Jackson, C. H., Jackson City, O., 20th Nov., 1852.

Dr. J. C. Arte, —Sir: The Cherary Provokal is much inquired after. Several of our best physicians have used it, three of them in their own case, and always with the happlest effects. The numerous patent medicines always before them, lead to incredulty in regard to every new remedy, and it is only after undoubted evidence of value. le, that anything like a general co

The unrivalled excellence of this combination of agents (in the Cherry Percorals) proved beyond cavil by repeated trial under their own observation, has compelled medical men to proclaim abroad its usefulness. It is beyond all doubt the best general remedy we have for the Pulmouary Affections of this climate, at the same time time seature and expectorant—a rare combination of properties.

In the hope that it will prove its own award, I subscribe myself,

Testimony of the Professor of Obstetrics in Pean College, Philadelphia—Dr. Hunter's Medical Manual.—The author of this work, unlike the majority of those who advertise to cure the disease of which it treats is a graduate of one of the best Colleges in the United Stetes. It affords me pleasure to re-commend him to the unfortunate, or to the victim of malpractice, as a successful and experienced practitioner, in whose honor and integrity they may place the greatest confidence.

Jos. S. Longshore, M. D.

From A. Woodward, M. D., of Penn. University, Philadelphia.—It gives me pleasure to add my testimony to the professional ability of the Author of the "Medical Manual." Numerous cases of dis ease of the Gental Organs, some of them of long standing, have came under my notice, in which his skill has been manifest in restoring to perfect health, in cases where the patient has been considered beyond medical aid. In the treatment of Semiinal weakness, or disarrangement of the functions produced by self-abuse, or excess of venery, I do not know his superior in the profession. I have been acquainted with the Author some thirty years, and deem it no more than justice to him as well a The subscriver respectfully announces to his former pairons and friends that having withdrawn from the firm of I. & D. Fellonbaum, will still be found at his former place of business in the machine shop department of "Chesnut Street Iron Works," where he will be happy to receive a continuation of their favors for Christian Kieffer, Esontinuation of the characteristic favors for Christian Kieffer, Esontinuation favors for Christian Kieffer, Esontinuation of the characteristic favors for Christian Kieffer, Esontinuation favors for Chri temselves. ALFRED WOODWARD, M. D.

'This is without exception, the most comprehensive and intelligent work published on the clasof diseases of which it treats. Avoiding all technical terms, it addresses itself to the reason of list
readers. It is free from all objectionable matter,
and no parent, however fastidious, can object to placing it into the hands of his sons. The author as devoted many years to the treatment of the various complaints treated of, and, with too little breath to puff, and too little presumption to im-pose, he has offered to the world, at the merely nominal price of 25 cents, the fruit of some twenty vears' most successful practice."-Herald. "No teacher or parent should be without the knowledge imparted in this invaluable work. It would save years of pain, mortification and sor row to the youth under their charge."—People's Advictory

A Presbyterian clergyman in Ohio, writing b Cilunter's Medical Manual? says: — Thousands upon thousands of our youth, by evil example side influence of the passions, have been led into the habit of self-pollution, without realizing the sin and fearful consequences upon themselves sind their posterity. The constitution of thousands who are raising families have been enfeebled, it not troken down, and they do not know the cause or the cure. Anything that can be done so to enlighten and influence the public mind as to check, and ul timately to remove this wide-spread source of his man wretchedness, would confer the greatest blessing next to the religion of Jesus Christ, on the present and coming generations. Intemperance (or the use of intextenting drinks) though it has slain the use of intoxicating drinks) though it has slain thousands, is not a greater scourge to the hulban race. Accept my thanks on behalf of the afflicted, and, believe me, your co-worker in the good work you are, so actively engaged in.?

I give you with pleasure my full and hearty recommendation of it as a preventive of Fire communicating from Chin tion, as is possible. A few weeks after the roofs had been painted.
