Dr. Morse's Invigorating Cor-ppi-iost dial.-A Phenomenon in Medicine. Health restored and Life lengthened, by Dr. Morse's In-vigorating Eliner or Cordial. For centuries Medi-cal science has been ransacking the vegetable and mineral kingdoms, in search for something that should restore the lost or decaying endrgies of the nervois and muscillar systems, without the draw-back of subsequent prostration, which all stimu-lants, tonics, and narcoties had heretoffre entailed. That something has been found. It is a vegetable on production, brought from the storile deserts of Arabia the stony; by the celebrated Professor M. Jorse, well known as a distinguished member of the leading scientific societies of the Old World, ber and equally distinguished as a physician, a chem, iat, and a traveller. The juices of this herb, conf dicinal exiracts, are now producing results hereto fore unheard of, in this, or any other county. At fore the proper iter attributed to Prof. Ylorse's In-vigorating Elirer or Cordial were desmed fabu-lous. The public often deserved could into believe the simple and sublime triths announced by the discoverer. But facts, undeniable facts a used by witnusphing over all doubts. in the diseased, debitiated and shattered nervous system, whether broken down by excess, weak by nature, or impaired by sickness, the unstrung and relaxed organization is at once braced, ro-vivified and built up. The mental and physical symptoms of nervous disease vanish altogether under its in-fluence. Nor is the effect temporary; on the contra-ry, the relief is permanent, for the continal proper-ties of the medicine reach the constitution itself, and restore to its nominal condition. Well may the preparation be called the medicinal worder of a the nineteenth century.
