SINGULAR ESCAPE. - A few days since, while Mrs. Dantorth, of Warren, Pa., was engaged in her usual duties, a heavy thunder storm came up, and in the midst of its fury a lighting stroke descended upon her, burning her hair from the crown of the head to the back of the neck, melting her hair pins, and pro-ceeding down her body—leaving its mark as went-until it passed through the floor .-Strange to say, the lady lived, and is rapidly

LICENSE QUESTION .- Judge GALBRAITH has refused to grant licenses to inns and taverus in Erie county. He also decided that there was no law in existence at this time which regulated the sale of liquors; that all laws relating thereto, punishments, &c., have been repealed, and no law can be effective until October the 1st. at which time the new law goes into effect. By this decision it appears, that every body can sell just as much liquor, until October first, as they please, without fear of the law, as no law punishing the same s in existance.

HIGH PRICE OF HAY .- Some idea of the scarcity of hay in the District of Columbia, and parts of Maryland and Virginia adjacent thereo, may be formed from the fact, which we state on the authority of a private letter from Washington, that the president recently paid \$63 for a load weighing about a ton and a hulf. Cattle have died of sheer starvation in that regeion.

The Legislature, on the last night of the session, refused to pass the claim bill, thus depriving many a poor honest man of his just dues,—but agreed to sell the Main Line for seven and a half millions, to profit rich monopolists. HIGH PRICE OF BEEF .- They complain bit terly in New York, of the exhorbitant price of beef. A person writing from that city, says, "Good beef is selling at from 11 to 13½ cents per pound on the hoof—the latter being the highest price ever known in the New York mar-A conversation with some of the drovers elicited sufficient to justify the belief that an arrangement has been entered into between the brokers there, and the owners in the country, to keep cattle back, so as to give color to the cry of scarcity, in order to obtain exhorbitant

The notorious Mr. Hiss who was member of the legislative committee to inspect the nunneries of Massachusetts, has been expelled from the house for carrying his investigations quite beyond the instructions giv en the committee selected to pass upon the cock and bull stories respect-ing convents, and for entertaining a public prostitute at the expense of the Commonwealth. Pullabetphia, May 19.

Flour—The Flour market has undergone no change. There is but little export demand, and the only sale reported is 300 barrels good brands at \$11 per barrel. There is a fair inquiry for the supply of the retailers and bakers at \$10 75 all for mixed and good brands, and \$11 12\frac{1}{2}\text{all for mixed and good brands, and \$11 12\frac{1}{2}\text{all for extra}. The receipts and stocks continues small, and there are but few sellers at our lowest quotations. Rye Flour and Corn Meal are held firmly. Sales of 100 barrels of the latter at \$5 per barrel.

Grain—Wheat is scarce and there is very little coming in. Sales of 1900 bushels red mostly at \$2 63 per bush; we quote white at \$2 68. Rye is scarce—1500 bushels sold at \$1 55. Corn is in fair request, but supplies arrive very slowly—sales of 10,000 bushels yellow at \$1 12, aftoat, and a small lot in store at \$1 10. Outs are steady—sales of 1500 bushels Pennsylvania at 67 cents, affoat, and 700 bushels in store at 700 per bush.

very fow are the diseases in which a Purgative Mischien's and suffering might be prevented, if a harmistichness and suffering might be prevented, if a harmises that effect and cathartic were more freely used. No person can feel well while a bottive habit of body prevalls; besides it soon generates serious and often fatal diseases, which might have been avoided by the timely and judicious use of a good purgative. This is alike true of Colds, Feveriah symptoms, and Billious derangements. They all tend to become or produce the deep-seated and formidable distempers which load the hearses all over the land.—Hence a reliable family physic is of the first importance to the public health, and this Pill has been perfected with consummate, skill to meet that demand. An extensive trial of its virtues by Physicians, Professors and Patients, has shown results surpassing anything hitherto known of any medicine. Cure have been effected beyond belief, were they not substantiated by persons of such avaited position and character as to forbid the suspicion of unturn.

Irs L. Moore, M. D., an eminent Surgeon and Physician, of the City of Lowell, who has long used them in his ex-tensive practice.

these eminent public men is shown in their effects upon train.

These Pills, the result of long investigation and study, are offered to the public as the best and most complete which the present state of medical science can afford. They are compounded not of the drugs themselves, but of the medicinal virtues only of Vegetable remedies, extracted by chemical process, in a siate of purity and combined together in such a manner as to lustre the best results.—This system of composition for medicinals has been found in the Cherry Pectoral and Pills, both, to produce a more efficient remedy than had hitherto been obtained by any-process. The reason is perfectly obvious. While by the fold mode of composition, every medicine is burdened with more or less of acrimonious and injurious qualities; by this, each individual virtue only that is desired for the curative effect is present. All the inert and obnoxious qualities of each substance employed are left behind, the curative virtues only being retained. Hence it is solievident the effect should prove as they have proved more purely remedial, and the Pills a surer, more powerful autidot to disease than any other medicine known to the world.

