news:

The municipal election—Lager Beer and Know-Nothingism—A "king" in St. Louis—The Itish and Germans. witing for "Sam"—The Itish and Germans worting for "Sam"—The Itish Monday's struggle, and scarcely enough of us left to tell the tale of that eventful day. We took our position upon the old rock, that has for years weathered the opposing tempest, and proclaimed under the banner of "76—"Equal laws and rights to all men;" with the Constitution of the country for our shield and the ballot box for our weapons, we entered the contest, with a determination to conquer or die in the defence of our cause.

The day dawned—not a cloud was visible, save that of Know-Nothingism, which was so intensely thick as to blind the eyes of the most wakeful—and the freemen of this great city decided a question of more than ordinary magnitude through that sacred instrument—the ballot box.

The voting commenced early in the morning and continued without intermission throughout the entire day, and at the closing of the polls at least 1000 citizens were deprived of that privilege, on account of the small number of election districts. There are but six wards in the city, and but one poll in each. There should be at least ten, for as it now is, the people cannot all vote in one day.

At an early hour in the day it was pretty discernable that "Sam" or the "People's ticket," was greatly in the ascendant; and many, who have no nixed principles or interest at stake, and ever anxious to be on the "big side," were induced to lend their aid towards accomplishing the ends and designs of the leaders of Know-Nothingism; some, too, who were bitterly concead to severt upditied organic to the crime is set down at 115,000. The Allies are shut in by formidable entrenchments

their aid towards accomplishing the ends and designs of the leaders of Know-Nothingism; some, too, who were bitterly opposed to secret political organizations were drawn into their meshes by the patriotfrom the mouth-piece of some desperate and dyed-in from the mouth-piece of some desperate and dyed-in the-wool office-seeker, who knew nothing but the "Star Spangled Banner," "Yankee Doodle," and the modus operandi of riding into the public or on "Old Whitey," under false colors—"the re-white and blue."

Every effort to defeat the Democracy, on their part, Every chort to defeat the Democracy, on their part, was resorted to, no matter how mean or contemptible, so that it answered their base ends; and the result has show that their schemes were well planned, and a Know-Nothing triumph has crowned them "King of the Cannibal Islands!"

The Democrats, as a party, are opposed to Knowa Know-Nothing triumph has crowned them "Ring of the Cannibal Islands!"

The Democrats, as a party, are opposed to Know-Nothingssm, and the proscription of any man on account of his place of nativity or the religious sentiments he may choose to uphold; and believe that the Constitution of this Republic, should stand inviolate, and be respected and recognized as the guiding star to our future peace and happiness; that the laws of the country should be respected, upheld and enforced by every good citizen, whether native born or adopted; that any attempt to violate the Constitution or laws of this Union, is contrary to the spirit of the American people, and should be resisted at all hazards, whether instigated by native born or foreign citizens—by Know-Nothings or Know-Somethings!

These principles the Democratic party, of this country have inspribed upon their banners, and will always be found defending them. Though we may, for a time, suffer defeat, the Constitution and the right are with us, and we must ultimately triumph. right are with us, and we must ultimately triumph. The Democracy of the present time entertain the same principles and measures that they did in the days of Jefferson, Jackson and Monroe—the doctrines then advanced are still adhered to by the Democratic

party—they have fixed principles, and advance no-thing that is not for the general good and well being of this great Republic, and mantully stand up in its defence against its political foes at home and enemies power in the Black Sea, offering in return to evacuate the Russian territory. The Rus-sian Plenipotentiaries having no power to act Mr. Lightner was the anti-Know-Nothing Demo All: Lighther was the anti-Know-Nothing Demo cratic candidate for Mayor, and the entire ticket was pledged against secret political organizations, and made it the issue. There are also a large number of the Whigs, of this city, hostile to that order, and would go any length to defeat their proposed designs; they, too, nominated a ticket, with a foreigner at the head for Mayor, believing that they were strong enough to elect it, whilst Dr. Bornstein, the properside and treachers, they may entire of the designs. on this proposition, remitted it to St Peters-burg, and there the matter rests. Meantime all the other plenipotentiaries have sent to heir governments for instructions, and the French Minister of Pareign Affairs had been strong enough to elect it; whilst Dr. Bornstein, the renegade and treachers: German editor of the Anzeiger des Westeins, brought out an independent tickets, with the Whig nominee for Mayor, which instilled new life and vigor into the Whig ranks.—
Thus the parties stood, with two anti-Know-Nothing candidates against the gentleman wrapped up if the American flag, commonly called "San!" The renegade terman editor could not say a word against har. Lightner as a man, but impressed upon the minds of his German fellow citizens that Mr. L. was instrumental in the passage of the liquor bill, in the Legislature, requiring all drinking saloons and beer houses to be closed on the Sabbath day. This the old hypocrite took exceptions to, and made it a political houby to operate against our candidate. besieged by the formidable Russian force assembled round the place. At Sebastopol, the fire of the allies is steadily continued, but Russians continue to strengthen their new efforts were in progress for their destruction houses to be closed on the Sabbath day. This the old hypocrite took exceptions to, and made it a political houby to operate against our candidate.—Now every body knows that the Germans love to drink beer on Sunday, and death to any man who attempts to prohibit it. Mr. L. was placed in a false position before them by this Dr. Bærnstein, (who is also the proprietor of a "Bier Haus,") who succeeded in drawing enough votes, among his German friends. Empress Eugenie will visit Queen Victoria in London. The Vienna papers say that Spain and Portugal have joined the Western in drawing enough votes, among his German friends to defeat our candidate. They were betrayed, de-ceived, and did not know what to do—they did not know whether their beer was in danger or not, and consequently were souttered about like so many stray some of them voted the Whig ticket strange as it may seem, many voted for Mr. King, the Know-Nothing candidate. Notwithstanding the influences that were brought to bear against him, Mr. Lightner carried the two wards, where Boorn-

