Money Wanted.

We need money badly at the present time ; and as we have a large amount standing on our books for subscription, advertising and job work, we should be pleased to see any number of our patrons step up, or down, as the case may be, to the "Captain's office" and settle their accounts. Of course this hint is not intended for those (and we have a goodly number of such) who are always prompt in paying the Printer. I will begin by ourselves. I will not tolerate the permanent occupation of Constantinoprompt in paying the Printer.

as follows :

carry it on.

An Apology.

Our time, for several days past, has been entirely taken up in moving and 'getting fixed' in our new quarters, consequently we have been unable to give much attention to the paper. Our readers will, therefore, know how to make allowance for any omissions or imperfections that may be appa rent in this number.

Appointment.

Governor Ligon, of Maryland, has re-appointed Col. J. FRANKLIN REIGART, of this city, Commissioner, with authority to take acknowledgement o Deeds, Mortgages, Letters of Attorney, or any writing under seal to be used or recorded in the State of Maryland. Col. R. held the office under the late Governor Lowe, and his re-appointment is no less complimentary to our townsman than kind and ju-

Any suggestions which may be induced by zi examination of the tables of the United States Census, for this county, should beforwarded at an early day to Mr. DE Bow, Superintendent of the Census office at Washington, with a view to the correct ness of other publications from that office.

ID The bill providing for building six steam frigates, in accordance with the recommendation of Secretary Dobbin, has passed both; branches of the National Legislature and is now a law. In the present troubled state of Europe, we think this a wise movement on the part of Congress.

17 The Coalitionists, embracing Whigs, Maine Law men, and Free Soilers, have carried the elections in Rhode Island and Connecticut, by heavy majorities. So much for re-opening the slavery agitation which it was supposed was forever quie ted by the passage of the Compromise Measures of 1850.

TAXABLE PROPERTY OF THE STATE .- The aggregate of taxable property fixed by the Revenue Board of this State is \$531,469,556. These sums will yield the following revenue to the Commonwealth :-- Tax on property subject to a tax of three mills, ±1,577,237 44; tax on property subject to a tax of one per cent., \$52,613 83; tax on property subject to a tax of two per cent., \$6,580 50; tax on watches \$11,338 75; gross amount of revenue, \$1.648.920 62. From this amount deduct \$100.-000 for collection, exonerations, &c., and we have nearly \$1.548 920 52 net révenue. The expected revenue for this financial year exceeds by some thousands of dollars the estimated expenditures.

SECOND PRESETTERIAN CHURCH .--- This build ing (formerly the Mechanics' Institute, in South Queen street,) is now nearly completed, and will, in a few weeks, be dedicated to the service of God. The building is of the Gothic style of architecture and its exterior, when finished, will present quite an imposing appearance. Its interior is handsome ly and tastetully frescoed-and the two large win dows, east and west, are stained glass, which add greatly to the beauty of the room. The Pulpit is

it the east end, and a Gallery for the Choir at the west. Four hundred persons can be comfortably seated in the body of the Church. There is also fine and neatly finished Lecture Room on the first floor, which will hold about three hundred person The superintending Committee, Messrs. Sr. Louis, March 27, 1854. We are now enjoying delightial spring weather-dreary old winter has filled its mission and taken its leave, to the entire satisfaction of all, and nore particularly the poorer class. Strangers from the country towns continue to

pour into our city from all quarters-the country merchants are purchasing large stocks ol goods, and our business thoroughtares are literally choakup with drays, boxes and barrels.

The examination in the Kate Kearney case wa ncluded a day or two since, the result of which was, the Captain, Mr. John Bruner, was commit-ted to answer at the next session of the U.S. District Court, which will be held in two weeks. He is now under bail in the sum of \$5,000. The engineer was unable to appear, in consequence of the injuries-received at the time of the explosion. The vidence in this case covers 120 pages of closely

written matter, and it is said turnishes some mo startling disclosures, not only in this case, but what seems to have been the practice among steamboat men. It was proved that the boiler of the Kate Kearney was leaking the day previous to the accident, and that the Captain was apprised of it.--But, it was also proven that other boats had run or weeks, and in fact months with defective boil ers, and they leaking badly all the time.