As it is frequently exceedient that my medicine should.

purely remedial, and the Pills a surer, more powerful antidote to disease than any other medicine known to the world.

As it is frequently expedient that my medicine should be taken under the counsel of an attending Physician, and as he could not proagely judge of a remedy without knowing its composition. Thave supplied the accurate Formula by which both my Pectoral and Hills are made, to the whole body of Practitioners in the United States and British American Provinces. 1f, however, there should be any one who has not received them, they will be promptly forwarded by mail to his address.

Of all the Patent Medicines that are offered, how few would be taken if their composition was known! Their life consists in their mystery. I have no mysteries.

The composition of my preparations is laid open to all men, and all who are competent to judge on the subject, freely acknowledge their convictions of their intrinsic merits. The Cherry Pectoral was pronounced by scientific men to be a wonderful medicine before its effects were known. Many eminent Physicians have declared the same thing of my Pills, and oven more confidently, and are willing to certify that their anticipations were more than relized by their effects upon trial.

They operate by their powerful influence on the internal viscen to purify the blood and stimuiste it into healthy action—remove the obstructions of the stonach, bowds, liver, and other organs of the body, restoring their irregular action to health, and by correcting wherever, they exist such derangements as are the first origin of disease.

Being sugar wrapped they are pleasant to take, and being purely vegetable, no harm can arise from their use in any quantity.

If you have contracted the terrible disease, which when
once seated in the system, will surely go down from one
generation to another, undermining the constitution and
sapping the very vital fluids of life, do not trust yoursolf
in the hands of Quacks, who start up every day in a city
like this, and fill the papers with glaring falsehoods too
well calculated to descrive the young and those not acquainted with their tricks. You cannot be too careful in
the selection of a remedy in these case.

well calculated to deceive the young and those not acquainted, with their tricks. You cannot be too careful in the selection of a remedy in these cases.

THE FLUID EXTRACT BUCIU has been pronounced by eminent Physicians the greatest remedy ever known.—
It is a medicine perfectly pleasant in its tasts and very innocent in its action, and yet so thorough that it annihilates every particle of the rank and poisonous virus of this dreadful disease; and, unlike other remedies, it does not dry up the disease in the blood.

Constitutional Debility, brought on by self-abuse, a most terrible disease, which has brought thousands of the human race to untimely graves, thus blasting the brilliant hopes of parents, and blighting in the bad the glorious aubition of many a noble youth, can be cured by this infallible remedy. And as a medicine which must benefit everybody, from the simply delicate to the confined and despatring invalid, no equal is to be found, acting both as a Oure and Freventive. despairing invalid, no equal is to be found, acting both as a Cure and Preventive.

HELMBOLD'S HIGHLY CONCENTRATED COMPOUND FLUID EXTRACT SARSAPARILLA, for purifying the Blood, removing all diseases arising from excess of Mercury, exposure and imprudence in life, chronic constitutional disease, arising from an impure state of the Blood, and the only reliable and effectual known remedy for the cure of Scrofula, Salt Rheum, Scald Head, Ulcerations of the Throat and Legs, Pains and Swellings of the Boues, Tetter, Pimples on the Face, and all Scaly Eruptions of the Skin.

Tetter, Pimples on the Face, and all Scaly Eruptions of the Skin.

This article is now prescribed by some of the most distinguished Physicians in the country, and has proved more efficient in practice than any other any preparation of Sarsaparilla yet offered to the public. Several cases of secondary Syphilis, Mercurial and Scrotulous diseases have entirely recovered in the incurable wards of our Public Institutions which had for many years resisted every mode of treatment that could be devised. These cases furnish striking examples of the salutary effects of this medicine in arresting some of the most inveterate diseases, after the glands were destroyed and the bones already affected.

Schiedam Aromatic Schnapps. To the Citizens of Pennsylvania.

To the Citizens of Pennsylvania.

I beg leave to call the attention of the citizens of Pennsylvanit, to the above article, manufactured by myself exclusively, at my Pactory in Schiedam, in Holland, expressly for medicinal purposes.

