The juices of this herb, concertance with the remedy centrated and combined with other vegetable me dicinal extracts, are now producing results hereto fore unheard of, in this, or any other country. At first the properties attributed to Prof. Morse's In-vigorating Elizer or Cordal were deemed fabu-lous. The public often deceived could not believe the simple and sublime truths announced by the iscoverer. But facts, undeniable facts atte by witnesses of the highest class and character, are now triumphing over all doubts. Incredulity is overthrown, by a mass of testimony which is per-

ectly irresistible.

The Elizer remedies, in all cases, the deplorable

evils arising from a misuse or abuse of the various organs which make up the wonderful machine called man. It restores to full vigor every delicate function connected with that mysterious compound function connected with that mysterious compound agency of matter and mind, necessary to the reproduction of human life. To persons of feeble muscular frame, or deficient in vital power, it is recommended as the only means of communicating that mergy which is necessary to the proper enjoyment of the natural appetites as well as the higher mental attributes. Its beneficial effects are not confined to either sex or to any sign. The feeble girl, the ailing wife, the listless; enervated youth, the overworn man of business; the victim of nervous debility, or from the wenkness of a single organ, will all find immediate and permas nent relief from the use of this incomparable renand relief from the use of this incomparable ren-ovator. To those who have a predisposition to paralysis it will prove a complete and unfailing safeguard against that terrible malady. There are many, perhaps, who have so trifled with their constitutions, that they think themselves beyond the reach of medicine. Let hot even the The Elixer deals with disease as it exist disorder itself, but rebuild the broken constitution.
The derangements of the system, leading to nervous diseases, and the forms of nervous disease itself are so numerous that it would requ unn to enumerous that it would require a col-umn to enumerate the maladies for which this preparation is a specific. Beer in mind that all maladies, wherever they begin finish with the nervous system, and that the paralization of the nerves of motion and sensation is physica death. Bear in mind also, that for every kind

The mental and physical symptoms of nervous disease vanish altogether under its influence. Nor is the effect temporary; on the contrary, the relief is permanent, for the cordial properties of the medicine reach the constitution itself, and restore to its nominal condition.
