Youth, Age, Style, Taste, Beauty
and Fashion.—The seasons of life should be
arranged like those of the year. In the spring of
youth, when all is lovely and gay, then as the
green cover is spread on all the face of smiling nature, in brightness and beauty, so let the dress partake of the season. Fine taste, as well as fashion,
decrees the necessity of nicely adapted garments
to age, circumstances and seasons. The man
whose head is silvered with age, who feels not the
blood of youth dancing warmly in his veins, should
not run into extremes of dress, nor yet should he
permit his clothing to be so far behind the times as
to render him rudiculous. There is a becoming
fashionable dress, suitable for the age and seasons
of life as well as the seasons of the year. You can
be suited in handsome style in clothing that is well
and lashionably made, of good materials that will

Lach of the Ox, after directions of BAFON LIEBIO, the great Physiological Chemist, by J. S. Houghton, M. D., Philadeiphia, Pa.

This is a truly wonderful remedy for Indigestion, and Dobility, curing after Nature's own method, by Nature's own Agent, the Gastric Juice. Half a teaspoonful of Pepsin, infused in water, will digest or dissolve, Five Pounds of Roas: Bee in about two hours, out of the stomach.

Persin is the chief clement, or Great Digesting Principle of the Gastric Juice—the solvent of the food, the purifying, preserving and sumulating agent of the stomach and intestines. It is extracted from the digestive stomach of the Ox, thus ferm agent of the stomach and intestines. It is extracted from the digestive stomach of the Ox, thus forming an Artificial Digestive Fluid, precisely like the natural Gastric Juice in its chemical powers, and furnishing a complete and perfect substitute for it By the aid of this preparation, the poins and evils of Indigestion and Dyspepsia are removed, just as they would be by a healthy stomach. It is doing wonders for dyspeptics, curing cases of Debility, Emaciation, Nervous Decline, and Dyspeptic Consumption, supposed to be on the verge of the grave

The scientific evidence upon which it is based, is in the highest degree curious and remarkable.

SCIENTIFIC EVIDENCE! SCIENTIFIC EVIDENCE!

Baron Liebig in his celebrated work on Anima

Dr. Percira, in his lamous treatise on "Food and Diet," published by Fowler & Wells, New York, page 35, states the same great fact, and describes the method of preparation. There are few higher authorities than Dr. Pereira.

Dr. Combe, in his valuable writings on the "Physiology of Digestion," observes that "a diminution of the due quantity of the Gastric Juciecin a prominent and all-prevailing cause of Dyspepsia, and he states that "a distinguished professor of medicine in Loudon, who was severely afflicted with this complaint, finding everything else to fail, had recourse to the Gastric Juice, obtained from the stomach of living animals, which proved completely successfull."

Dr. Graham, author of the famous works on "Vegetable Diet," says: "It is a remarkable fact in physiology, that the stomachs of animals, macerated in water, impart to the fluid the property of dissolving vanous articles of food, and of effecting a kind of artificial digestion of them in nowise diffrient mro the natural digestive process."

AS A DYSPEPSIA CURER,
Dr. HOUGHTON'S PEPSIN has produced the most marvellous effects, in curing cases of Debility, Emaciation, Nervons Decline, and Dyspeptic Consumption. It is impossible to give the details of cases in the limits of this advertisement; but authenticated certificates have been given of more than Two Hundred Remarkable Cures, in Philadelphia, New York and Boston alone. These were nearly alldesperate cases, and the cures were not only rapid and wonderful, but permanent.

It is a great Nervous Antidote, and particularly useful for tendency to Billious disorder, Liver Complaint, Fever ar.
