It is free from all objectionable matter, and no parent, however fastidious, can object to placing it into the hands of his sons. "No teacher or parent should be without the knowledge imparted in this invaluable work. It would save years of pain, mortification and sorrow to the youth under their charge."—People's Advocate.

A Presbyterian clergyman in Ohio, writing of Hunter's Medical Manual? says:-" Thousands upon thousands of our youth, by evil example and affuence of the passions, have been led into the habit of self-pollution, without realizing the sin and fearful consequences upon themselves and their posterity. The constitution of thousands who are raising families have been enfeebled, if not bro ken down, and they do not keow the cause or th cure. Anything that can be done so to chlight and influence the public mind as to check, and ultimately to remove this wide-spread source of human wretchedness, would confer the greatest blessing next to the religion of Jesus Christ, on the present and coming generations. I feel it to he my duty to solemnly assure you that WORMS, according to the opinion of the most celebrated Physicians, are the primary chases of a large majority of diseases to which children and adults are liable; if, you have an appetite continually changeable from one kind of food to an other, bad Breath, pain in the Stomach, picking at the Nose, hardness and fullness of the Belly, Dry Cough, Slow Fever, Pulse irregular—remember that all these denote WCPMS, and you should at once apply the remedy.

An article founded spon scientific principles, fore unheard of, in this, of any other country. At first the properties attributed to Prof. Morse's Invigorating Elixer or Cordial were deemed fabulous. The public often deceived could not believe the simple and sublime truths announced by the discoverer. But facts, undeniable facts attested by witnesses of the highest class and character, are triumphing over all doubts. locredulity is overthrown, by a mass of testimony which is porectly irresitible.

The Elizer remedies, in all cases, the deplorable

evils arising from a misuse or abuse of the various organs which make up the wonderful machine cal-led man. It restores to full vigor every delicate function connected with that mysterious compound agency of matter and mind, necessary to the re-production of human life. To persons of teeble muscular frame, or deficient in vital power, it is muscular frame, or deficient in vital power, it is recommended as the only means of communicating that nergy which is necessary to the proper enjoyment of the natural appetites as well as the higher mental attributes.

Its beneficial effects are not confined to either sex or to any age. The feeble girl, the aiting wife, the listless, enervated youth, the overworn man of business, the victim of nervous debility, or from the weakness of a single organ, will all find immediate and permanent relief from the use of this incomparable renovator. The Elizer deals with dispase as it exists, without reference to cases, and will not only remove the disorder itself, but rebuild the broken constitution. The derangements of the system, leading to nervous diseases, and the torms of nervous diseases itself are so numerous that it would require a column to enumerate the maladies for umn to enumerate the maladles for which this preparation is a specific. A few, however, may be enumerated, viz: nenralgia, the dolereaux, headache, incipient paralysis, hystoria, palpitation of the heart, spinal affections, muscular debitity, tremors flatulence, a pricking sensation in the flesh numbness, torpidity of the liver, mental depression, weakness of the will, indisposition to more faintness after exercises, broken step and pression, weakness of the will, indisposition to move, faintness after exercises, broken sleep and terrifying dreams, inability to remain in one place or position, weakness of the procreative organs, sexual incompetency, melancholy, monomania, fluor albus, sinking of the stomach, female irregularities a chronic tandancy to miscarrings appears luor albus, sinking of the stomach, semestriage, ema-arities, a chronic tendency to miscarriage, emaciation, and all complaints growing but of a free indulgence of the passions and all barrenness that does not proceed from organic causes beyond the reach of medicine.

Whenever the organs to be acted upon are free from mallormation or strictural diseases, it is averred that Morse's invigorating Elixir will replace weakness with strength, incapacity with efficiency, irregularity with uniform and natural activity, and this not only without hazard of reaction, but with a happy effect on the general organization.
