Hurd's Golden Gloss for the Hair.—Among the many preparations for the growth of the Hair, this Golden Gloss takes the lead. Three reasons will be given why it is so universally used and preferred to all others. Dear Sir: We have used your "Plattic

Bridges, Depots, &c., &c., we have found it quite equal to any paint we have used. In fact, we not give it a preference over all others we have tried for such purposes. Yours Respectfully, (Signed,) JOHN TUCKER, President, Augusta, Ga., September 29, 1802.) Steam Planing Mills.

Steam Planing Mills. [§]
Dear Sir: You ask me for my opinion of 'Siver's Mineral Paints," which you have put on my
Machine Shop and Planing Mill. I give you with
pleasure my full and hearty recommendation of it
as a preventive of Fire communicating from Chimas a preventive of Fire communicating from Chimneys, or from adjoining buildings. The Paint which you put on my roofs, has now become as hard as slate, and I feel as secure from Fire, in this direction, as is possible. A few weeks after the roofs had been painted, I made an experiment on two or three shingles by placing them in the furnace under the boilers; the result was, that the portion uncovered was entirly consumed, while the painted part was apparently sound, though upon examination the wood was found to be charred; the Paint however was firm and but little blistered. I consider this as severe a test as your Paint can be put to, this as severe a test as your Paint can be put to, and under the circumstances I do not hesitate to

commend it as an invaluable preventive against Fire.

Respectfully, &c.
