CHERRY PECTORAL

For the rapid Cure of COUGHS, COLDS, HOARSENESS. BRONCHITIS, WHOOPING-COUGH, CROUP, ASTHMA, AND

CONSUMPTION.

To cure a cold, with Headache
and soreness of the body, take the Cherry
Pectoral on going to bed, and wrap up warm, to
sweat during the night.

For a cold and cough, take it morning, noon, and
evening, according to directions on the bottle, and
the difficulty will soon be removed. None will long
suffer from this trouble when they find it can be so
readily cured. Persons afficted with a seated
cough, which breaks them of their rest at night,
will find, by taking the Cherry Pectoral on going to
bed, they may be sure of sound, unbroken sleep,
and consequently refreshing rest. Great relief from
suffering, and an ultimate cure, is afforded to thousands who are thus afflicted, by this invaluable remedy. edy.

FAYETTEVILLE, TENN., April 16th, 1851.
Sir:—We have given your Cherry Pectoral an
extensive trial in our practice, and find it to surpass
every other remedy we have for curing affections of the respiratory organs.

DRS. DIEMER & HAMPTON. To singers and public speakers this remedy is avaluable, as by its action on the throat and lungs, when taken in small quantities, it removes al toarseness in a few hours, and wonderfully in-creases the power and flexibility of the voice.

Asthma is generally much relieved, and often wholly cured by Cherry Pectoral. But there are some cases so obstinate as to yield entirely to no medicine. Cherry Pectoral will cure them, if they can be cured. Bronchitis, or irritation of the throat and upper portion of the lungs, my be cured by taking Cherry Pectoral in small and frequent doses. The uncom-fortable oppression is soon relieved. Rev. Dr. LANSING, of BROOKLYN, New YORK, states:-"I have seen the Cherry Pectoral cure such cases of Asthma and Brnochitis as leads me

believed it can rarely fail to cure those discases."

For Croup. Give an emetic of anumony, to be llowed by large and frequent doses of the Cherry Pectoral, until it subdues the disease. It taken in season, it will not fail to cure.

Whooping cough may be broken up and soon cured by the use of Cherry Pec.orat.

The influenza is speculy removed by this rem-

edy. Numerous instances have been noticed where whole families were protected from any serious consequences, while their neighbors, without the Cherry Pectoral, were suffering from the disease. SALEM, Omo, June 11th, 1001. Dr. J. C. Ayer:—I write to inform you of the Dr. J. C. Ayer:—I write to inform you of the truly remarkable effects of your Cherry Prectoral in this place, and in my own lamily. One of my daughters was completely cared in three days of a dreadful Whooping Cough, by taking it. Dr. Means, one of our very best physicians freely states that he considers it the best remedy we have for pulmonary diseases, and that he has cured more cases of Croup with it than not other medicine he cases of Croup with it than not other medicine he ulmonary diseases, and that he has cured more ases of Croup with it than any other medicine he

ever administered.

Our clergyman of the Baptist Church says that during the ron of Influenza here this seasons, no has seen cures from your medicine he could scarcely have beneved without sceing.

Yours respectfully,

J. D. SINCLAIR, Yours respectfully, J. D. Danielle, Deputy Postmaster,
