it.

OLD ROOFS.—Give us a rool, lever so old and leaky, and Silver's Mineral Paints will make it cheaply new and more enduring than it ever was. StHPS using this extraordinary Mineral as we prepare it for them, will be proof against the action of hot suns, worms and salt water.

CAPITALISTS and BUILDERS are invited to make strict scrutiny into the merits of these Paints. CAPITALISTS and BUILDERS are invited to make strict scrutiny into the merits of these Paints. They will find a very great reduction might be made in the cost of Painting. These Paints are purely mineral; all clays and other impurities are washed out in preparing them for the market.—They cost but half the price of white lead, and the same quantity will cover twice the surface, and last six times as long which in fact reduces the price to one-twelfth. Climate has no effect on this Paint, and is equally valuable in the cold Canadas or our sunny Florida.

DIRECTIONS.—Use Linseed Oil, mix as thick as you can, and use as other paints. These paints need but little dryer, and for priming and second coating in all house work they will be found far cheaper and more durable than lead.

Important Discovery!

Reading maketh a full man, Writing a correct man, Speaking a ready man.—Bacon.

WITH all due reverence for the genius, talents and virtues of the illustrious philosoper, who added so much to the dignity of humanity, Messre. YOUNG & O'ROURK would ask the discerning citizens of this enlightened republic—and particularly their friends in Lancaster City and County the question? doth it profit a man to be a full man, a correct man, or a ready man, if he be not also a well dressed man. In order/to place within the reach of every man the opportunity of adding this fourth requisite of a perfect man—they have just returned from the city of Philadelphia with their Fall and Winter Goods of the choicest selections ever brought to Lancaster, consisting of black and various colored Cloths, Pilots, Beavers and English Kerseys of every golor and shade, from the celebrated manufactory of Bioley, Bishoff, Samones and Nellesons/black doe Skin Cassimere, Fancy Cassimere of/all descriptions; also, Vestings of Satin Florentine Silks, Ball Vestings, Fancy Silks of all description; Woollen Goods suitable for winter's/ware. All the above of the very richest French styles, in fact every thing to deck the outer man, twenty per cent. cheaper than any other Establishment in the city, all of which they will make up at the shortest notice.

Ready wande Clothing for the million, consisting

many twenty per control to the million, consisting tablishment in the city, all of which they will make up at the shortest notice.

Rehdy made Clothing for the million, consisting of Black, Blue, Green and Brown frock and dress Coats, Overcoats, Monkey Jackets, Vests, Pants, Hosiery of every description, Shirts, Suspenders, Gloves, Handkerchiefs, Silk Undershirts—all the above is a superb new stock, selling at prices to suit the times.

N. B.—They therefore consider it unnecessary to puff themselves, as it is a well known fact that this is the only establishment in the city where fashion is carried to the high-st perfection to please the most fastidious, and art comes to supply nature's defects. THESE Pills are composed entirely of Vegeta THESE Pills are composed entirely of Vegetable Substances,: nd in ninely-nine cases out of every hundred, will perform a perfect and permanent cure in three days. No instance has ever been known, where more than six days have been required to perform a complete cure, even in the very worst cases, and on the strongest constitutions. We would earnestly say to all who are afflicted with this distressing disease, to get one box and try them, and in all cases, two boxes are warranted to cure, if taken according to the districtions, or the money returned. in its very worst forms. Thousands of cases have been completely cared by it within the last year, which have been entirely despaired of by the regular family physicians. We do not recommend it to cure Dyspepsia, and the diseases originating from it, and that it will cure in almost every case, and its recommended for nothing else. In many instances, even the worst of cases have been completely cured in two and three months, but it depends somewhat upon the constitution of the patient We would say to all who are afflicted with Dyspepsia, give this medicine a fair trial, and if it talls to do good, your money will be returned. and many instances have been known of children and many instances have been known of children crying for more after once taking it.

This medicine is in the form of a powder, the only medicine ever used in that form, and it ope rases upon a principle entirely different from any other medicine ever administered by any other physician. It is the only medicine which has no Worm-seed Oil or Turpentine combined with it, which is believed by all other physicians; to be the only two things which will destroy worms, and these two things combined, together with castor oil, are the active principles of all other worm medicines, which every person who has ever tasted or smelled, knows to be the most nauseous of all nauseous medicines, and on account of which, there or smelled, knows to be the most nauseous of all nauseous medicines, and on account of which, there is generally something added to destroy this nauseous taste, and in order to do this, it is something stronger than the medicine itself, and therefore it must necessarily destroy some of its medicinal properties. These powders are simple and so harmless, that a child may cat a whole box at once, and it will not be hurr, while at the same time the principle upon which it acts being different from anything else ever used, it will destroy all kinds of Worms with a certainty never equalled. the great Physiological Chemist, by J. S. Houghton, M. D., Philadelphia, Pa.

This is a truly wonderful remedy for Indigestion, Dyspepsia, Jaundice, Liver Complaint. Constipation, and Debility, curing after Nature's own method, by Nature's own Agent, the Gastric Juice. Half a teaspoonful of Pepsia, infused in water, will digest or dissolve, Five Pounds of Roast Beef in about two hours, out of the stomach.

