The Paint which you put on my roofs, has now become as hard as slate, and I feel as secure from Fire, in this direction, as is possible. A few weeks after the roofs had been painted, I made an experiment on two or three shingles by placing them in the furnace under the boilers; the result was, that the portion uncovered was entirly consumed, while the painted part was apparently sound, though upon examination the wood was found to be charred; the Paint however was firm and but little blistered. I consider this as severe a test as your Paint can be put to. as a preventive of Fire communicating from Chim this as severe a test as your Paint can be put to, and under the circumstances I do not hesitate to commend it as an invaluable preventive again

If take it for granted that every person will do all in their power, to save the lives of their middren and that every person will endeavor to promote their own health stall sacrifices. I feel it to be my duty to solemnly assure you that WORMS; according to the opinion of the most celebrated Physicians; are the primary causes of a large majority of diseases to which children and adults are liable; if you have an appetite continually changeable from one kind of food to another, bad Breath, pain in the Stomach, picking at the Nose, hardness and fullness of the Belly; Dry Cough, Slow Fever, Pulse irregular—remember that all these denote WORMS, and you should at once apply the remedy:

HOBENSACK'S WORM SYRUP.

An article founded upon scientific principles, compounded with purely vegetable substances, being perfectly safe when taken, and can be given to the most tender Infant, with decided begeficial effect, where bowel complaints and diarrahas have made them weak and debilitated, the tonic properties of my Worm Syrup are such, that it stands, without an equal in the catalogue of medicines in giving tone and strength to the stomach, which makes it an infallible remedy for those afflicted with Dyspepsia, the astonishing cures performed by this Syrup after Physicians have failed, is the best evidence of its superior efficacy over all eithers.

THE TAPE WORM!

This is the most difficult Worm to destroy of all that infest the human system, it grows to an almost indefinite length, becoming so coiled and fastened, in the intestines and stomach, effecting the health so sadly as to cause St. Vitus Dance, Fits, &c., that those afflicted seldom if ever suspect that it is Tape Worm hastening them to an early grave.—In order to destroy this Worm, a very energetic treatment must be pursued, it would threfore be proper to take 6 or 8 of my Liver Pills so as to remove all obstructions, that the Worm Syrup may act direct upon the Worm, which must be taken in close of 2 tablespoonfulls 3 times a day—these directions followed have never been known to fail in curing the most obstinate case of Tape Worm. Youth, Age, Style, Taste, Beauty
and Fashion.—The seasons of life should be
arranged like those of the year. In the spring of
youth, when all is lovely and gay, then as the
green cover is spread on all the face of smiling nature, in brightness and beauty, so lot the dress partake of the season. Fine taste, as well as fashion,
decrees the necessity or nicely adapted garments

blood of youth dancing warmly in his veins, should
not run into extremes of dress; nor yet should he

This offers a fine opportusity for any one wishing to engage in the business. For particular enquire of ara enquire of Dr. M'ALLISTER, apr 19 tf-13] Orange st., Lancaster, Pa.

Entered according to Act of Congress, in the year 1851, by J. S. HOUGHTON, M.D., in the clerk's Office of the District Court for the Eastern Dis trict of Peansylvania.

The True Digestive Fluid or Gastric Juice REPARED from Rennet, or the fourth Stomes ach of the Ox, after directions of BAPON LIBRID, the great Physiological Chemist, by J. S. Houghton, M. D., Philadelphia, Pa.

the great Physiological Chemist, by J. S. Houpton, M. D., Philadelphia, Ra.

This is a truly wonderful remedy for Indigestion,
Dyspepsia. Jaundice, Liver Complaint, Constipation, and Debility, curing after Nature's own
method, by Nature's own Agent, the Gastric Juice.

Half a teaspoonful of Pepsin, infused in water,
will digest or dissolve, Five Pounds of Roast Bee
in about two hours, out of the stomach.

Persin is the chief element, or Great Digesting
Principle of the Gastric Juice—the solvent off he
food, the purifying, preserving and attinulating
agent of the stomach and injestines. It is extracted
from the digestive stomach of the Ox, thus ferming an Artificial Digestive Fluid, precisely like the
natural Gastric Juice in its chemical powers, and natural Gastric Juice in its chemical powers, and natural Gastric Juice in its chemical powers, and furnishing a complete and perfect substitute for it. By the aid of this preparation, the pains and evile of Indigestion and Dyspepsia are removed, just as they would be by a healthy stomach. It is doing wonders for dyspeptics, curing cases of Debility, Emaciation, Nervous Decline, and Dyspeptic Consumption, supposed to be on the serge of the grave. The acientific evidence upon which it is based, is in the highest degree curious and remarkable.

SCIENTIFIC EVIDENCE:

Baron Liebig in his celebrated work on Anima

Baron Liebig in his celebrated work on Anima Chemistry, says: "An artificial Digestive Fluid, analogous to the Gastrie Juice, may be readily prepared from the mucous membrane of the stomach of the eaff, in which various articles of tood as meat and eggs, will be softened, changed, and digested, just in the same manner as they would be in the human stomach."

Dr. Percina, in his lamons treatise on "Food and Diet," published by Fowler & Wells, New York, page 35, states the same great fact, and describes the method of preparation. There are few higher authorities than Dr. Percina.

page 35, states the same great tact, and describes the method of preparation. There are tow bigher authorities than Dr. Pereira.

Dr. Combe, in his valuable writings on the "Physiology of Digestion," observes that "a distinguished prolessor of medicine in London; who was severely affliced with this complaint, finding everything clse to fail, had recourse to the Gastrie Juice, obtained from the stomach of living animals, which proved completely fuccessfull."

Dr. Graham, author of the famous works on "Vegetable Diet," says: "It is a remarkable fact in physiology, that the stomachs of animals, macerated in water, impart to the fluid the property of dissolving va. ious articles of food, and of effecting a kind of artificial digestive process."

AS A DYSEPSIA CURER,

Dr. HOUGHTON'S PEPSIN has produced the most marvellous effects, in curing cases of Doblity, Emaciation, Nervons Decline, and Dyspeptic Consumption. It is impossible to give the details of cases in the limits of this advertisement; but authenticated certificates have been given of more than Two Hundred Remarkable Cures, in Philadelphia, New York and Boston alone. These were nearly alldesperate cases, and the cures were not only rapid and wonderful, but permanent.

It is a great Nervous Anidote, and particularly useful for tendency to Billious disorder, Liver Complaint, Fever ar Ague, or badly treated Fever and Ague, and the evil effects of Quinine, Mercury and other drugs, upon the Digestive Orgens, after a long sickness. Also, for excess in eating, and the too free use of ardent spirits. It almost reconciles health with intemprance.
