Great distress has prevhiled in England among the working classes, on account of the severity of the winter, and the stagnation of trade, and riots had occurred at London and Liverpool in consequence. Lord Raglan is reported to have resigned, and the Earl of Lucan to have been re-called.

FOUR DAYS, LATER. HIGHLY IMPORTANT NEWS!

DEATH OF THE EMPEROR OF RUSSIA. The Royal mail steamship Africa arrived at Halifax on Thursday, bringing four days later news than that brought by the Pacific.

The Emperor Nicholas is dead. He expired suddenly on the morning of the 2d inst., and the event has created great excitement in Europe. The defeat was announced the same night in the English House of Lords, by Lord Clarendon-he having received a telegraphic despatch to that effect. Surmises were affoat that he had been assassinated; but it is thought he died of pulmonic apoplexy, after a severe attack of influenza.

The Emperor Nicholas ascended the thron of Russia on the 1st of December 1825, and was, at the time of his death, 59 years of age. He leaves four sons and three daughters. Of the former, the eldest, and heir to the throne, is the Grand Duke Alexander Nicolawitsch, now in the 37th year of his age.

It is believed that the death of the Emperor will hasten peace; how that may be, a brief space of time will determine.

Gentlemen:—I have just received, through the Hon. Mr. Hibbard, M. C., at Washington, your joint letter dated the 24th ultimo, in which you say to me that, in some recent political address, delivered in your neighborhood and in your presence, the speaker declared substantithat in the last Presidential canvass-Bishop Hughes of New York, proposed to General Scott to sell the Catholic vote, who hesitated to reply; when the proposition was made to General Pierce, and accepted, and a Jesuit was placed at the head of the Post Office De-

Believing the statement to be false and basely columnious of the fair fame of yourself and the other distinguished gentlemen implicated thereby, we would respectfully request of you to inform us at your earliest convenience whether the statement of Mr. ----, so far as relates to you, is true."

I hasten to say that the statement or statements I have quoted from your letter, as above, are, in respect to myself, ABSOLUTELY FALSE, and I have no doubt they are equally so in respect to my political friends and opponents in the canvass alluded to. I remain, Gentle With great respect,

Your ob't Servant. WINFIELD SCOTT.

genuity and skill of Edwin & James M. Clark, they have brought about a complete Merchant Flouring Mill which is adapted to the wants of the whole world, and which is applicable to every locality. By this invention, the monopoly of milling heretofore carried on by heavy capitalists is completely broken up, and a complete Merchant Flouring Mill is brought within the reach of any person having a few hundred dollars. The consequence of which will be put in operation in all parts of the Union; it being applicable to any power, from a four-horse up to any other dustred. It can be placed in a room with other machinery, and the small space to eccupies not to be missed—being only 21 feet long by 4 feet wide, embracing within this small compass all the machinery, and turning out two barrels of superine Flour per hour. It is perfectly portable, a horse and dray, at a single load, being capable of hauling it from one location to another; thus making it truly the most valuable discovery of the present age.

It can be seen in full operation at the Barrel Factory, on Duke street, a few steps north of the Railroad, in the city of Lancaster, Penn'a.

LANCASTER, 1st month, 20th, 1856.

LANCASTER, 1st month, 20th, 1855.

Having seen in operation Edwin & James M. Clark's newly patented combined Grinding and Bolting or Marchant Flouring Mill, on the 1rth inst., 1 am free to state, that I believe it to be a valuable improvement in the conversion of wheat into Flour, for several reasons:

1st. In the operation referred to, the Mill ground and bolted 3 bushels of wheat in 17 minutes, by the watch which I held in my hand, and making Flour of a superior quality, and cleaning the bran about as well as is usually done by the common mills when doing grist work.

2d. The small space it occupies, and the comparatively small expense requisits to put up a Mill of that kind, after the power to propel it is obtained, strongly recommends it to the attention of those about to erect a Flouring Mill.

3d. To those engaged in the milling business, I would respectfully say, that the improvement is well worthy their attention, from the fact that the utill referred to is capable of performing double or treble the work usually done in common grist mills, with less or no more power than they now use in their mills—and lastly, on a close inspection of the mills and its operation, I was agtisfied that it was capable of doing more work in the same time than which I saw done at the time referred to.

