WHATEVER concerns the health and happiness of a people is at all times of the most valuable importance. It take it for granted that every person will do all in their power, to save the lives of their children and that every person will endeavor to promote their own health at all sacrifices. I feel it to be my duty to solemnly assure you that WORMS, according to the opinion of the most celebrated Physicians, are the primary causes of a large majority of diseases to which children and adults are liable; if you have an appetite continually changeabie from one kind of food to another, bad Breath, pain in the Stomach, picking at the Nose, hardness and fullness of the Belly, Uty Cough, Slow Fever, Pulse irregular—remember Cough, Slow Fever, Pulse irregular-remember that all these denote WORMS, and you should a once apply the remedy :-

THE TAPE WORM! This is the most difficult Worm to destroy of all that infest the human system, it grows to an almost indefinite length, becoming so coiled and fastened in the intestines and stomach, effecting the health so sadly as to cause St. Vitus Dance, Fits, &c., that those afflicted seldom if ever suspect that it is that those afflicted seldom if ever suspect that it is

Da. J. R. SCHERCE.

My dear sit—I am pleased beyond expression, to inform you of the extraordinary cure your Pulmonic syrup has made in my case. Eight or nine years since I was attacked with a violent scrofulous affection. Painful ulcers appeared on my face and neck, which in a short time at the flight to the bones. My sufferings were awfuls. In a short time ulcers came out n my arms and body. The discharges from the ulcers were so offensive that it was unpleasant for any one to stay in my room. I applied to several physicians, who informthat it was unplies ant for any one to stay in my room. I applied to several physicians, who informed me it could not be cured except by my undergoing a increanial treatment, which I was very loath to do. However, my disease continuing, the ulcers increasing in size and number, my health becoming daily impaired, and death inevitable, I consented to the treatment. I took an immense deal of calomel and mercury before the disease appeared to be arrested, all the time suffering torties, my apposite some and my body much emacines. pearen to one arreved, an the time suffering tor-tures, my appetite gone and my body much emaci-ated; every joint in my body seemed loosened, and much swoolen and sore. I was pronounced cured of scrofula, but badly afflicted with a "mercurial disease."

of scrofuls, but badly afflicted with a "mercurial disease."
My system was in a horrible condition. Every change in the weather would bring upon me pains which were shoes beyond endurance. My digestive organs were very much impaired; the ulcers would occasional re-appear, discharging very offensive matter. I was induced to take "Syrup of Sarsaparilla," which I procured of some of the most spopular mann facturers. After taking six or eight bottles the disease would apparently subside, but in the course of three or four weeks it would return and compel me to resort to the same remedy. The benefit I deriveed from using the Sarsaparilla, was merely temporary, and was costing me a great deal of money, more than I was able to pay. I despaired of ever being cured; my life was a butthen to me; I often felt-as though I would rather die at once than linger on in such awful misery without hope. About eighteen months since some of my friends informed me of several cures of Scrofula performed by SCHENCK'S PULMONIC SYRUP, and requesting me to try it. I had no confidence performed by SCHENCE'S PULMONIC SYRUP, and requesting me to try it. I had no confidence in anything, Mr. Van Doran, Conductor on the Bamden and Amboy Railroad, told me of a person cured by your Syrup, and insisted on my giving it a trial. His confidence in it produced me to procure a half dozen bottles. At the time I was sufficient traces are links were much swallen and cure a half dozen bottles. At the time I was suffering tortures, my limbs were much swollen and
very painful, the ulcers discharging very offensive
matter; nothing but large dose of landanum enabled me to sleep. Being rising the resing the contents of the fifth bottle I experienced a benefit; my
degistive organs much improved, and seemed to
regain their healthy exercise; my appetite was
much increased, and I felt stronger throughout my
while system; the ulcers discharged very freely,
and the discharges became less and less offensive.
Whilst using the tenth bottle all swellian, and soreness left me, the discharges subsided, the ulcers
commenced healing, and before the buttle was
empted, all appearance of ulcers were removed,
and I was permanently cured. I have enjoyed uninterrupted good health for the last fifteen months.
I am convinced that scrofula and mercurial disea-I am convinced that scrofula and mercurial diseases are entirely eradicated from my system. I have not had ache for more than a year past. Prior to my using the Pulmonic Syrup, there was not a week that I did not suffer day and night more or less the most excruciating pains. I am confident if I had used your Pulmonic Syrup before using the calomel and mercury, it would have prevented all my suffering, and saved me several hundred dollars. I am now, thank God, a perfectly well man, and attribute it entirely to your "Pulmonic Syrup." Wishing you every success in your business which your truly valuable medicine entitles you to, I am repectfully, your obd't serv't, ROBERT H. DEACON. Burlington. N. MARRIAGE, HAPPINESS AND COMPETENCE.

WHY IS IT That we behold many females, scarce in the meridian of life broken in health and spirits with a complication of diseases and aliments, depriving them of the power for the anjoymen of life at an age when physical health, buryaney of spirite, and happy screenity of mind, arising from a coudition of health. d happy screnity or minus seasons at first—perhaps years of model be preciousnant.
Many of the causes of her sufferings at first—perhaps years though the first years of marriage—see in their origin so light as to pass unnoticed, and of counse in their origin so light as to pass unnoticed, and of counse to the pass of their origin so light as to pass unnoticed, and of counse to their origin so light as to pass unnoticed, and of counse to their origin so light as to pass unnoticed, and of counse to their origin so their origin so that their origin so their origin so their origin so their origins as their origins are their origins as their origins are their origins as their origins at first origin

IN AFTER YEARS, When too late to be benefitted by our knowledge, we look sack and mourn, and regret the full consequences of our ignorance.

What would we not often give to possess, in early life, the knowledge we obtain in after years! And what days and nights of anguish we might not have been spared, if the knowledge was timely possessed. It is

MELANCHOLY AND STARTLING

To behold the sinkness and anfiering endured by many a wife for many years, from causes simple and controllable, early remedied—or better still,—not incurred, if every WIFE AND MOTRER

Possessed the information contained in a little volume, (with in the reach of all) which would spare to herself YEARS OF MISERY. And to her husband the constant toil and anxiety of mind, accessarily devolving upon him from sickness of the wife, without giving him the opportunity of acquiring that competence which his exertions are entitled, and the possession of which would secure the happiness of himself, wife, and children.

SECURE THE MEANS OF HAPPINESS By becoming in time possessed of the knowledge, the want of which has caused the sickness and poverty of thomsands. In view of such consequences, no wife or mother is excusable if she neglect to avail herself of that knowledge in respect to herself, which would spare her much suffering, be the means of havoiness and prosperity to her husband, and conferupont-children that bleasing above all price—healthy bodies with healthy minds. That knowledge is contained in a little work entitled.
