From two eminent Pynyacians in FAYETTEVILLE, TENN, April 16th, 1851. Sir :--We have given your Cherry Pectoral an extensive trial in our practice, and find it to surpass every other remedy we have for curing affections of the respiratory organs: DRS, DIEMER & HAMPTON.

From its agreeable effect in these cases, many find

One of my daughters was completely cured in three days of a dreadful Whooping Cough, by taking it. Dr. Means, one of our very best physicians freely states that he considers it the best remedy we have for pulmonary diseases, and that he has cured, more pulmonary diseases, and that he has cured more cases of Croup with it than any other medicine he ever administered.

Our clergyman of the Baptist Church says that during the run of Influenza here this sections, he has seen cures from your medicine ho could scarcely have believed without seeing.

IF The water in the Schuylkill at Reading the Gazette says, appears to have changed color within the last ten days. Its usual greenish hue is turned blue, for some, cause as yet unexplained. Some at-tribute it to the dregs of the coal mines which are emptied into the river in Schuylkill county, and oth-ers to the sinking of two boats loaded with lime, which occurred recently in Felix's dam, eight miles above us. Whether either cause would be suffici ent to account for the change, we have not suffixi ent knowledge to determine. But that the water has become impregnated with some foreign sub-stance, is evident from the fact of which we have positive assurance, that it has occasioned a grea mortality among the fish. They are said to found dead in great numbers along the river, for miles above town.