STARTLING, BUT TRUE WHAT EVERY WOMAN SHOULD KNO How often it happens, that the wife lingers from year to year in that pitiable condition as not even for one day to feel the happy and exhibitating influ-ence incident to the enjoyment of health.

THE BLOOMING BRIDE. a few years ago in the flush of health and youth, and buoyancy of spirits, rapidly, and apparently in-explicably, becomes a feeble, sickly, sallow, debili-tated wife, with frame emaciated, nerves unstrang, spirits depressed, countenance bearing the impress of suffering, and an atter physical and mental protration, arising from ignorance of the simplest and plainest rules of health as connected with the mar-riage state, the violation of which entails disease, suffering and misery, not only to the wife, but often HEREDITARY COMPLAINTS UPON THE CHILDREN " UNTO THE THIRD AND FOURTH GENERATION." Transmitting CONSUMPTION, SCROFULA, HYPOCHONDRIA, INSANITY, GOUT, KING'S EVIL, and other and worse Diseases, as a

DREADFUL INHERITANCE FROM THE PARENTS.

"And must this contineo? Must this be? Is there no remedy! No relief? No hope?"

The remedy is by knowing the causes and avoiding them, and knowing the remedies, and benefiting by them. These are pointed out? THE MARRIED WOMAN'S PRIVATE MEDICAL COMPANION, BY DR. A. M. MAURICEAU,

PROPESSOR OF DISPASES OF WOMEN. One Hundredth Edition, (500,000), 18mo., pp. 250. [ON FINE PAPER, EXTRA HINDING, \$1.00.] A standard work of established reputation, found classed in this establiques of the great trade sales in New York, Philadelphia, and other cities, and sold by the principal booksellers in the United States. It was first published in 1847, since which time

FIVE HUNDRED THOUSAND COPIES have been sold, of which there were upwards o ONE HUNDRED THOUSAND SENT BY MAIL. attesting the high estimation in which it is held as a re liable popular Medical BOOK FOR EVERY FEMALE the author having devoted his exclusive attention to the treatment of complaints piculiar to females, in respect to which he is yearly consulted by thousands both in person and by letter.

Here every woman can discover, by comparing her own symptoms with those described, the nature, character, causes of, and the proper remedles for, her complaints. The wife about becoming a mother has often need of instruction and advice of the utmost importance to her future health, in respect to which her sensitiveness forbids consulting a medical gentleman, will find such instruction and advice, and also explain many symptoms the peculiarities incident to her situation are described. How many are suffering from obstructions or irregular. ities peculiar to the female system, which undermine the health, the effects of which they are ignorant, and for which their delicacy firbids seeking medical advice. Many suffering from prolapsus uters (falling of the womb), or from fluor albus (weakness, debility, &c.) Many are in constant agony for many months preceding confinement. Many have difficult if not dangerous deliveries, and slow and uncertain recoveries. Some whose lives are bararded during such time, will each find-in its pages the means of provention, amelioration and relief.

It is of course impracticable to convey fully the various subjects treated of, as they are of a nature strictly intended for the married or those contemplating marriage.

Reader, are you a husband or a father? a wife or a mother? Have you the sincere welfare of those you love at heart? Prove your sincerity, and lose no time in learning what causes interfere with their health and happiness not less than your own. It will avoid to you and yours, as it has to thousands, many a day of pain and anxiety, followed by sleepless nights, incapacitating the mind for its ordinary avocation, and exhausting those means for medical attendance, medicines and advertised nostrums which otherwise would provide for declining years, the infirmities of age and the proper education

In consequence of the universal popularity of the work, as evidenced by its extraordinary sale, various impositions have been attempted, as well on booksellers as on the public, by imitations of title page, spurious editions, and surreptitions infringements of copyright, and other devices and deceptions, it has been found necessary,

CAUTION THE PUBLIC to buy no book unless the words "Dr. A. M. MAURICAU, 129 Liberty Street, N. Y.," is on (and the entry in the Clerk's Office on the back of) the title page; and buy only of respectable and homorable dealers, or send by ma., and address to Dr. A. M. Magriceau. AS Upon receipt of One Dollar "THE MAR-RIED WOMAN'S PRIVATE MEDICAL COM-PANION" is sent (stailed free) to any part of the United States, the Canadas and British Provinces. All letters must be post-paid, and addressed to Dr. A.M. MAURICEAU, box 1224, New-York City. Publishing Office, No. 129 Liberty Street, New-
