Assassination:-The Montgomery (Alabama) Journal of the 6th ult., says :- "A correspondent rives us the full particulars of the assassination of Mr. Alpheus Jones by Dr. Miller, at Barns' precinct, mentioned briefly a few, weeks since:

"One of the most bloody deeds on record was committed by the licentious and unprincipled wretch, W. D. L. Miller, on the person of Mr. Alpheus Jones, a respectable citizen of this county. Said Miller had, for some months, been in the employment of said Jones, and on the night of the 5th of June last, Jones' wife left his couch and crept softly to that of Dr. Miller, to which place Jones soon followed her and attempted to drag her out of bed; but, while doing this, Mille drag her out of bee; but, while doing this, while congress that stabbed and chopped him with a huge knife, which is supposed to have been concealed about the bed. After receiving many death dealing strokes from this mid night assassin, Jones, with his entrails in his hand, fled to the house of his neighbor, Mr. Supples, to which place he was pursued Mrs. Jones and Miller, who had a double barrel Fortunately Jones who was indicious enough to abandon the road and take the woods, reache there before them, and fell exhausted in the doc just as they arrived at the gate. Not being allow ed entrance they both returned to Jones' house.— After ransacking the house for Jones' money, (abou \$400,) but which, during their absence, had beer secured by Jones' mother an aged and decrepid lady Miller mounted his, horse and took flight. Mr Jones had lain in a hopeless and deplorable condi-tion at the house of Mr. Supples ever since until his death on Friday last. Miller escaped."

COMMITTED FOR FORGERY .- On Friday last, Con stables Keen and Nagle apprehended a young man who gave his name as J. J. Uhrick, and took him before Alderman Miller, charged with forgery,-After a hearing, he was committed to stand a tria at our next Quarter Sesssions, which commences on Monday next. From what we learn, it appears that a man by the name of Shoop, residing in thi place, has a brother, a doctor, living in Hummels town, Dauphin county, upon whom this Uhrick was carrying on a game of deception, by writing letters in his brother's name, representing that he was sick, (which was not the case,) and obtaining money from him at different times. Finally our Postmaster having suspicion that something was wrong, and that blame might be attached to the Department, he was arrested as above. From in quiry, it appears that this is the same personage who attempted to amuse our citizens last winter with the humbuggery of the "spiritual rappings, and was detected just before the performance cor menced, by some was cutting a thin wire, which extended from the ceiling into a drawer in a table where it was attached to a small hammer, which was to produce the wonderful spirit rappings.— When asked why he did not go on with the "show he replied, that in consequence of the cloudy weath-er the spirits would'nt answer, consequently the performance was indefinitely postponed.—Reading Press.

INTRODUCTION OF FRENCH MERINO INTO WEST FRANCH MEAN OF FRENCH MEAN NATO WEST-FRAN PERNSYLVANIA.—We observe by one of our Western exchanges that Dr. G. S. Hayes, of Alle-gheny has imported during the present year in con-nection with Solomon W. Jewett of Middlebury, Vermont, one hundred and twelve French Merino ewes and four bucks—of which flock Dr. Hayes received for his share twenty-eight ewes and tw ceived for his snare twenty-eight ewes and two bucks—costing him here something over three thousand dollars? They cost per head some twenty-five dollars passage from France to New York, and eight dollars a head from New York to Pittsburg. These Sheep are something finer than any before imported to this country—having been selected more with a view to the fineness of the staple than the large and the large the largeness or weight of the fleece. The ewes averaged about 120 pounds weight and the bucks 200 lbs. The Dr. sold this year's French Merino clip of wool, unwashed, at 50 cents per pound—being about equal to 70 cents, washed. He sold a buck five months old this spring, of his own raising, for \$250 and an interest of one-half in another for \$210; after having had the use of him for two previous years! These prices are high up in the figures, but are nothing remarkable for this breed of sheep. He keeps these sheep principally on his of sheep. He keeps these s. farm in Butler county. He keeps these sheep principally on his

