The Company was organized but two years since, upon purely mutual principles, and with no expec-tation of so far superceding many other institutions. It is, nevertheless true, that its success is unparal-its, nevertheless true, that its success is unparalleled, and the amount of business done, number of Policies issued, and losses met with and paid, in the same period, exceed that of any Insurance Com-pany upon record. Its capital increases with its liabilities, and no part of this can be applied other-wise than for the benefit of the parties insured by this Commany. Philadelphia April 20, 1852.

ALSO MY VEGETABLE WORM POWDERS. This is, the most wonderful Worm Destroyen ever known, and at the same time, so pleasant te take, thai almost every child will be fond of it and many instances have been known of children or more after once taking it. This medicine is in the form of a powder, the only medicine ever used in that form, and it ope rtaces upon a principle entirely different form any other medicine ever administered by any other physician. It is the only medicine which has no only mot hings which will destroy worms, and these two things combined, together with castor oil, are the native principles of all other worm medicines, which every person who has ever tasted or amelled, knows to be the most nuascous of all nuascous medicines, and on account of which, there is generally something added to destroy this nau-seous taste, and in order to do this, it is some thing stronger than the medicine itself, and therefore it must necessarily destroy some of ite medicinal properties. These powders are simple and so harmless, that a child may eat a whole box at once, and it will not be hurt, while at the same time the principle upon which it acts being differen from anything elee ever used, it will destroy at order, at short notice and on the most reasonabl terms, BUREAUS, DESKS, WASH-STANDS, Bedsteads, Sofas, Breakfast, Dining, Centre

Dr. Pereira, in his famous treatise on "Food and Diet," published by Fowler & Wells, New York, page 35, states the same great fact, and describes the method of preparation. There are few higher authorities than Dr. Pereira. Dr. Combe, in his valuable writings on the "Physiology of Digestion," observes that "a dim-inution of the due quantity of the Gastrie Junce is a promnent and all-prevailing cause of Dyspepsia," and he states that "a distinguished prolessor of medicine in London, who was severely afflicted with this complaint, finding overything else to fail, had recourse to the Gastrie Juice, obtained from the stomach of living animals, which proved com-pletely successfull." Dr. Graham, author of the famous works on "Vegetable Diet," says : "It is a remarkable fact in physiology, that the atomachs of animals, nace-rated in water, impart to the fluid the property of dissolving various articles of food, and of effecting a kind of *artificial digestive process.*." These were nearly all desperate cases, and the cures were not only rapid and wonderful, but permanent. It is a great Nervous Antidote, and particularly useful for tendency to Billous disorder, Liver Complaint, Fever and Ague, or badly treated Fever and Ague, and the evil effects of Quinne, Mer-cury and other drugs upon the Digestive Organs, after a lorg sickness. Also, for excess in eating, and the too free use of ardent spirits. It almost reconciles health with intemprance.

OLD STOMACH COMPLAINTS., There is no form of Old Stomach Complaints which it does not seem to reach and remove at once. No matter how bad they may be, it gives instant relief! A single dose removes all the un-pleasant symptoms; and it only needs to be repeated beet for a time to make these pood effects nerma-

COOPER'S VEGETABLE COMPOUND FEVER AND AGUE PILLS.

FEVER AND AGUE PILLS. THESE Pills are composed entirely of Vegeta-ble Substances, and in ninety-nine cases out of every hundred, will perform a perfect and perma-nent cure in three days. No instance has ever been known, where more than six days have been required to perform a complete cure, even in the very worst cases, and on the strongest constitu-tions. We would earnestly say to all who are afflicted with fhis distressing disease, to get one box and try them, and in all cases, two boxes are warranted to cure, if taken according to the di-rections, or the money returned. ALSO, MY VEGETABLE ANTLDYSPEPSIA BITTERS.

VEGETABLE ANTI-DYSPEPSIA BITTERS.

VEGETABLE ANTLOYSPEPSIA BITTERS. This medicine is a certain cure for Dyspepsia in its very worst forms. Thousands of cases have been completely cured by it within the last year, which have been eritrely despaired of by the reg-ular family physicians. We do not recommend it to cure everything—we recommend it to cure Dyspepsia, and the diseases originating from it, and that it will cure in almost every case, and it is recommended for nothing else. In many instances, even the worst of cases have been completely cured in two and three months, but it depends somewhat upon the constitution of the patient

warranted. These medicines are all separate, and one for each disease, and each for only one disease. They are not recommended, as many other medicines are, to cure some fifteen or twenty diseases, and all of different natures, but they are each to cure but one disease, and that they will do in ninety-nine cases out of every hundred, and where they have a fair trial and fail in all cases, the money will be returned.
