I give you with pleasure my full and hearty recommendation of i pleasure my full and hearty recommendation of it as a preventive of Fire communicating from Chimneys, or from adjoining buildings. The Paint which you put on my roofs, has now become as hard as slate, and I feel as secure from Fire, in this direction, as is possible. A few weeks after the roofs had been painted, I made an experiment on two or three shingles by placing them in the furnace under the boilers; the result was, that the portion uncovered was entirly consumed, while the painted part was apparently sound, though upon examination the wood was found to be charred; the Paint however was firm and but little blistered. I consider this as severe a test as your Paint can be put to, this as severe a test as your Paint can be put to and under the circumstances I do not hesitate

From A. Woodward, M. D., of Penn. Universi From A. Woodward, M. D., of Pean. Numerous cases of disease of the Gental Organs, some of them of long standing, have came under my notice, in which is skill has been manifest in restoring to perfect his skill has been manitest in restoring to perfect health, in cases where the patient has been considered beyond medical aid. In the treatment of Seminal weakness, or disarrangement of the functions produced by self-abuse, or excess of venery, I do not know his superior in the profession. I have been acquainted with the Author some thirty years, and deem it no more than justice to him as well as kindness to the unfortunate victim of early indis-cretion, to recommend him as one in whose professional skill and integrity they may safely confide themselves.

ALFRED WOODWARD, M. D.

This is without exception, the most comprehensive and intelligent work published on the class of diseases of which it treats. Avoiding all technical terms, it addresses itself to the reason of its readers. It is free from all objectionable matter, and no parent, however fastidious, can object to placing it into the hands of his sons.