An Interesting Decision.-A decision of some importance has been rendered by Judge Williams, of Pitteburg. Some time ago a man named Philip Schymbly, was convicted of keeping a tippling house, and fined \$75. In default of payment of the fine, he was sent to jail. The Commissioners of the county took the prisoner's bond for the debt, and wrote a release for Schymbly, which was handed to Mr. Mitchell, the engineer of the jail, the sheriff and jailer being absent. Mitchell, thinking all right, released the prisoner from confinement When the sheriff returned, he arrested Schymbly and recommitted him to prison contending that the commissioners could not discharge him till the sentence of the court was complied with. To tle the matter, the prisoner was taken on habens corpus, before Judge Williams, who decided that the commissioners could not discharge a prisoner, and that the sheriff had a perfect right to refuse to discharge one on their order. If, however, the sheriff and the commissioners were agreed on the matter, the prisoner might be released from con

SUPPLY OF CATTLE FOR THE NEW YORK MAR-KET .- It is said that were it not for the numerous of starvation so far as meat is concerned, as it h as to depend almost entirely upon supplies from the West. Beeves are now delivered there from the northwestern prairies, within a week, by means of railroads, at an expense of \$10 to \$12 per head.— It would take from 50 to 90 days to bring cattle from the western parts of Ohio, Kentucky, Illinois, or Arkansas in fair weather, but in winter it would be to expensive too attempt such a thing. A drove of cattle from the Cherokee nation, raised by the Indians, were recently received at New York, via railroad, from Illinois. It is said it would be rare to find a hundred head of cattle in the New York New Jersey, Massachusetts, and Vermont markets at one time, but for the droves that come from the West, over the different lines of railway.

HORBIBLE MURDER IN CANADA.—On Tuesday last a most horrible murder was perpetrated in Kamourask, L. C., by a man named Pelletier, the victim being his father-in-law—a Mr. Lebel. It appears that after a quarrel, Lebel proposed a death fight, in which both parties should be destroyed.—Immediately on the proposition being made Pel. Immediately on the proposition being made, Pel-letier seized his father-in-law and inflicted on him twenty-four wounds with a knife. The wounded twenty-lour wounds with a knife. The wounded man frequentiy begged for mercy, but the infuriated Pelletier paid no attention to him, saying with a sayage joy—" You shall die as you deserve—as a dog! Recommend your soul to God!" After literally cutting Lebel to pieces, the murderer took to flight. The officers pursued, but were unable to overtake him. On Wednesday night, however, he returned and delivered himself over to the jailor, saying—"I cannot live this way. Let the will of God and the justice of man be satisfied." He is now awaiting the reward of one of the most atrocious crimes ever committed in this country. commited in this country.

THE FUGITIVE SLAVE "FISHER."-The U. S. Marshal for the Eastern District of Pennsylvania, arrived in this city last evening, with the fugitive slave Fisher, belonging to Mr. Howard, of Cecil county. Upon his arrival, the Marshal surrendered the plane of the interest of the county the slave to his master's order, and left in the morr ing train for the scene of his labors in Philadelphia If the U. States Government sustains the Marshal in his late determination to retain the fugitive in his custody under all hazards, which it cannot hail to do, in our opinion, Colonel Wynkoop has estab-lished a precedent worthy of all praise, and which will go far in allaying the fanatical zeal, usually displayed by northern abolitionists, in their efforts to cause the law to be evaded by cunning machine

In a conversation we had with the Colonel, we learn that another attempt at rescue was made in the shape of an indispensable bail piece, previous to his leaving Philadelphia, which was only avoided by the Marshal's foresight in driving with the negro, incog, in a private carriage out of the limits of the State. Maryland slave owners should indeed be grateful for the indefatigable efforts of this meritorious officer.—Baltimore Arrus, of Thursday. itorious officer .- Baltimore Argus, of Thursday.

CHYSTAL PALACE EXHIBITION.—The Scientific American says:—During the past week the Exhibition has greatly improved in every respect. Great activity has been displayed in the opening of new packages, and the arrangement of new articles.— The average daily attendance of visitors has been about 4000. As machinery is capable of doing almost everything now-a-days, a machine counts the number of persons who enter the building. It is an instrument like that employed at some toll bars to register the number of tax-payers. Every peron entering passes through a turn stile which records each admission; and all that is necessary therefore, at the end of the day to ascertain the agber of visitors, is to add up the record of each turn-stile.