stein was the strongest, by respectable majorities.

There were but 9,430 votes polled; King receiving
4,264; Lightner 3,171, and Hogan 2,001; King lead-13,204, Alguner of faction over 1,000, and frequenting Lightneer a fraction over 1,000, and Mr. Lightner leading Hogan, the Whig candidate, nearly 1,200. The anti-Know-Nothing vote, if thrown together would have succeeded by over 900 majority. The German votes were divided among the three candidates, as were also the Light potentials and the condidates. candidates, as were also the Irish, notwithstanding the sound thrashing the latter received last August. They will now soon learn the difference between tweedle-dum and tweedle-dee, lest I very much mistake the signs of the times, and I hope they may be well rewarded. The Democrats elected two on their ticket—City Treasurer and Marshal—the rest of the successful candidates are Know-Nothings. Considering the false position he was placed in among the Germans, Mr. Lightner's vote is a very respectable one, indeed, and although defeated, must feel proud of the complimentary vote given him under the circumstances.

to_ Dr. Chesseman's Pills for Females.—The combinations of Ingredients in these Pills is the result of a long and extensive practice; they are mild in their operation, and certain of restoring nature to its proper channel. In every instance have the Pills proved successful. The Pills intrafficially open those obstructions to which females are liable, and bring nature into its proper channel, whereby health is restored, and the pale and deathly countenance changed to a healthy one. No female can enjoy good health unless she is regular; and whenever an obstruction takes place, whother from expostro, cold, or any other cause, the general health begins immediately to decline, and the want of such a remedy has been the cause of so many consumptions among young females. Headache, palns in the An old gentleman who voted for Thomas Jefferson east his ballot for and endorsed Mr. Lightner's Democracy at the polls on Monday last.

The election passed off very quietly—not a single disturbance took place throughout the day.

Headache, pains in the side, palpitations of the heart, loathing of feed, and disturbed sleep, do most always arise from the interruption of nature; and whenever that is the case, the pills will invariably remedy all those evils.

N. B.—These Pills should never be taken during pregnancy, as they would be sure to cause a miscarriage.

In Dubuque and Fort Madison, Iowa, the Anti-Know-Nothing candidates were elected. We have no definite accounts as to the fate of the State ticket—the Prohibitory Liquor Law is the all ab sorbing question there, and it is thought that the law has triumphed by almost 5,000 majority. The quickest time upon record was made in New Orleans on the 2d inst., by the famous horse Lexington?—he ran four miles in 7 min. 19 3 sec. This is hard to beat.

At a meeting of the Chamber of Commerce of this city, a lively debate arose upon the question of accepting and filing the Herald of Freedom, a newspaper published at Lawrence, in Kansas Territory, with iree-soil proclivities. It was finally accepted and ordered to be filed with the other papers.

The election that took place in Kansas Territory, was conducted in the most disgraceful manner by the citizens of Missouri, and the election is a base fraud upon the Settlers. If the papers of Missouri will not speak out against such rascality and bring the offenders before the bar of public justice, I will take occasion hereafter to show how the election was carried by the Pro-Slavery men. It was a fraud throughout, and the election, in the eyes of the law, illegal, and should be investigated by the proper authorities. The following dispatch was received from Kansas on Friday last: "A majority of proslavery members in each house of the legislature to decide cases of contested elections. The Governor leaves in a few days for Washington. A terrible and destructive Tornado recently occurred in Mississippi. The town of Pontoto suffered greatly—dwellings, churches, stables, fences, trees, &c., were leveled with the ground, and the entire town presents one mass of ruins. Several persons were killed, and a large number seriously and slightly wounded. The course of the Tornado is marked for miles by the havoe it has made, and the extent of damage to life and property is not known. The winds broke loose in their fury, and raved and floted in their wildest career, and spread destruction and havoe in all directions.

