Jos. S. Longshore, M. D.

From A. Woodward, M. D., of Penn. University, Philadelphia.—It gives me pleasure to add my testimony to the professional ability of the Author of the "Medical Manual." Numerous cases of disase of the Gental Organs, some of them of long standing, have came under my notice, in which is skill has been manifest in restoring to perfect has skill has deen mannes in restoring to perechealth, in cases where the pationt has been considered beyond medical aid. In the treatment of Seminal weakness, or disarrangement of the functions produced by self-abuse, or axcess of venery, I do not know his superior in the profession. I have been acquainted with the Authorsome thirty years, and deem it no more than justice to him as well as kindness to the unfortunate victim of early indiscretion, to recommend him as one in whose professional skill and integrity they may safely confid-themselves. ALFRED WOODWARD, M. D.

This is without exception, the most compre ins is without exception, the most compre-iensive and intelligent work published on the clas-of diseases of which it treats. Avoiding all tech-nical terms, it addresses itself to the reason of is readers. It is free from all objectionable matter, and no parent, however fastidious, can object to placing it into the hands of his sons. The author has devoted many years to the treatment of the various complaints treated of: and, with the little breath to puff, and too little presumption to impose, he has offered to the world, at the merely minal price of 25 cents, the fruit of some twenty years' most successful practice."—Herald.

The constitution of thousands who are raising families have been enfeebled, if not broken down, and they do not keow the cause or the cure. DR. WM. YOUNG,

A GREAT MEDICINE FOR FEMALES.—The A GREAT MEDICINE FOIR FEMALES.—The unparallelled effects of this great restorative, in all complaints incident to Females, mark a new era in the annuls of medicine. Thousands of stimulants have been invented—thousands of invigorants tants have been in cented—thousands of invigorants concocted—all purporting to he specified in the various diseases and derangements to which the delicate formation of woman render her liable.—The result has heretofore been uniforn. These nostrums have indeed simparted a momentary vi-

nostrums have indeed simplified a momentary vivacity to the nervous system, a transient and defusive vigor to the nuncles; but this flash of relief has been succeeded by a depression and prostration greater than before, and the end has too often been utterly to paralyze the recuperative power of the nerves, and the vital organization, and finally to destroy the unhappy patient. Every woman of sense, who suffers from weakness, derangement, nervousness, tremors, pains in the back, or any other disorder, whether peculiar to her sex, or common in both sexes—to give the Invigorating Cordial a trial.

MARRIED PERSONS, or others, will find this Cordial atrial.

MARRIED PERSONS, or others, will find this Cordial atter they have used a bottle or two, a thorough regenerator of the system. In all directions are to be found the happy parents of healthy offspring, who would not have been so, but for this extraordinary preparation. And it is equally potent for the many disease for jwhich it is recommended. Thousands of words

tent for the many disease for iwhich it is recom-mended. Thousands of young men have been re-stured by using it, and not in a single instance has it lailed to benefit them. PERSONS OF PALE COMPLEXION, or conpleation low.

TO THE MISGUIDED.—These are some of the sad and melancholy effects produced by early habits of youth, viz: weakness of the back and limbs, pains in the head, dimness of sight, loss of muscular power, palpitation of the heart, dyspepaia, nervous irritability, derangement of the digestive functions, general debility, symptoms of consumption, &c.

Mentally, the fearful effects on the mind are much to be dreaded. Loss of memory, confusion of ideas, depression of spirits, evil forobodings, aversion to society, self-distruct, love of solitude, timidity, &c. are some of the evils produced. All thas afflicted before a ntemplating marriage should reflect that a sound mind and body are the more necessary requisites to promote conna iar ness: indeed, without these the journey threefin ness: indeed, without those the Journey thregolife becomes a weary pilgrimage the prospect hourly darkens the view; the mind becomes shadowed with despair, and filled with the melancholy reflection that the happiness of another is blighted with

PARENTS AND GUARDIANS, are often misled with respect to the causes and sources of diseases in their sons and wards. How often do they ascribe to other causes of wastings of the frame, idiocy, madness, palpi ation of the heart, indigestion, derangement of the nervous system, cough and symptoms indicating consumption, when the truth is, that they have been indulging in a pernicious though alluring practice, destructive both to mind and body.
