Sunbury, Jan. 24th, 1851.

Dr. Ayer:—In the month of July last I was attacked by a violent diarrhæa in the mines of California. I ret rined to San Francisco in hope of receiving benefit from a change of climate and diet. My diarræa ceased, but was followed by a severe cough—and more soreness. I finally started for home, but received no benefit from the voyage.—My cough continued to grow worse, and when I arrived in New York, I was at once marked by my acquaintances as a victim of consumption.