New cases are being opened every day, and the daily visitor is greeted in each department with many novelties of which he catches glimpses on the various counters, without, however, gaining more information of the articles than a mere view affords

HOW. JAMES BUCHANAN.—We understand this distinguished gentleman will leave for London on the 6th of August. It will be painful to his many friends in Pennsylvania to part with him. He is so well known and so well beloved by the people, that they will regret most deeply to part with him. We wish him health and happiness, and we can ass u our fellow citizens that when abroad he will water with a vieilant eye ways their interests. with a vigilant eye over their interests.—Pittsbur

DEATH OF CAPTAIN KANE, U. S. A .- The Belle ville (Mo) Advocate records the death of Capt. Ellis K. Kane, U. S. A, on the 9 thinst., in the 31st year of his age. The Advocate says of him:

"Capt Kane was a graduate of West Point in '41 since which time he has been in the service. He was the eldest son of our late respected Senator Hon, Elias K. Kane of Kaskasia. through the Mexican war under the command of Gen Taylor, with distinguished honor to himself, and was with Capt. Thornton at the opening of the war, when the first blood was shed, and remained a pris-oner till he was exchanged. He was at the siege of Monterey, and was stationed there during the battle of Buena Vista.

After the war he was ordered to California, where

he acted as Quartermaster for a great part of the period from 1847 to 1852.

Post Office Stamps,-These articles as all our readers know, are sometimes rather difficult to fas-ten on letters, without the aid of a little extra gum on the paste. The Chataugue Democrat tells a pretty good story on this subject, which occurred at Westfield. A letter was put into the box, the appearance of which denoted that the writer was unaccustomed to the use of the stamps, and had failed to make one stick at all. He had tried, and vainly tried, but the inveterate portrait of Benja-min Franklin would curl up. At last, in despair, he pinned it to the envelope, and wrote just under -PAID if the d-d thing sticks !"

HORRIBLE DEATH .-- The Bloomfield Advocate says John Funk, of Liverpool township Perry couny, was killed on the tow path of the Susquehan-na canal, last week, in the following manner:--He had recently purchased a horse which he was enleavoring to work at his boat. The horse was verfractious, and the rope to which he was attached having broken, the portion yet fastened to the horse vrapped around Mr. Funk, dragging him some times in the water and sometimes on the tow path, the distance of half a mile, and thus he was liter ally mangled to pieces.

SHOCKING ACCIDENT.—A correspondent in Plymouth, N. C., writes us the following account of s melancholy accident which occurred at Williamston, on Saturday last:—A young man, of the nameof Bragg, employed in the steam mill at that place,
aecidentally tripped and fell, and in falling his arm
struck the circular saw and was instantly out off;
as if it had been done by a sickle. The jerk produced by the collision threw him over and brought

YELLOW FEVER AT NEW ORLEANS.-The yel low fever prevails to a considerable extent in Nev Orleans. In the week ending on the 16th instant. there were 104 cases in the Charity Hospital—36 fatal. On the 17th, there were 145 cases under treatment, and 51 deaths during the two previous days. Since the first of June, 181 deaths from yellow fever have occurred in the Hospital, and on the 16th instant, there were 741 patients in that inst tution, suffering from various diseases.

HEAVY BANK ROBBERY .- Office Daily Advertiser, Newark, July 26.—The Mechanics' and Traders' robbed of \$9,000. The thieves stole keys at the Cashier's house, with which they entered the bank and plundered the vault of the above amount in bills and specie.

Sheriff Merselles left a bundle at the bank yes-terday containing \$1200, principally in notes of the North River Bank, which the thieves also carried

HEAVY VERDICT.—In the case of Orrin S. Bonsteel against Cornelius Vanderbilt and Daniel Drew tried at Kingston, Ulster county, during the last week, the Jury rendered a verdict for the plaintiff for the sum of \$10,000. The action was for cruel and improper treatment of a passenger, who took passage by the Vanderbilt new line of steamers between New York and San Francisco, and for delay of 56 days on the route.

Boston, July 19.—In the State prison at Charleston, this morning, a convict, named James Wilson, attacked a fellow convict, named William Adams, and with a case knife, evidently sharpened for the purpose, severed his jugular vein, causing instant death. Not a word passed between them, and no provocation was given by the murdered man. Wilson's sentence of four years' imprisonment expired this morning, and he was about being discharged when he committed the murder.

