Sam" gelting into bed offer-His extravegance—The clear in Hills will be disconting from the control of the first bury of the function of the fun

PHILDELPHIA, Jan. 13, 1855.

In the political world it seems that "Sam" like all other greatmen, has his "downs" as well as "ups" and that not withstanding his many successes he is by no means invincible. Great gratification was felt by the Democracy here at his failure to secure the control of the organization of the Pennsylvania Senater. Much indignation is felt toward those members of the House who were elected on the Democratic Firste and deserted to the enemy. The Democratic Firste and deserted to the enemy. The Democratic party here feel pretty confident of electing a Senator in place of Levi Foulkrod, deceased. The truth is 'Sam' is getting into rather bed odo'r here. He has full swing of our municipal government and is found to be a very expensive follow and a general suspicion has grown up that he don't even hate the foreigners and "fapiste" half as had as he loves to provide fat pickings for himself and friends at the public expense. He is an ingenious fellow, but unfortunately his ingenuity all seems directed towards discovering how many new offices he can create and how heavily he can burthen the people with taxation without goading them into downright despair. In pursuance of this system fie has managed to organize our municipal government on such a basis that some \$300,000 or \$500,000 are required tor salaries alone to say nothing of the extensive pickings and stellines. The truth is Sam will most ne was ceaten out.
Our city Councils are deeply engaged in debating a pet
project for the establishment of a sinking fund to redeem
the debt of the city, those members most lavish in their
extravagance are loudest in their advocacy of this measure; the use of the city, those members most lavish in their extravagance are loudest in their advocacy of this measure; their principal motive being the recuperation of the city credit which has suffered sadly from the extravagant expenditures they have authorized the more frugal members contand that a sinking fund may be all well enough as far as it goes, but that the wisest mode of proceeding is to reduce current expenses to a more economical standard.

"Every dog must have his day," says the quaint old proverb and in the musical line all our out-door, ameteur musicians are singing a plaintive little air about "Old-Dog Tray." It is an old song i believe, but has recently been restablished in public favor and just as the "wease!" Is ceasing to "pop" old Tray steps in furnish a thome for the vocal, instrumental, and whistling alsent of the million. Woman's Rightism is taking a new development len.—We have had nor several years past a fremale Medical College in active operation, and I understand that one of the prominent advocates of that ismhas recently had her name entered as a law student with the determination of becoming in due time a regular practitioner at the Philadelphia Bar.

Dr. Beale, the Dentist whose trial and conviction for the crime of rape upon Miss Mudge excited so much attention some time since, is reported to be very ill in Moyamensing prison. Although considerable diversity of opinion existed at the time in regard to the propriety of his conduct public sympathy seems now to the almost universally in his favor, and it is probable that ten out of every eleven women, and nine out of every ten men would now sign a petition for the pardon of the culprit. Your readers will no doubt recollect that this is the case in which ether was administered, and the outrage alleged to have been committed while the presecutrix was in that condition, while the defendant who has hitherto sccupied a high social position alleged that she was entirely under a delusion.

The reputed failure of Page, Bacon & Co., of St. Louis, one of the Isrgust banking houses in the Western confluct, and affected this city but slightly. It is reported that the New York brokers will be "stuck" by this failure to the extent of one or perhaps even two millions of dollars.

New fork orders will be "stuck by this lattire to the extent of one or perhaps seen two millions of dollars.

The pickpockets have adopted a new dodge and attire themselves in famale costume. Several attacks have recently been made upon ladies by persons in this disguise and their money stolen from thom. While the women are adopting what were formerly considered exclusively masculine employments, if appears these adventurers are disposed to return the compliment by at least adopting the female apparel.

Ex-Marshal Keyser has gone on to Eric toquell the Railtoad riot there. He is tone of the most daring and efficient men for such a purpose that can be found anywhere.

The foreign news by the battic is of an interesting character, although it does not inform us of any new, event of any very decisive character. The allies appear to be pretty well convinced that they have conducted their warlike operations in a decidedly bungling manner. The fondon Timos is thundering terribly against the mismanage ment which has let so many gallant troops in the Crimes andly exposed to three tutible enemies, cold, lunger and the Russians, without sufficient protection against cither of them. The defeat of Russia has proved something more of them. addy exposed to three tertible entensies, cold, hunger and the Russians, without sufficient protection against either of them. The defeat of Russia has proved something more than a holiday task and the little progress so far made has only been achieved by a terrible loss of life. All the Ruglish relutoreements sent have scarcely sufficed to fill up the places of the troops destroyed. The bill for the enlistment of foreign mercenaries passed by the English Parliament, is a significant confession of her lack of internal numerical strength for aggressive warilke purposes, and it also indicates that since the sillience with Austria, and the developement of the fact that the cause of liberal institutions was destined to find rather a fee than a friend in the English government so far as the present war is concerned, the people generally have resolved to leave the aristocracy to light out their own battles. skill and judgment, as well as courage, he displayed in as successfully achieving the object of his mission. STARTLING, BUT TRUE. WHAT EVERY WOMAN SHOULD KNOW.