It is made from the best Barley that can be selected in Europe and the essence of an aromatic Italian berry, of acknowledged and extraordicary medicinal properties; and it has long since acquired a higher reputation, both in Europe and America; than any other dietetic beverage. In Grarel, Goest, and Riemarium; in Obstructions of the Budder and Akiseys, and Debittly of the Uricary Functions, its effects are prompt, decided, and invariably reliable. And it is not only a Remedy for these maladies, but in all cases in which they are produced by drinking Bad Vater, which is, almost universily, the cause of them, it operates as a Sure Preventive.

The distressing effect upon the Stomach, Bosels, and Budder, of travellers, new residents, and all persons uncacustomed to them, produced by the waters of nearly all our great inland rivers, like the Ohio, Mississippi, and Alabama, from the large quantity of decayed vegetable matter contained in them, in a state of solution, is well known; as is also that of the waters of limestone regions, in producing Gravel, Culcuit, and Stome in the Bladder.—

our great inland rivers, like the Ohlo, Mississipi, and Alabama, from the large quantity of decayod, regetable matter contained in them, in a state of solution, is well known; as is also that of the waters of limestone regions, in producing Gravel, Culcuit, and Stone in the Madder.—
The AROMATIC SOHEMAM SCHNAPPS is an absolute corrective of all these injurious properties of bad water, and consequently prevents the diseases which they occasion. It is also found to be a cure and preventive of Feter and Ague, a complaint caused by the conjoint effects of regetable malaria in the atmosphere, and regetable putressness in the waters of those districts in which it principally prevails. The AROMATIC SCHIEDIAM SCHNAPPS is consequently in great demand by persons travelling, or about to settle in those parks of the country especially, as well as by many in every community where it has become known, on account of its various other remedial properties. More than three thousand by ysicians, among whom are numbered the greatest names belonging to the faculty of medicine in this country, have certified, over their own signatures, to the valuable medicinal properties of such an article, as the severest tests have proved the SCHIEDIAM AROMATIO SCHNAPPS to be, and have accepted it as a most desirable addition to the materia medica.

Put up in quart and pint bottles, enveloped in yellow papir with my name on the bottle, cork and seal. For sile by all respectable Druggists and Grocers.

I beg leave tôcall the attention of the public to the following letters from physicians:

"Landarour, New York, May 2, 1358."

"Ms. Unouries Worke—Dear Sir: I cannot speak too highly of the purity of your Schiedam Schnapps. It is decidedly superior to anything of the kind in the market.—It is perfectly free from the admirture of fuel dil, or of any of those armylic compounds which produces such a mischivous and hreparable effect upon the constitution, and which very lew sa

affections, I have successfully prescribed it, and recommend it as an agreeable cordial and harmless stimulant, and shall continue to do so; as well as to use it as a source of pure alcohol for chemical investigations and experiments.

Your ob't ser'vt, Isalas Drex, Consulting Analytical Chemist."

Dr. Charles A. Leas, Commissioner of Health, Baltimore, writes as follows in relation to the value of Schnappa as a remedy in chrosic catarrhal complaints, &c. The letter is dated July 27, +8533:

\$\frac{1}{2}\$ "It take great pleasure in bearing highly creditable testimony to its efficacy as a remedal agent in the diseases for which you recommend it. Having a natural tendency of the muccus surfaces, with a slight degree of stimulation, I regard it as one of the most important remedies in chronic catarrhal affections, particularly those of the genitor uninary apparatus. With much respect, your obedient servant, "Philadelphia, July 16, 1853.

"Mr. Ubolpho Wolff, No. Zilleaver st., N. Y.—Dear Sir. Last season the writer received, through your agent in this city, a bottle of your Aromatic Schledam Schnapps, and since that period has prescribed the same in certain forms of urleary complaints; also in cases of dobility in aged persons? So far, the Schnapps has been of much benefit to those using it. \* \* \* In conclusion, where a diutic and stimulant is required, I should use the Aromatic Schledam Schnapps. Thanking you tor your kindness, I am respectfully yours.

The subjoined letter from Dr. Palue, oi Manchester, N. H., relates to one of the most valuable medicinal proporties possessed by the Aromatic Schnapps, and shows that it acts ass specific in a very painful disease—the Gravel: "Mr. Wortz:—Permit me to address you a few lines, which you are at liberty to use if you think proper, in respect to your medicine, called Schledam Schnapps. The Footsteps of St. Paul' is the title of an able and instructive work, presenting a consecutive history of the life, labors and teachings of the great Apostle. It interwcaves in the narrative, all the direct disclosures of the Acts, the incident intimations of the Epistles, all the outside information extant, and many conjectural statements derived from a comparison of different parts of Scripture. But he has written it in an animated and graphic style, and imbued it with a line spirit. Seaves a strong impression on the reader's mind. It is copiously illustrated with maps and engravings, and is every way a scholarly performance.
