Youth, Age, Style, Taste, Beauty and Fashion.—The seasons of life should be arranged like those of the year. In the spring oyouth, when all is lovely and gay, then as the green cover is spread on all the face of smiling nature, in brightness and beauty, so let the dress par-take of the season. Fine taste, as well as fashion, decrees the necessity of nicely adapted garments to age, circumstances and seasons. The ma whose head is silvered with age, who feels not the blood of youth dancing warmly in his veins, should not run into extremes of dress, nor yet should he permit his clothing to be so lar behind the times as render him ridiculous. There is a becoming fashionable diess, suitable for the age and seaso of file as well as the seasons of the year. You can be sutted in handsome style in clothing that is wen and fashionably made, of good materials that wil, fit well and become the figure and season, at the great Clothing Bazaar of JOSEPH GORMLEY,

The constitution of thousands who are raising lamilies have been enfectied, if not tooken down, and they do not know the cause or the cure.
