97,00 in two volumes. 23 It is believed that the above work by Mr. Good-rich will be very acceptable to the American public It is the result of years of toil and labor, assisted in his researches by several Scholars of known ability, and has been gotten up at a great expense by the proprietors. No pains have been spared in the execution of the Illustrations and Maps, which are entirely new, prepared by the distinguished au-thor expressly for the work. Indeed, all the other historical writings of Mr. Goodrich sink into insig-nificance, when compared with this, the result of his maturer years. We sincerely believe that One Hundred Dollars could not purchase the same mat-ter in any other shape; and the publishers confid-dently expect that in consideration of the great lit-erary value of the work, the large sum expended in preparing it for the press, and the exceedingly moderate price at whice it is offered that it will be favorably received by the American public. The work will not be offered for sale in Book Stores, but will be sold by canvassing agents in ev-ery county in the seyreral States, to whom the ex-clusive right is given by the publishers. Many of our agents having been told, when solici-ting subscribers that this last and greatest work of Mr. Goodrich would soon be sold in book stores, and at a reduced price, we hereby give public no-tice, that as perpetual and sole publishers of the work, we say positively and determinedly, that it will be sold at the uniform retail price, and by can-vassing agents only, who have the sole right of sale in their respective counties, authorized by us; and that the work will never be sold in the Bookstores, at any price.

that the work will never be sold in the Dougstores, that the work will never be sold in the Dougstores, The work is entirely newbrought down to 1850 —and has not been offered in book form until within a few months. The demand is now so great that it is difficult to keep up the supply. Many of our first scholars, divines and gentlemen, who have examined the work, have given it their unqualified approbation and commendation, which it richly de-serves, as it is the fruit of years of labor of the distinguished author, and upwards of \$10,000 cost to its proprietors—and is offored at the moderate price of Six Dollars.
