Ayer's Cherry Pectoral.

—We invite the attention of the public to the Certificates appended below, and bespeak for them that candid consideration which their honest frankness deserves.

Men in such stations as many who voluntarily bear witness to the efficacy and value of CHERRY PECTORAL, do not wantonly trifle with, or distort facts, nor overstate their convictions. Judge then, whether this is not the medicine to trust when you must have relief for the threat of lung; judge too, whether every family ought not to have it by them as a safeguard against the every where prevailing enemy, which steals with fatal frequency upon almost every flock and carries off the lamb from many a home?

Jackson, C. H., Jackson City, O., 20th Nov., 1852.

Dr. J. C. AYER,—Sir: The CHERRY PECTORAL is much inquired after. Several of our best physicians have used it, three of them in their own case, and always with the happiest effects. The numerous patent medicines always before them, lead to incredulity in regard to every new remedy: and it is only after undoubted evidence of value in any article, that anything like a general confidence can be excited.

The unrivalled excellence of this combination of agents (in the CHERRY PECTORAL) proved beyond cavil by repeated trial under their own observation, has compelled medical men to proclaim abroad its usefulness. It is beyond all doubt the best general remedy we have for the Pulmonary Affections of this climate, at the same time the sedative and expectorant—a rare combination of properties.

In the hope that it will prove its own reward, I subscribe myself, Respectfully your obt. servant,

JAS. H. C. MILLER, M. D.

Allegan, Mich., Jan. 10th, 1853.

Dear Sir—No one, no not one—man, woman or child—can be found to deny that the CHERRY PECTORAL is all that it claims to be. There is much used in this vicinity although not known until recently. The community should know its virtues.

Yours truly, JOHN R. KELLOGG, M. D.

Let gentlemen of the Legal Profession mark this case.

Williamsburg, L. I., Sep. 3, 1852.

Dr. J. C. Ayer, Dear Sir—Ever applicator for the past three years to my duties as an advocate brought on some eight months ago a severe irritation of the bronchial tubes which was a constant annoyance to me, and fast becoming a source of great apprehension. Every remedy tried, failed even to relieve me, till I used your CHERRY PECTORAL.—This has not only relieved me, but as I trust, wholly cured me. I care nothing for the reputation of Advocating Patent Medicines, and this is at your service. I shall recommend it to members of the bar, and others whom I may meet, laboring under similar indispositions.

Yours truly, R. F. JONES.

South Paris, Me., Aug. 18, 1850.

I have no hesitation in saying, that I regard AYER'S CHERRY PECTORAL as decidedly the best remedy within my knowledge for the cure of chronic bronchitis, coughs, and all diseases of the lungs. M. A. RUST, M. D.

Montgomery, Ala., Oct. 4, 1849.

Dr. J. C. Ayer, Dear Sir—I have used your admirable compound extensively in my practice, and find it to surpass, by far, any other remedy we have for curing diseases upon the lungs. Your obt. servant,

R. B. JONES, M. D.

What yet remains to convince the most incredulous that the Cherry Pectoral is all that it purports to be viz: an unequalled remedial agent for all diseases of the Throat and Lungs. The experience of years, has proven it to be such and we submit it to the people, believing that its virtues will fully maintain its reputation.

Man, Know Thyself.—An Invaluable Book for 25 cents.—

"Every Family should have a copy." 100,000 Copies sold in less than a year. A new edition, revised and improved, just issued.

Dr. Hunter's Medical Manual and hand book for the afflicted. Containing an outline of the origin, progress, treatment and cure of every form of disease contracted by promiscuous sexual intercourse, by self-abuse or by sexual excess, with advice for their prevention, written in a familiar style avoiding all medical technicalities, and everything that would offend the ear of decency; with an outline of complaints incident to Females, from the result of some twenty years' successful practice, exclusively devoted to the cure of diseases of a delicate or private nature.

To which is added receipts for the cure of the above diseases, and a treatise on the cause, symptoms and cure of the fever and ague.

Testimony of the Professor of Obstetrics in Penn College, Philadelphia.—Dr. Hunter's Medical Manual.—The author of this work, unlike the majority of those who advertise to cure the disease of which it treats is a graduate of one of the best Colleges in the United Stetes. It affords me pleasure to recommend him to the unfortunate, or to the victim of malpractice, as a successful and experienced practitioner, in whose honor and integrity they may place the greatest confidence.

Jos. S. LONGSHORE, M. D.

