Know-Nothingism Exposed. The Pennsylvania, of Friday last, exposes in toto the proceedings of the Grand State Council of Know-Nothing, which held their session, in Philadelphia, on the Tuesday and Wednesday previous.

The President of the Council or Convention, it appears, was Professor TIFFANY, of Dickinson College, Carlisle, a preacher in the Methodist Church, and a bitter and uncompromising Whig at that.

We have known him for a number of years, and therefore do not speak at random.

The Pennsylvania contains a full report of the speeches and proceedings of the Convention, notwithstanding they sat with closed doors, and had taken every precaution, as they supposed, to prevent anything from leaking out.

By this report we learn that there are, or were 636 Lodges in the State, and that the members in good standing number 80,000, of whom 62,000 are Whigs and 18,000 Democrats.

but it was feared by some of the speakers that many of the Democrats would resign or be expelled before the day of the election.

Within the last two weeks 30,000 resignations and expulsions had taken place. In York county alone the number had decreased from 2700 to 7000 and elsewhere in the State the same condition of things existed.

The President and several of the speakers further stated, that should the proceedings of the Grand Council be exposed by the Pennsylvania, as the proceedings of the Order here had been by that paper, they would at once, with all their friends, withdraw from the concern; and further predicted that, in case of an exposure, nothing could prevent the election of Governor BIGLER by 15,000 majority.

The reason given for this opinion was that the Whig party throughout the State is disorganized, and that nearly all the Democrats who have joined the Lodges, finding it incumbent upon them, in compliance with their oaths, to vote for POLLOCK, have withdrawn.

A resolution was offered by WILLIAM D. BAKER, Esq., a Whig member of Philadelphia, and adopted, requesting the members of the Order to go armed to the Polls and SEIZE UPON THE BALLOT-BOXES wherever it may be deemed necessary!

This exposure of the action of the Grand Council, and their treasonable designs against the purity of the elective franchise and the ballot boxes, we think must put a finishing stroke to Know-Nothingism. This second edition of "Backshot and Ball" tactics, will open the eyes of every Democrat, who yet adheres to the Order, to the real designs of the leading conspirators, all of whom are Whigs, and induce him at once to retract his steps into the ranks of his party, and cease his saving the Constitution and laws of the country from the dangers which now menace them.

Day is Breaking! From nearly every portion of this country we have cheering political tidings. Our democratic friends are fully aware of the nature and condition of the position they have to meet, and they have determined to meet it firmly, AND TO HELP PUT DOWN BY A CONTROLLING MAJORITY, the secret conspiracy which some foolish men have conceived and calculated to defeat Gov. Bigler.

DAY IS BREAKING! The masses of the people are awaking to the true issue placed before them. They know and they feel that it is OUR SACRED CONSTITUTION against which the first blow is aimed. WITHOUT A CHANGE OF OUR CONSTITUTION ALL KNOW-NOTHING SUCCESS ARE VAIN. It is, therefore, TO THE DEFENSE OF THE CONSTITUTION that the people will rally. Judge Pollock and his brother Know-Nothings will go down like rushes before the battle.

Not Democrats alone but Whigs, and all true patriots will join to swell the tide of denunciation with which the condemnation of the country will be spoken.

Now then, for the onset TO-DAY!

Be Firm—Be United! The Democratic party can always be relied upon in times of danger. It is the nation's right hand in time of war, and her refuge of safety in Peace!

Democrats contemplate the history of the Past. Think of the Alien and Sedition Laws, and the immortal Jefferson—of the United States Bank and the glorious Jackson. Then think of the vulgar proscription Know-Nothing tyrants, and resolve as one man to crush them. AWAKE! AWAKE! or be forever fallen.

NOW, THEN, TO THE POLLS, Democrats of Lancaster County, and cast your votes solid for WILLIAM BIGLER, and the whole State and County Tickets.

The City Democracy Meeting! Large and enthusiastic meetings were held at Nellig's and Blenkinsop's Hotels, on Thursday and Friday, in this City, on Tuesday, Saturday and last evening, which were addressed by Messrs. SANDERSON, WATSON, LEONARD and SWARTZ.

TO THE POLLS DEMOCRATS! To The Rescue!!

A LONG PULL, A STRONG PULL, AND A PULL ALTOGETHER!! In Favor of DEMOCRACY, Equal Rights, Universal Suffrage, and the Purity of the Ballot Box; and OPPOSED to Shipmasters, a State Debt, Enormous Taxation, and High Pressure Federalism in general.

"UNION, HARMONY & VICTORY." THE WANTS OF A ROAD FROM ONE GIVEN POINT TO ANOTHER WOULD PREVENT A PORTION OF THE PEOPLE FROM GETTING TO MARKET, TO CHURCH OR TO OTHER PLACES WHERE MEN ARE IN THE HABIT OF MEETING IN BUSINESS, IN PURSUANCE OF THEIR PROPER DUTIES, THE ROAD IS NECESSARY. This general necessity may be inferred from a favorable report of the views. It cannot be opened as laid out without removing a house of other important buildings, the particular necessity for locating it on this precise line, and not elsewhere, must be made to appear affirmatively. If another way can be had equally as useful, and not so expensive, unless the difference in the expense of making it would be considerably greater than the value of the house.

In the present case, nothing is gained by running the road through the house except a straight line, and nothing would be a curve which would make it a few rods longer.