Gentlemen who are in want of clothing had better inquire before they buy of those who are not mechanics. Some men follow a trade they never learned. They cannot feel the Mechanic's honest pride and high ambition to excel in his legitimate business. Every man to his own trade is the old adage. The Clothing business in particular, is beset with individuals who were formerly Merchanic, Rediars, Tinkers and traders, who are now following a trade they never learned. We always feel happy when we see the Mechanic raise himself superfor to those Vandals in business. The extensive business done at the

Lancaster Clothing Bazaar this season is particularly gratifying because the Proprietor (JOSEPH GORMLEY) is not only a Gentleman, but a Mechanic, who has risen to the highest point of fame, always
maintaining his reputation for the manufacture of superior clothing on the principle of large sales and small profits;
We recommend all in want of good and cheap clothing to
the Clothing House of JOSEPH GORMLEY, in N. Queen
street, No. 58 opposite the Franklin House, Reuben Weldler's. LANCASTER CLOTHING BAZAAR.

STARTLING, BUT TRUE

WHAT EVERY WOMAN SHOULD KNOW. How often it happens, that the wife lingers from year to year in that pithable condition as not even for one day to feel the happy and exhilarating influence incident to the enjoyment of health.

THE BLOOMING BRIDE, THE BLOOMING BRIDE,
But a few years ago in the flush of health and youth,
and buoyancy of spirits, rapidly, and apparently inexplicably, becomes a feeble, sickly, sallow, debilitated wife, with frame emaciated, nerves unstrung,
spirits depressed, countenance bearing the impress
of suffering, and an utter physical and montal prostration, arising from ignorance of the simplest and
plainest rules of health as connected with the marriage state, the violation of which entails disease,
suffering and misery, not only to the wife, but often HEREDITARY COMPLAINTS UPON THE CHILDREN

"UNTO THE THIRD AND FOURTH GENERATION,"
Transmitting CONSUMPTION, SCROFULA,
HYPOCHONDRIA, INSANITY, GOUT,
KING'S EVIL, and other and
youse Disease, as a DREADFUL INHERITANCE FROM THE PARENTS.

"And must this continue? Must this be? Is there no remedy? No relief? No hope?"

The remedy is by knowing the causes and avoiding them, and knowing the remedies, and benefiting by them. These are pointed out in THE MARRIED WOMAN'S PRIVATE MEDICAL COMPANION. BY DR. A. M. MAURICEAU, PROFESSOR OF DIREASES OF WOMEN.

One Hundredth Edition, (500,000), 18mo., pp. 250. for Figure 12 the Light States, (1993,000), \$1.00.]

A standard work of established reputation, found classed in the catalogues of the great trade sales in New York, Philadelphia, and other cities, and sold by the principal booksellers in the United, States. It was first published in 1847, since which time FIVE HUNDRED THOUSAND COPIES

sold, of which there were upwards of ONE HUNDRED THOUSAND SENT BY MAIL, attesting the high estimation in which it is held as a re-BOOK FOR EVERY FEMALE the author having devoted his exclusive attention to the treatment of complaints piculiar to females, in respect to which he is yearly consulted by thousands both in person and by letter.

Here every woman can discover, by comparing her own symptoms with those described, the nature, character, causes of, and the proper remedies for, her complaints. The wife about becoming a mother has often need of instruction and advice of the utmost importance to her future health, in respect to which her sensitiveness forolds consulting a medical gentleman, will find such instruction and advice and also explain many symptoms which otherwise would occasion anxiety or alarm as all the peculiarities incident to her situation are described. How many are suffering from obstructions or irregular ties peculiar to the female system, which undermine the health, the effects of which they are ignorant, and for which the 'r delicacy forbids sceking medical advice. Many suffering ... com prolapsus uteri (falling of the womb), or from fluor albus (weakness, debility, &c.) Many are in constant agony for many months preceding confine-ment. Many have difficult a not dangerous deliveries, and slow and uncertain recoveries. Some whose lives are hazarded during such time, will each find in its pages the

means of prevention, smelloration and relief. It is of course impracticable to convey fully the various subjects treated of, as they are of a nature strictly intended for the married or those contemplating marriage. Reader, are you a husband or a father? a wife or a nother? Have you the sincers welfare of these you love at heart? Prove your sincerity, and lose no time in learning what causes interfere with their health and happiness not less than your own. It will aveid to you and yours, as it has to thousands, many a day of pain and anxiety, followed by sleepless nights, incapacitating the mind for its ordinary avocation, and exhausting those means for medical attendance, medicines and advertised nostrums which otherwise would provide for declining years, the infirmities of age and the proper education vour children.

Jour canaren.

In consequence of the universal popularity of the work, as ovidenced by its extraordinary sale, various impositions have been attempted, as well on booksellers as on the public, by imitations of title page, spurious editions, and surreptitious infringements of copyright, and other devices and deceptions, it has been found necessary, therefore, to