Broad Tor Railhoad.—The Fulton Democrat of last week says, the Broad Top Railroad is to be extended to Bedford. The engineers are now examining the route, and were at Bedford a few days ago. If Bedford county raises \$100,000, the road will be made by the Huntingdon and Broad Top railroad company, and will be located and let this fall. The citizens of Bedford county should strain. fall. The citizens of Bedford county should strain every nerve to raise the amount of money required, as the benefits to be derived from such an improvement will be incalculably great. The work on the allotted sections of the Broad Top road will be commenced in a week or two.—Harrisburg Union.

CINCINNATI, July 27.—Six counterfeiters were arrested last night, three miles below this city. In their house was found \$40,000 in counterfeit money, all on the State Bank of Ohio, except a number of 5's on the Fairfield County Bank, Connecticut. Bogus dies and implements were also found, but the plates from which the notes were struck have not yet been discovered. Three of the party arrested are old penitentiary birds, and another, named Quincy Hurchy, was a large sub-contractor on the Ohio and Mississippi Railroad. The whole party had a hearing to day, and were committed to jail. The gang is supposed to be the most during and extensive counterfeiters in the country.

Augusta, Ga., September 29, 1802. Steam Planing Mills. Dear Sit; You ask me for my opinion of "Silver's Mineral Paints," which you have put on my Machine Shop and Planing Mill. I give you with pleasure my full and hearty recommendation of it as a preventive of Fire communicating from Chimneys, or from adjoining buildings. The Paint which you put on my roofs, has now become as hard as slate, and I feel as secure from Fire, in this direction, as is possible. A few weeks after the roofs had been painted, I made an experiment on two or three shingles by placing them in the furnace under the bpillers; the result was, that the portion uncovered was entity consumed, while the painted part was apparently sound, though upon examination the wood was found to be charred; the Paint however was firm and but little blistered. For a cold and cough, take it morning, noon, and
evening, according to directions on the bottle, and
the difficulty will soon be removed. None will long
suffer from this trouble when they find it can be so
readily cured. Persons afflicted with a seated
cough, which breaks them of their rest at night,
will find, by taking the Cherry Pectoral on going to
bed, they may be sure of sound, unbgoken sleep,
and consequently refreshing rest. Great relief from
suffering, and an ultimate cure, is afforded to thousands who are thus afflicted, by this invaluable remedy.

From its agreeable effect in these cases, many find themselves unwilling to forego its use when the necessity for it ceased.

To singers and public speakers this remedy is invaluable, as by its action on the throat and lungs, when taken in small quantities, it removes all hoarseness in a few hours, and wonderfully increases the power and flexibility of the voice.

Asthma is generally much relieved, and often whative area! by Cherry Pectoral. But there are wholly cured by Cherry Pectoral. But there are some cases so obstinute as to yield entirely to no nedicine. Cherry Pectoral will cure them, if they

can be cured.

Bronchius, or irritation of the throat and upper portion of the lungs, my be cured by taking Cherry Pectoral in small and trequent doses. The uncom fortable oppression is soon relieved.

Rev. Dr. LANSING, of BROOKLYN, New YORK, states:—"I have seen the Cherry Pectoral cure such cases of Asthma and Brnochitis as leads me to believed it can rarely lail to cure those diseases."

For Croup. Give an emetic of antimony, to be followed by large and frequent doses of the Cherry Pectoral, until it subdues the disease. If taken in season, it will not lail to cure.

Whooping cough may be broken up and soon cured by the use of Cherry Pectoral.

The influence is speeduly removed by this remedy. Numerous instances have been noticed where whole families were protected from any serious consequences, while their neighbors, without the Cherry Pectoral, were suffering from the disease.

The most Attractive Article in Dress, is an elegant HAT; and among the many sold in this part of the country, none are superior or more durable than those sold by J. AMER, North Queen st., Lanceaster, next door to Murray and Stock's book store. My Spring style of Hats cannot fail to please the most fastidious, whether plain or fashionable.

I have also on hand a general assortment of the new style of CAPS, with a large lot of Kossuth Hats, low for cash.
