The controversy between the St. Louis, Nov. 21, 1602.

The Whig Central Committee, alias "Whig Jockey Club," alias Mo. Republican, of which I referred in my last, has been pending during the week the bar of public opinion, affording considerable amusement to politicians and to the readers of the respective prints generally. The effusions daily put forth are remarkable for their slang and vituperation. Both professedly Whig—yet, strange to say, the managers of either neverconsidered themselves of the same managers of either neverconsidered themselves of the same readers of the respective prints generally. The effusions daily put forth are remarkable for their slang and vituperation. Both professedly Whig-yet, strange to say, the managers of either neverconsidered themselves of the same creed, notwithstanding they have heretofore unfuried the same banner, met in the same Whig Conventions, eulogized the same candidates, and, in short, were hand in land, cheek and jowl in all and everything to promote the cause for which they both appeared to be so devotodly attached—oxcept the "last supper," which recently came off at the Planters House! In this, they were soparated—oxcept the "last supper," which recently came off at the Planters House! In this, they were soparated—oxcept intelligencer were exceedingly fond of oyster soup and blasched venison, and only so much of the \$1000 bet was to be oxpended for edibles. (The Whig Central Committee won a \$1000 on the success of Luther M. Kennett at the last August election.) The Intelligencer had its stoy backed by the "Whig Jockey Club," and the result is, the lungry men of the Intelligencer, with their paper, political intrigues, Whig principles and all, have been "read out" of that powerful Whig party—known only in history, and nothing very craditable to hand down to posterity either-Yes, actually "read out," horse, foot and dragoons, and left without the slightest particle of balm to heal its wounded honor. The Intelligencer man, in a great rage, issues a faming "Bull" to the passengers and crew of the fast sinking ship of Whiggery, in which takes occasion to take the party has a sinking ship of Whiggery, in which takes occasion to the sum of Lancaster. When in its spring time of life it shewed battle manfully, but for the want of enterprise and sound measures, it became weak and feeble, and finally staggering fell

"Deep in the boson of the ocean buried."

A grand Indian Council is called, to be held on the first sonday in December, at the North Fork, on the invitation of the Cherokees. The Choctaws, Chickasaws, Creeks and Seminoles will be in attendance. The object of the convention is to protest against a bill introduced in the Senate at the last session of Congress by Mr. Johnson, to open the territories of Chat-okee, Chat-ha and Mus-orgee. It seems to be the general impression that Mr. Johnson is bill was very librarit to the Indians, and probably one of the best that could be made; and if the red-skins understand their own interest, they would accept it, for the people of Missouri, Arkansas, Texas and the territories, will soon be pressing upon them, and in all probability drive them from their present homes.

The trial of Mrs. Mary C. W. Baker, for the murder of Win. O. Huffman, formerly from Harrisburg, Pa. has terminated in her acquittal. The jury, after two hours consultation, returned a verdict of "not guilty." Thus ends another volume of "Crimes in St. Louis." The derman citizens have held-several "ladignation meetings" in regard "Deep in the bosom of the ocean buried." another volume of "Crimes in St. Louis." The German citizens have held-several "iadignation meetings." in regard to the acquitta of Mrs. Baker and the verdict of the jury, but what action these gatheringstook in the matter, is not known, as they were in secret.

On Monday night last a painful accident occurred at the People's Theatre to one of the actresses. At the time of the closing scene in the play of the "Last Days of Pompell," one of the side scenes fell, and struck Miss Barnett, a young lady belonging to the company, breaking two of her ribs and fracturing her skull. But little hope is entertained arnessed for the battle. I stated in my last that Senator Atchison would not be his post at Washington this winter, but it is now stated and he will be there on the opening of Congrest Senat that e will leave this state in a few days for the Capital. Mrs. Eliza Craft, formerly of Pennsylvania, died at Mt. leasant, lowa, on the 27th of October, in the fiftieth year force for.

An election was held at New Orleans on the 9th inst, on the question of a Prohibitory Liquor Law, which resulted in favor of the continuance of licenses. The majority against a Prohibitory Law is 4,996.

An election for Delegate to Congress from the Territory of Kanasa, takes place on Wednesday next (29th inst.)—Several sandidatos are in the field, among them are one or two Pennsylvenians, and I believe four or five from this State. But the general impression seems to be that Mr. Whitfield will be the successful candidate.

It is now apparent from the returns on the State Ticket in Illinois, that Gov. Moore, the Democratic (Nebraska) candidate for State Trassurer, has been elected by a handsome majority. The Whig papers of that State have put their heads together, and elected Archer, (Whig) over Allen, (Dem.) by a single voto! But there is no doubt of Mr. Allen's election, which the official count will make clear. Hon, R. W. Johnson, by a unanimous vote of both houses has been elected to the U.S. Senate from Arkanesa. Mr. J. represented his State in the lower House of Congress for a number of years with distinguished ability.

Col. Bonton left this city on Thursday last for Washington.

A few days since our police made quite a haul of stolen cods. An individual named Cassiday had been suspected or some time of receiving stolen goods—and a large numer of houses have recently been entered and robbed of values articles—spoons, knives and forks, clothing of all bor of noises may recently been enture and robose of various articles—spoons, knives and forks, clothing of all kinds, &c. have been among the missing, so a warrant was issued, and Cassiday's house searched, in which were found some three or four loads of stolen goods. He, with several others, were arrested, and notice was given to those who had lost anything, to call and examine the stock, which they did, and some forty or fifty persons identified their missing goods and chattles; a fousiderable portion of the "stock" has not as yet been indentified, but the probability is, it will be claimed by the owners. This was a wholesale transaction, and Cassiday, it is evident, possesses a business tact, rarely equalled in this wooden country. Five prisoners examed on Monday last from the Terre Haute, Ind., Jail. Their names are Thomas Hayden, Wm. Smith, Geo. Burton, Patrick Cannada and Peter McCann A reward of \$300 is offered for their recovery.

The trial of Jackson for the murder of J. B. Laidlaw, the scenic painter, is set for to-day in the Criminal Court.

THE P. O. DEPARTMENT AND ITS MANAGE-MENT.—"X," the well known Washington correspondent of the Balt. Sun, in his letter of the 17thult., uses the following language in speaking of the management of the Post Office Department, under its present indefatigable head:
"I have already stated that in spite of the increased expenses and increased usefulness of the Post Office Department, such is the rigid economy with which it is being managed, that with the increased revenue from postage, it is expected that in about four years from now, provided the same economical management of the Department be continued, the revenue will cover the expenditure. Since the 4th of March, 1853, but one single defalcation has occurred, (in the case of the P. M. at Troy, N. Y.,) but the sub-treasury act being promptly applied, the whole amount was re-covered, and no loss, therefore, was sustained by the Department. Considering that there are about 23,000 post offices in the United States, the fact is certainly highly creditable both to the administration of the Post Office Department, and in the discrimination used in the appointment of postmasters."

Look out for Worthless Money .- Too much care cannot be observed in taking, at this time, paper money, especially that coming from other States and the District of Columbia. The country is full of this worthless or fraudulent trashs Our market people are the worst sufferers. A farmer, some days ago, was paid four goodlooking five dollar notes on the "Commercial Bank of Millington," which was a N. York concern, located in a village of half a dozen old houses in Maryland, and which exploded a dozen years ago. There are also some Ouarter Eagles in circulation, as we have heretofore stated, which require a close examination to detect.—Reading Gazette.