From A. Woodward, M. D., of Penn. University, Philadelphia.—It gives me pleasure to add my testimony to the professional ability of the Author of the "Medical Manual." Numerous cases of disease of the Genital Organs, some of them of long standing, have came under my notice, in which his skill has been manifest in restoring to perfect health, in cases where the patient has been considered beyond medical aid. In the treatment of Seminal weakness, or disarrangement of the functions produced by self-abuse, or excess of venery, I do not know his superior in the profession. I have been acquainted with the Author some thirty years, and deem it no more than justice to him as well as kindness to the unfortunate victim of early indiscretion, to recommend him as one in whose professional skill and integrity they may safely confide themselves. ALFRED WOODWARD, M. D.

☞ This is without exception, the most comprehensive and intelligent work published on the class of diseases of which it treats. Avoiding all technical terms, it addresses itself to the reason of its readers. It is free from all objectionable matter, and no parent, however fastidious, can object to placing it into the hands of his sons. The author has devoted many years to the treatment of the various complaints treated of, and, with too little breath to puff, and too little presumption to impose, he has offered to the world, at the merely nominal price of 25 cents, the fruit of some twenty years' most successful practice.?—*Herald*.

"No teacher or parent should be without the knowledge imparted in this invaluable work. It would save years of pain, mortification and sorrow to the youth under their charge."—*People's Advocate*.

A Presbyterian clergyman in Ohio, writing of "Hunter's Medical Manual" says:—"Thousands upon thousands of our youth, by evil example and influence of the passions, have been led into the habit of self-pollution, without realizing the sin and fearful consequences upon themselves and their posterity. The constitution of thousands are being ruined, and they do not know the cause or the cure. Anything that can be done so to enlighten and influence the public mind as to check, and ultimately to remove this wide-spread source of human wretchedness, would confer the greatest blessing next to the religion of Jesus Christ, on the present and coming generations. Intemperance (or the use of intoxicating drinks) though it has slain thousands, is not a greater scourge to the human race. Accept my thanks on behalf of the afflicted, and, believe me, your success is sure in the good work you are so actively engaged in."

One copy (securely enveloped) will be forwarded free of postage, to any part of the United States for 25 cents, or six copies for $1. Address, (post paid) COSDEN & CO., Publishers, or box 196 Philadelphia.

Silver's Plastic Paints, Cheap. Durable and Protective Weather and Fire Proof. This Paint will stand any climate, without crack or blister hardens by exposure, thus making in time an enamel of stone, protecting wood from decay, and iron and other metals from rust and corrosion.

The Paint differs from the so-called Mineral Paints of the day, which are principally Ochres and Clays colored, and are entirely worthless.

Silver's Plastic Paints are purely Metalic, containing no Alumn or Clay.

They are levigated finely, mix readily with Linseed Oil, (without the trouble of grinding,) and flow under the brush as freely as the best White Lead.

These Paints excel all others in body or covering properties, one pound of which will cover as much surface, as two pounds of White Lead.

There are four natural colors, viz: Black or Slate, Brown, Olive and Chocolate.

Directions.—This Paint flows readily under the brush and its covering property is increased by using it mixed as thickly as possible with pure Linseed Oil; as the Paint is the lasting or protecting body and the Oil simply the medium or agent in spreading it.

We annex copies of two letters, one from the President of the Philadelphia and Reading Railroad Co., the other from a Gentleman, a well known resident of Augusta, Ga.

Office of the Phila. and Reading Railroad Co.,
Philadelphia, May 3, 1852.

J. S. SILVER, Esq.

Dear Sir: We have used your "Plastic Paints" or more than a year, and for Painting Bridges, Depots, &c., &c., we have found it quite equal to any paint we have used. In fact, we now give it a preference over all others we have tried for such purposes. Yours Respectfully,

(Signed,) JOHN TUCKER, President.

Augusta, Ga., September 29, 1852.

Steam Planing Mills.

Dear Sir: You ask me for my opinion of "Silver's Mineral Paints," which you have put on my Machine Shop and Planing Mill. I give you with pleasure my full and hearty recommendation of it as a preventive of Fire communicating from Chimneys, or from adjoining buildings. The Paint which you put on my roofs, has now become as hard as slate, and I feel as secure from Fire, in this direction, as is possible. A few weeks after the roofs had been painted, I made an experiment on two or three shingles by placing them in the furnace under the boilers; the result was, that the portion uncovered was entirely consumed, while the painted part was apparently sound, though upon examination the wood was found to be charred; the Paint however was firm and but little blistered. I consider this as severe a test as your Paint can be put to, and under the circumstances I do not hesitate to commend it as an invaluable preventive against Fire. Respectfully, &c.

(Signed,) AMBROSE SPENCER.
