It is believed that the above work by Mr. Goodrich will be very acceptable to the American public It is the result of years of toil and labor, assisted in his researches by several Scholars of known ability, and has been gotten up at a great expense by the proprietors. No pains have been spared in the execution of the Illustrations and Maps, which the execution of the Illustrations and Maps, which are entirely new, prepared, by the distinguished author expressly for the work. Indeed, all the other historical writings of Mri Goodrich sink into insignificance, when compared with this, the result of his maturer years.