The reported rupture between Turkey and Persia is officially contradicted. In Spain affairs are unchanged. The Ministerial crisis in Belgium is over. THE LATEST.—It is decided that neither Swear nor Constant shall be attacked this session.

ELECTION TO-DAY—OCTOBER 10TH. Farmers', Mechanics', Workingmen's Democratic Republican State and County TICKET. FOR GOVERNOR. William Bigler. CANAL COMMISSIONER. Henry S. Mott. JUDGE OF SUPREME COURT. Jeremiah S. Black. CONGRESS. Joseph S. Lefever. SENATORS. Nathan Worley, William Stever. ASSEMBLY. Hugh M. North, Cyrus S. Haldeman, Robert Montgomery, Jacob L. Gross, William K. Leonard. SHERIFF. Mark Connell, jr. PROTHONOTARY. B. Franklin Holl. REGISTER. James H. Houston. RECORDER. Dr. Levi Hull. CLERK ORPHANS' COURT. Charles M. Howell. CLERK QUARTER SESSIONS. John C. Martin. COUNTY COMMISSIONER. John W. Clark. DIRECTORS OF THE POOR. Dr. Samuel Wiest, David M. Eberly. PRISON INSPECTORS. William White, George W. Boyer. AUDITOR. Samuel E. Keller. CORONER. Clark Phillips. ASSOCIATE LAW JUDGE. Newton Lightner.

Under this caption, the Philadelphia Oracle, (a Clay Whig paper opposed to Know-Nothingism,) has the following remarks about the Democratic candidate: "The great interests in the present contest turn upon the question who shall be our Governor for the next three years. If this office falls into the hands of a member of the Know-Nothing Order, it will be used as CONRAUS uses his in this city, and as WILLIAM D. BAKER has used there. It is fortunate for the friends of constitutional liberty that Mr. BIGLER is a man of irreproachable morals, of great talents, and of high social and domestic standing. His efforts have been unflinching to keep the State from being overthrown by moneyed corporations; to prevent the creation of fresh debts; to insure an economical administration; and to secure the passage of 'omnibus bills,' whereby the most nefarious schemes are realized at the close of the session. The finances of the State have been so ably managed, that we wish now to see the State recovering from the incubus that has weighed upon the energies of the State for so many years past. The saving this year will amount to \$1,000,000. Let us have a more judicious and a perseverant one in our present course, and place us upon the pinnacle of prosperity." But it is as the Defender of the Constitution that we wish to present the claims of Governor BIGLER. Among the earliest in the State to take a decided stand against the proscription and intolerance of the new party, his efforts have been the most successful. The latter which he wrote while convalescent from a serious sickness; is the best exposure extant of the dangerous tendencies of Know-Nothingism, and his efforts have been so ably rewarded, and made clearly apparent that to carry out the designs of the Order would involve the establishment of a State church.

Democratic Know-Nothings. Some of our Democratic friends have been enticed into the ranks of this secret society, under the delusion that some great good is to be done by an order that does not exist. Let them now remember that the very first act required of them is to vote for a Whig Governor. Can they be so deceived or easily? Can they be so soon? If it is not all a deception; a Whig trap into which they have fallen; but let them further remember that the oaths they have taken are in no sense binding. They bind neither the conscience, the honor, nor the act of any man.

Supreme Court of Penna. OPINION DELIVERED BY HARRISBURG, JUNE 8, 1854. A public road should be so located, if possible, as to avoid crossing any existing road.

Arrival of the Steamer Canada—Landings of the Steamer Canada—The Steamer Canada, from Liverpool, arrived here this morning at half past five o'clock.

The Canada brings news of the Collins steamer Arctic, which sailed on her regular day, Wednesday next, for New York.

THE WAR. It is officially announced by the French and English Governments that 58,000 men of the Crimea expedition had landed without opposition at Eupatoria.

It was stated from Constantinople, but not yet confirmed, that at the present moment the Russian fleet had again run into Sevastopol.

It was reported that the batteries of Odessa had been bombarded by the Russian fleet, and that the evacuation of Moldavia is now complete.

Table of Candidates for Election to-day: Name, Residence, and Votes.

THE VOICE IN 1851.—Bigler was then elected by a majority of 87, over Wm. F. Johnston. The vote throughout the State was as follows: William Bigler, Democrat, 187,490; Wm. F. Johnston, Whig, 173,034; Kimber Cleaveland, Native, 1,850; Wm. Elder, Abolition, 8; Scattering, 8.

Jersey Pollock as an Orator.—Yesterday evening we had the pleasure of listening to the Whig candidate for Governor, who delivered a large crowd in the theatre of the American Hotel.

Old Berks Foreer.—An immense Democratic meeting (as we learn from the Gazette) was held in Centre Square in the City of Reading on Thursday evening last.

Consensus Awaite! A very large and enthusiastic meeting of the Democracy of Conestoga and the adjoining township, was held at the public house of John Koly, Esq., in Safe Harbor, Saturday evening.

More Aid to the Democracy! The following ticket for State Officers and Congressmen has been agreed upon by a Convention of the Clay Whigs of Philadelphia.

Book Notices, &c.—THE UNITED STATES REVIEW, for October, is on our table. It is well worth a perusal.

THE CONGRESSIONAL CALENDAR. The contest between the two opposing Whig candidates for Congress, in this district, was warm and warm—and the strength of Messrs. HESTER and ROBBERS seems equally balanced as to render it almost certain that if our candidate, Mr. LEFEVER, should receive every Democratic vote in the County, his election would be secure.