Persus is the chief element, or Great Digesting Principle of the Gastric Juice—the solvent of the tood, the purifying, preserving and stimulating agent of the stomach and intestines. It is extracted from the digestive stomach of the Ox, thus forming an Artificial Digestive Fluid, precisely like the natural Gastric Juice in its chemical powers, and furnishing a complete and perfect substitute for it. By the aid of this preparation, the pains and evils of Indigestion and Dyspepsia are removed, just as they would be by a healthy stomach. It is doing wonders for dyspeptics, curing cases of Debility, Empeciation, Nervous Decline, and Dyspeptic Con-

vonders for dyspeptics, curing cases of De Emaciation, Nervous Decline, and Dyspepti umption, supposed to be on the verge of the gravithe scientific evidence upon which it is based, the highest degree curious and remarkable.
SCIENTIFIC EVIDENCE! SCIENTIFIC EVIDENCE!
Baron Liebig in his celebrated work on Anima Chemistry, says: "An artificial Digestive Fluid, analogous to the Gastric Juice, may be readily prepared from the mucous membrane of the stomach of the calf, in which various articles of food, as meat and eggs, will be softened, changed, and digested, just in the same manner as they would be in the human stomach."

Dr. Pereira, in his famous treatise on "Food and Diet," published by Fowler & Wells, New York, page 35, states the same great fact, and describes

Diet," published by Fowler & Wells, New York, page 35, states the same great fact, and describes the method of preparation. There are few higher authorities than Dr. Pereira.

Dr. Combe, in his valuable writings on the 'Physiology of Digestion,' observes that "a diminution of the due quantity of the Gastric Juice is a prominent and all-prevailing cause of Dyspepsis,' and he states that "a distinguished professor of medicine in London, who was severely ufflicted with this complaint, finding everything eise to fail, had recourse to the Gastric Juice, obtained from the stomach of living animals, which proved completely successfull."

the stomach of living animals, which proved completely successfull."

Dr. Graham, author of the famous works on "Vegetable Diet," says: "It is a remarkable fact in phgsiology, that the stomachs of animals, macerated in water, impart to the fluid the property of dissolving various articles of food, and of effecting a kind of artificial digestion of them in nowise different from the natural digestive process."

AS A DYSPEPSIA CURIER,
Dr. HOUGHTON'S PEPSIN has produced the most marvellous effects, in curing cases of Debhlity, Emaciation, Nervons Decline, and Dyspeptic Consumption. It is impossible to give the details of cases in the limits of this advertisement; but authenticated certificates have been given of more than Two Hundred Remarkable Cures, in Philadelphin, New York and Boston alone. These were nearly all desperate cases, and the cures were not only rapid and wonderful, but permanent. It is a great Nervous Antidote, and particularly useful for tendency to Billious disorder, Liver Complaint, Fever and Ague, or badly treated Fever and Ague, and the evil effects of Quinne, Mergand Charles and characteristics.

Complaint, Fever and Ague, or badly treated Fever and Ague, and the evil effects of Quinne, Mercury and other drugs upon the Digestive Organs, after a long sickness. Also, for excess in eating, and the too free use of ardent spirits. It almost reconcides health with intemprance.

OLD STOMACH COMPLAINTS.

There is no form of Old Stomach Complaints which it does not seem to reach and remove at once. No matter how bad they may be, it gives instant relief! A single dose removes all the uniplessant symptoms; and it only needs to be repeated short for a time to make these good effects permanent. Purity of Blood and Vigor of Body follow at once. It is particularly excellent in cases of Nausen, Vomiting, Cramps, Soreness of the pit of the Stomach, distress after eating, low, cold state of the Blood, Heaviness, Lowness of Spirits, Despondency. Emaciation, Weaktness, tendency to Insanity, Suide, &c.

Dr. HOUGHTON'S PEPSIN is sold by nearly all the dealers in fine drugs and Popular Medicines, throughout the United States. It is prepared in Powder and in Fluid form—and in prescription vitals for the use of Physicians.

PRIVATE CRULARS for the use of Physicians, may be obtained of Dr. Houghton or his Agents, describing the whole process of preparation, and giving the authorities upon which the claim of this new remedy are based. As it is not a secret remedy no objection can be raised against its use by Physicians in respectable standing and regular practice.

27 Physicians approve of it because it is based upon correct Physiological and Pathological principles.

27 The Public approve of it, because it is common sense, and because they know from sade experience, that one preparation will not cure the three stages of Consumption.

37 The suffering, disappointed, and discouraged invalid approves of it, because its principles hold out a reasonable hope, and when he uses Nuttall's Syriacum, his hopes are realized.

If he is in the first stage of Consumption and uses the first bottle, his expectoration, difficult and painful, becomes free and casy, his cough soon gets well, the soreness, tickling in his throat, infiammation, pain in his breast, side, head, back, joints, and limbs are removed

If he is in the second stage and uses the second bottle, his fever leaves him, his disturbed slumbers become sweet and refreshing, his night-sweats vanish, his expectoration, copious and bloody, assumes a healthy appearance, and at length diappears, his bowels become regular, his appetite returns, the flush in his cheek disappears, the burning heat in the palms of his hands and soles of his feet, are felt no longer, his cough now ceases, he recovers and is well.

If he is in the third stage, and uses the third bottle, his Diarrhœa gradually ceases, his weak bowels become strong, his cough and other bad symptoms disappear, (and if the patient is a female, her monthly periods return,) his feeble digestion becomes strong and vigorous, his stomach recovers its power and tone, and creates new, rich, and nourishing blood, his strength returns, his wasted body is clothed with flesh, his life is saved, and he is restored to health.

Each bottle of Nuttall's Syriacum has the symptoms of the stage for which it is intended printed in front of the wrapper, whereby every invalid knowing his own symptoms, can judge for himself which bottle he requires, consequently no mistake can occur in selecting the proper medicine.
