To Physicians throughout the U.

States. EEMING it unnecessary to remind a DEMING it unkecessary to remind any member of the Medical profession, of the established medical properties of pure Holland Gin, in many diseases of dropsical tendency, I respectfully invite your examination of a very superior article, manufactured by myself exclusively, at Schiedam, in Holland, by a process peculiar to my own Factory. It is flavored and medicated, not by the common harsh berry, but by the choice botanical variety of the aromatic Italian: Juniper Berry, whose more vinous extract is distilled and rectified with its stirituous solvent, and thus becomes a concenmore vinous eatract is and thus becomes a concentrated tincture, of exquisite flavor and aroma, altogether transcendent, in its cordial and medicinal sroperties, to any Holland's Gin heretofore known. Amid the influx of inferior distillations with which this country is now flooded, physicians find no difficulty in procuring a good and pure Gin, which they can prescribe with confidence in its benefical effects. As an importer of twenty years' standing, in the City of New York, and possessing a matured experience in the manufacture of Holland Gin especially, I beg to submit to your attention my "Aromatic Schiedam Schnappa," as one which cannot fail to realize your utmost expectation, and I shall be happy to forward to you a bottle of it, free of charge, in answer to a letter intimating your readiness to accept it. its spirituous solvent, and thus becomes a concen-

It is now scarcely one year since I have prepared
and idistributed my Schiedam Gin exclusively for
medical purposes; yet, within that brief period, I
have received one thousand letters, both from phy
sicians and patients, testifying to its really extraordinary efficacy in Gravel, Incipient Dropsy, and affections of the Kidneys and Biadder generally. I
have no doubt that it would yelld similar results;