How often it happens, that the wife lingers from year to year in that pitiable condition as not even for one day to feel the happy and exhilarating influence incident to the enjoyment of health. THE BLOOMING BRIDE, THE BLOUMING BRIDE, But a few years ago in the flush of health and youth, and buoyancy of spirits, rapidly, and apparently inexplicably, becomes a feeble, sickly, sallow, debilitated wife, with frame emaciated, nerves unstrung, spirits depressed, countenance bearing the impress of suffering, and an utter physical and mental prostration, arising from ignorance of the simplest and plainest rules of health as connected with the marriage state, the violation of which entails disease, suffering and misery, not only to the wife, but often UDDBHIMADY COMBUSTANCE. HEREDITARY COMPLAINTS UPON THE CHILDREN "UNTO THE THIRD AND FOURTH GENERATION,"

Transmitting CONSUMPTION, SCROFULA, HYPOCHONDRIA, INSANITY, GOUT, KING'S EVIL, and other and worse Diseases, as a DREADFUL INHERITANCE FROM THE PARENTS.

"And must this continue? Must this be? Is there no emody? No relief? No hope?"

THE MARRIED WOMAN'S PRIVATE MEDICAL COMPANION,

BY DR. A. M. MAURICEAU, PROFESSOR OF DIMEASES OF WOMEN. One Hundredth Edition, (500,000), 18mo., pp. 250. [ON FINE PAPER, EXTRA BINDING, \$1.00.] A standard work of established reputation, found classed in the catalogues of the great trade sales in New York, Philadelphia, and other cities, and sold by the principal booksellers in the United States. It was first published in 1847, since which time

FIVE HUNDRED THOUSAND COPIES have been sold, of which there were upwards of ONE HUNDRED THOUSAND SENT BY MAIL attesting the high-estimation in which it is held as a re-BOOK FOR EVERY FEMALE the author having devoted his exclusive attention to the treatment of complaints peculiar to females, in respect to which he is yearly consulted by thousands both in person and by letter.

Here every woman can discover, by comparing her own symptoms with those described, the nature, character causes of, and the proper remedies for, her complaints. The wife about becoming a mother has often need of instruction and advice of the utmost importance to he future health, in respect to which her sensitiveness forbids consulting a medical gentleman, will find such in struction and advice, and also explain many symptoms which otherwise would occasion anxiety or alarm as all the peculiarities incident to her situation are described. How many are suffering from obstructions or irregularities peculiar to the female system, which undermine the health, the effects of which they are ignorant, and for which their delicacy forbids seeking medical advice. Many suffering from prolapsus uteri (falling of the womb), or from fluor albus (weakness, debility, &c.) Many are in constant agony for many months preceding confinement. Many have difficult if not dangerous deliveries, and slow and uncertain recoveries. Some whose lives are

hazarded during such time, will each find in its pages the means of prevention, amelioration and relief. It is of course impracticable to convey fully the various subjects treated of, as they are of a nature strictly intended for the married or those contemplating marriage. Reader, are you a husband or a father? a wife or mother? Have you the sincere welfare of those you love at heart? Prove your sincerity, and lose no time in piness not less than your own. It will avoid to you and yours, as it has to thousands, many a day of pain and auxiety, followed by sleepless nights, incapacitating the mind for its ordinary avocation, and exhausting those means for medical attendance, medicines and advertised nostrums which otherwise would provide for declining years, the infirmities of age and the proper education o

In consequence of the universal popularity of the work, as evidenced by its extraordinary sale, various impositions have been attempted, as well on booksellers as on the public, by imitations of title page, spurious editions, and surreptitious infringements of copyright, and other devices and deceptions, it has been found necessary, therefore to CAUTION THE PUBLIC

Steamboat or any other mode of Conveyance.

These Matches are packed so that one gross or more may be Shipped to any part of the World with perfect safety.—They are the most desirable article for Home Consumption, and the Southern and Western Markets that have ever been invented.

Williams is sufficient to convince all of its wonderful effects. He says; I had been sick with confirmed consumption for several months. I had used the clear Cod Liver Oil most of the time, but had derived but little benefit from it. I had an attack of bleeding at the lungs, which alarmed my friends very much, as they now supposed there was no hope for me. About this time I heard of your Compound of Cod Liver Oil and Lime. I immediately commenced using it, and soon began to perceive its beneficial effects. In two months my cough had entirely left me. and I am now enjoying perfect health. Truly yours.
